School Adjourned.—The directors of this district done a wise thing this week by ordering school adjourned until January 2d on account of the prevalence of scarlet fever. Although the disease is not spreading any it is a wise precaution in preventing it doing so.

The Bitter Bitten.—Some wags at Linkville bought ten shares of stock in the Kenble Investment Co. of Chicago—a swindling concern—and in payment for the same forwarded a draft on the Bank of Waco, Oregon, and signed by J. Snipes. Kenble & Co. thought they had found a big sucker and placed the check in the hands of a Chicago bank for collection. From there it went to W. F. & Co. at San Francisco, who sent it to Ladd & Tilton, Portland, and now it is in the hands of C. C. Beckman of this place, but no collection has yet been made. The bank of Waco is well known in Lake county, on which Jack Snipes, a well-known pastor of the bank, makes numerous drafts and deposits, and the account should be settled.

Concert at Phoenix.—A concert will be given at Phoenix on Friday, Dec. 29th, for the purpose of raising money to get a library for the Phoenix Sunday school. It will be held in Culver's Hall. In pursuance of telegraph instruction, Constables Taylor and Walard arrested two deserters from G. Co. 1st Cav., at the Soda Springs Hotel last Friday. The two men, Jas. Mullin and J. B. Laning, left Fort Bidwell last week, each taking a horse, saddle bridle and complete cavalryman's outfit. They certainly did not evince great sagacity in following the telegraph line direct from Fort Bidwell to this place. A dozen different routes from Bidwell would have taken them in directions in which they would have escaped the possibility of telegraph interception.—"Tidings."

Robert A. Miller of Jacksonville, says the "Oregonian," is engaged in writing a book historical and descriptive of Southern Oregon. It will give descriptions of the beautiful natural scenery of that section and an account of the "flush times" of early days, Indian wars, etc. The opening chapters are highly spoken of.

Nothing will be left undone, as the whole management is in the hands of the members of the order, and no one doubts their making it a success. Read their advertisement.

Considerable complaint is being made of late at the way certain young hoodlums act on the outside of the churches while services are being held within. Unless a stop is put to this at once some of those engaged in it will find themselves in the lock up some Sunday night when the old man will have to come round to redeem them.

A large number of the white men employed on the extension of a railroad south of here have been discharged by the company, and would seem that the fears of the Oregon county people are well founded. It will be some time before the men return to Ashland unless the company propose to build it exclusively by Chinese labor.—"Independent"

Among the telegraph dispatches of the 18th inst. we find an item saying that a Miss Haley, aged about 18 years, had committed suicide at the College in San Jose by taking strychnine. Miss Leona Healey, daughter of John Healey, Superintendent of the Overland Stage Co., is a pupil at this school, but the fact that no intelligence of this fact has been received here by her relatives it is not likely to be the latter.

When an editor makes a mistake in his paper everyone who reads it calls him a liar. When a private citizen makes a mistake none know it except a few friends, and they come around and ask the editor not to publish it. When the citizen dies the editor is asked to write of all his good qualities and leave out the bad. When the editor dies the private citizen says: "Now that old liar will get what he deserves."

Did any scientific physician know the formula from which Ammen's Cough Syrup is prepared, he would not only recommend, but prescribe it to his patients troubled with a cough or cold, or any disease of the throat and lungs. Try it. It has no equal. For the benefit of those who would say, "Another humbug," a trial 15 cent size is prepared. Ask your druggist to get it for you. In bottles at 15 cents, 50 cts. and \$1.

Gen. Farnsworth, ex Congressman, thinks nothing worthy will be accomplished with the tariff revision; that Pendleton's civil service bill, or similar one will be passed; that in 1884 the Republicans will be divided in the convention and the result will be that third-rate man will be nominated. Blaine don't want the nomination, nor do any leaders except Logan. He is going to throw Grant overboard and cut out from all factions. Farnsworth is mostly in Washington now, although he calls Chicago his home.

HOLLOWAY'S PILLS—Never Despair Something that never fails—Fever and Ague—To the sick it is of little consequence how they are cured, whether from a rational view of the disease or by the rules defined for the cure is certain and expeditious. To a suffering man the question on the relative merits of quinine or calomel is uninteresting. The faculty may wrangle and discuss their various theories, but Dr. Holloway's treatment dispels doubt ere the disciples of Esculapius have finished the first stage. Holloway's Pills are the only remedies which effect a speedy and radical cure without danger of a relapse. Read the advertisement elsewhere.

IMPORTANT CAUTION.—None are genuine unless the signature of J. HOLLOWAY, surrounds each box of Pills and Ointment. Boxes at 25 cents, 62 cents and \$1 each.

There is considerable saving by taking the larger sizes. HOLLOWAY & Co., New York.

BEST BARGAINS OFFERED.—The largest arrivals of the season at the New York store which has this week received the most extensive and finest assortment of general merchandise ever offered in this market, consisting of dry and fancy goods, notions, clothing, and the best and latest patterns of boots and shoes, hats, caps, etc., and will be sold under the hammer. Call and see and you will find it to be so.

KLAMATH AGENCY.—There are numerous applicants for the position of Indian Agent at Klamath to fill agent Nickerson's place, whose term of office expires some time next month. We have heard of the following: Cap. O. C. Applegate of Klamath county; A. Mays (lawyer) \$100, for written opinion in the matter of the mandamus issued in the case of Kubli vs. Nurse, treasurer of Lake county. One of the Commissioners objected to his payment.

RACES.—Another race has been made up between Simpson's "Captain Jinks" and Hanley's "Billy," the race to come off at Cardwell's track on Christmas day. The distance is a quarter of a mile and the stakes are \$100 a side. An interesting race is expected, as the horses are said to be well matched.

LOST.—On the 1st of December on the road between here and Chavers bridge on Rogue River, one box containing three men's hats. The finder will confer a favor and be liberally rewarded by returning to this office.

U. S. District Attorney Watson has received a dispatch from Attorney General Brewster directing that the Griswold property at Salem be sold on Feb. 8, 1883. The circumstances connected with the suit brought against Griswold by B. F. Dowell on the part of the United States to recover money obtained from the government by fraudulent vouchers are familiar to all. The case has been in the U. S. courts for years and the sale has been postponed several times within the past year in order that a motion for the pardon of Griswold might be passed on. The order for sale may probably be considered as the conclusion of the matter. Mr. Dowell appears to be in luck at present in regard to law suits as Judge Sawyer has lately decided the suit brought by him against Jesse Applegate and family in his favor. It will be remembered by our readers that B. F. Dowell and Jesse Applegate were the sureties of S. E. May, once secretary of State. May was a defaulter and suit was brought against him and his sureties and judgment recovered. After Dowell and Applegate signed the bond of May, it was claimed that Mr. Applegate transferred all of his valuable lands to his children and Dowell had the whole of the debt, amounting to nearly \$14,000, to pay to the state. He recovered a judgment at law against Applegate for one half, and then no property could be found. Dowell next commenced suit in equity to set the deeds to Applegate's children aside on the ground that all of them were without consideration and were intended to defraud the state and Dowell out of the amount of May's default.—"Oregonian."

Quinine and Arsenic From the basis of many of the Ague remedies in the market, and are the last resort of Physicians and people who know no better medicine to employ, for this distressing complaint. The effects of either of these drugs are destructive to the system, producing head ache, intestinal disorders, vertigo, dizziness, ringing in the ears, and depression of the constitutional health. AYER'S AGUE CURE is a vegetable discovery, containing neither quinine, arsenic, nor any deleterious ingredient, and is an infallible and rapid cure for every form of Fever and Ague. Its effects are permanent and certain, and no injury can result from its use. Besides being a positive cure for Fever and Ague in all its forms, it is also a superior remedy for Liver Complaints. It is an excellent tonic and preventive, as well as a cure, of all complaints peculiar to malarious, marshy and miasmatic districts. By direct action on the Liver and biliary apparatus, it stimulates the system to a vigorous, healthy condition.

FOR SALE BY ALL DEALERS. THE SUNKY SOUTH—OF OREGON.—C. W. Burtage, who has just returned from a trip to Southern Oregon, reports that the late storm did not extend south of the Cascade mountains. During his three week's stay in that section, out door operations were not suspended an hour on account of rain. Mining operations are at a standstill for want of water and the miners pray for rain in vain, though they expect better luck "when do wind get right."

Farmers have taken advantage of the fine weather to seed a larger acreage than ever before in expectation that the railroad will reach them next summer. Hay in the Grave creek country is \$50 per ton, and owing to the forces employed in the railroad construction farmers are obtaining better prices for produce than ever before.—"Oregonian."

Mother Died of salt Rheum. J. W. Adams, Newark, Ohio, says: "Cuticura Remedies are the greatest medicines on earth. Had the worst case of Salt Rheum in this country. My mother had it twenty years, and in fact died from it. I believe Cuticura would have saved her life. My arms, breast and head were covered for three years, which nothing relieved or cured until I used the Cuticura Remedies."

ACARD To all who are suffering from the errors and indiscretions of youth, nervous weakness, early decay, loss of manhood, &c., I will send a receipt that will cure you, FREE OF CHARGE. This great remedy was discovered by a missionary in South America. Send a self addressed envelope to the Rev. JOSEPH T. EXMAN, Station D, New York City.
