Her sire is the famous Altamont owned by Jay Beach, and her dam a Vermont mare sired by Penniger's Mike. Although troubled with the distemper to make her look bad on arrival, she is now gradually recovering, and begins to improve in appearance, showing strong and neatly formed limbs, with the prospects of making her mark as a flyer on the race course if well trained to such purpose.—"Yreka Journal."

One of our prominent preachers tells the following anecdote as a fact when ever he hears a story too incredible for belief: A very wicked man became converted, and in consequence of it became his time to pray in class meeting. Not being used to public speaking, of course, he was very much embarrassed. This is the substance of the prayer: O, God, thou Giver of all good things, look down with pity on poor people. You are rich and can spare them plenty to eat while on earth. Send every one of them a full barrel of flour, plenty of lard and a side of bacon, a ham or so and a pound of butter. Send each one of your starving, hungry creatures a barrel of sugar, a barrel of coffee, a barrel of salt, a barrel of pepper—oh, hell! that's too much pepper. Amen.

HOLLOWAY'S PILLS.—Never Despair. Something that never fails—Fever and Ague—To the sick it is of little consequence how they are cured, whether from a rational view of the disease or by the rules defined for the guidance of the profession, so long as the cure is certain and expeditious. To a suffering man the question on the relative merits of quinine or calomel is uninteresting. The faculty may wrangle and discuss their various theories, but Dr. Holloway's treatment dispels doubt ere the disciples of Esculapius have finished the first stage. Holloway's Pills are the only remedies which effect a speedy and radical cure without danger of a relapse. Read the advertisement elsewhere.

IMPORTANT CAUTION.—None are genuine unless the signature of J. HAYDOCK, surrounds each box of Pills and Ointment. Boxes at 25 cents, 62 cents and \$1 each.

There is considerable saving by taking the larger sizes.

RAILROAD NEWS.

The surveying parties in the field between here and Redding, have finished the several lines from the Strawberry Valley summit to Redding, with the exception of a little over two miles between Fish Rock and Sweetbrier on the Sacramento river. The gap will be completed about the 1st proximo, and then surveying parties will disband for the winter. The line has been permanently established from the summit to Redding, but on this side of the summit, all the surveys made are merely preliminary, so that it is not yet known what route may be taken in running through Shasta Valley to Klamath river. From the summit to Redding three lines have been run, known as the C. E. and H. lines. The E. line is the highest, and has undoubtedly been abandoned, while the H. line is also on a high elevation, to be used in places, with the C as the main route, and the lowest, being along the river, just above high water mark. From a point south of Strawberry, the C line makes a horseshoe bend, and crosses the Sacramento where the H line crosses. This C line is believed to be much the cheapest and best route, and the company's engineers have all the maps, field notes and calculation made. The grade ranges from 75 to 85 feet to the mile in most places, but reaches 116 in some localities, which is to be the highest limit, with curves no greater than ten degrees. The line below Strawberry Valley, will be a mass of curves, and will pass Soda Springs on the C line, directly through Uncle Dick's kitchen.

There will be but little work done on the road in the way of building, before Spring, and that little will be in starting the tunnel just this side of Pitt river, besides finishing up culvert work at many points above Redding, so that the graders can push the road along rapidly when commencing work. The railroad company will be fully prepared for lively work when the Spring season renders the ground in good order for working, as there will be an abundance of ties, rails, and all other material needed, in readiness at Redding, to be sent forward on the line of the extension northward.—"Yreka Journal."

RELIGIOUS.—R. C. Oglesby will preach at the Table Rock school-house to-night and also at 11 o'clock Sunday morning. In the evening he will preach here. A discourse will be given in the Methodist Church on Sunday at 11 o'clock a. m. by John Eeson, text. As a man sows so shall he also reap. At night he will give an answer to the question in the Book of Job: If a man die, shall he live again? Skeptics are specially invited to be present. On Monday night he will answer the question: Is whisky of use to the sick. Doctors and every body else are invited to be present at the hall of the Champions of Honor at 7:30 p. m.

Rev. E. J. Sharp preaches at Grant's Park next Sunday morning and at Rock Point in the evening. Elder M. Peterson holds services at Mount district school-house Sunday at the usual morning hour. Rev. M. A. Williams will be at Grants Pass Sunday morning, when he will preach the funeral of the late Mrs. Piatt. Regular services at the Catholic church Rev. F. X. Bianchet officiating. Elder J. A. Slover of this place will preach at the Antioch school house Saturday and Sunday morning at 11 o'clock. Rev. McGee of Waisburg, W. T. will preach at the Methodist church in this place on Sunday at eleven o'clock, a. m.

Quinine and Arsenic

From the basis of many of the Aque remedies in the market, and are the last resort of Physicians and people who know no better medicine to employ, for this distressing complaint. The effects of either of these drugs are destructive to the system, producing head ache, intestinal disorders, vertigo, dizziness, ringing in the ears, and depression of the constitutional health. AYER'S AGUE CURE is a vegetable discovery, containing neither quinine, arsenic, nor any deleterious ingredient, and is an infallible and rapid cure for every form of Fever and Ague. Its effects are permanent and certain, and no injury can result from its use. Besides being a positive cure for Fever and Ague in all its forms, it is also a superior remedy for Liver Complaints. It is an excellent tonic and preventive, as well as a cure, of all complaints peculiar to malarious, marshy and miasmatic districts. By direct action on the Liver and biliary apparatus, it stimulates the system to a vigorous, healthy condition.

FOR SALE BY ALL DEALERS.

YOUNG ODD FELLOWS.—The "New Age," organ of the Odd Fellows, has an article recommending the admission of young men to the lodges at the age of 18 years, and the argument is made that "18 years of age in 1882 is very different from 18 years of age in 1819." We may say also that 18 years of age in California is very different from 18 years of age in Maryland. The Californian at 18 years of age is a man in every sense of the word—as much a man as he will be at 21, save in experience. The three years between 18 and 21 are among the most important in a man's life. His character may be formed on good models, his instincts and tastes directed into proper and permanent channels in that time, or his character may be ruined. The "Old Fellows" lodge and its associations friendships would constitute a powerful influence for good on the young manhood of the 18 year old member; and such guidance, constraint and example are more wanted than in any other State in the Union. The press will generally endorse the suggestions of the "Age," and express a strong hope that they may be adopted.

A \$20,000 Bible Reward.

The publishers of "Rutledge Monthly" offer twelve valuable rewards in their "Monthly" for December, among which is the following: We will give \$20,000 in gold to the person telling us show many verses there are in the New Testament Scriptures (not the New Revision) by December 10th, 1882. Should two or more correct answers be received, the reward will be divided. The money will be forwarded to the winner December 15th, 1882. Persons trying for the reward must send 20 cents in silver (no postage stamps taken) with their answer, for which they will receive the Christmas "Monthly," in which the name and address of the winner of this reward and the correct answer will be published. This may be worth \$20,000 to you; cut it out. Address RUTLEDGE PUBLISHING COMPANY, Easton, Penna.

Who Is It?—From Pat McMahon mail carrier on the Crescent City route, we learn that a murder was committed in the latter place this week, the man killed being a former resident of Jacksonville county. The row occurred in a saloon and the weapon used was a heavy iron powder. Mr. McMahon does not learn the names of either of the parties.

I believe Cuticura would have saved her life. My arms, breast and head were covered for three years, which nothing relieved or cured until I used the Cuticura Remedies."
