

JACKSONVILLE

SATURDAY, JANUARY 13, 1883.

NOTICE

Land Office, Roseburg, Oreg. June 30, 1882. Notice is hereby given that I have designated the OREGON SENTINEL as the paper to which I shall hereafter publish all pre-emptions, homestead and applications for mining patents for lands lying near Jacksonville, Jackson county, Oregon.

FOR SALE.—Four thousand pounds of Liverpool salt—course and fine—at Nick Ficke's butcher shop.

SETTLE UP.—All those knowing themselves indebted to D. W. Crosby at the Red Front are requested to come forward and make settlements at once. Don't hesitate because the bill may be small.

WANTED.—Several hundred bushels of good grain of every description, for which cash will be paid. For further particulars enquire at distillery near town, or address me at Jacksonville.

BRIDGE CONTRACT.—Bids for building the new bridge across Dry creek were opened by the county court on Wednesday last when the contract was let to James McDougall, an experienced bridge builder. The following were the bids submitted: Jas. McDougall, \$3450; Jas. Wakefield, \$3840; John Hockenjos, \$3950.

INSTALLATION.—The following officers for Table Rock Encampment No. 10, I. O. O. F., were installed at the last regular meeting on Tuesday night by S. J. Day, D. D. G. P.; C. P. H. v. Helms; H. P. S. J. Day; S. W. Elder; Band; Scrib; John A. Bover; Treasurer, John Miller; J. W. Fred Lay; I. S. T. E. Kent; I. G. of T., A. D. Helman.

BEST BARGAINS OFFERED.—The largest arrivals of the season at the New York store which has this week received the most extensive and finest assortment of general merchandise ever offered in this market, consisting of dry and fancy goods, notions, clothing, and the best and latest patterns of boots and shoes, hats, caps, etc., which will be sold under the hammer. Call and see and you will find it to be so.

ANOTHER CHARGE.—Since having been arrested on the charge of horse stealing certain parties have conceived the idea that this man prisoner, calling himself John S. Smith, bore a striking resemblance to the G. W. Smith accused of the murder of Mrs. Petch in Yamhill county in August last. Since these suspicions were first aroused several telegrams have passed between the aforesaid parties and the Sheriff of Yamhill county, and appearances now indicate that he does not lack such of filling the bill. Further particulars are expected from below by mail and as Smith has been bound over on the charge of horse stealing, and is now confined in the county jail on that charge, there is no danger of his getting away.

BOUND OVER.—John Smith, the party mentioned last week as having been accused of stealing a horse from J. G. Briscoe of Salem Valley, was arrested at Fort Jones, Cal., by Deputy Sheriff Hendricks of Siskiyou county, who brought him to the State line where he was turned over to the tender mercies of Sheriff Jacobs of this county, and he is now a companion of Dodson in the county jail. His preliminary examination was held before Justice Huller on Wednesday last, when District Attorney Kent appeared for the State and James R. Neil for the defendant, when the prisoner was bound over till next term of court with bonds fixed at \$300. Not being able to furnish the security he will remain a boarder at the hotel de Jacobs until the next meeting of the grand jury.

NOT GUILTY.—The Chico "Record" of last week has the following: J. L. Wilder, the man arrested on Friday morning by officer Mansfield, who supposed him to be one G. W. Smith, wanted in Oregon on a charge of murder, was released from custody yesterday afternoon. Wilder in every way answered the description that was given of Smith, and for that reason he was locked up. Yesterday afternoon, W. A. Park, a substantial rancher near Nelson's Station, came to Chico and procured the prisoner's release, proving that he had always been a hard working blacksmith, a Mason in high standing, and above all, not the man he was supposed to be. Mr. Wilder has returned to his forge and anvil in the Rancho Chico shop, but feels a little anxious to meet "that fellow that looks like me." It was simply a case of mistaken identity.

RED MEN INSTALLATION.—Oregonian-Pacalontas Tribe No. 1, I. O. O. F., installed officers last Friday evening in the presence of the families of the members of the order and a few invited guests, District Deputy, T. T. McKenzie, officiating. After the ceremonies of the order the crowd was invited to the U. S. Hotel, where a supper was spread, after which all hands joined in a social dance at the Club Room. The occasion was a pleasant one throughout and thoroughly enjoyed by all present. The following is a list of the officers installed: Prophet, E. D. Foadray; Sachem, J. T. Rolston; Senior Sagamore, J. G. Birdsey; Junior Sagamore, S. C. Colm; Chief of Records, T. T. McKenzie; First Sannap, D. Cronmiller; Second Sannap, E. Jacobs; First Warrior, John Dyer; Second Warrior, B. Rostel; First Brave, Chas. Nickell; Second Brave, L. Solomon; Guard of the Wigwam, L. G. Hubert; Guard of the Forest, Adam Schuber.

In the name of suffering humanity, we request all physicians to try Ammen's Cough Syrup, they then will prescribe it for their patients who are troubled with coughs, colds and diseases for which it is recommended. Many doctors who are opposed to patent medicines prescribe this remedy; the druggist simply changes the contents into another bottle and the patient is none the wiser, while the physician gets credit for the cure, which always follows where a cure is possible. Ask your druggist to show you a large bottle.

Surveyor General Tolman, says the "Standard," will be ready in a few days to transmit to the general land office lists of the swamp lands in this state upon which proff has been rendered in the various local land districts, embracing in the aggregate about 30,000 acres. So soon as these lists are verified and approved by the commissioners of the general land office and returned, the agent of the general government and of the state will be ready to examine them. This service will probably require all of next year. After this the titles can be obtained.

A Knave in the White House. There was seen yesterday at Messrs. Knabe & Co's factory a magnificent concert grand, just finished by them for the Presidential mansion. President Arthur, who is a thorough connoisseur of music, in selecting a piano for the White House, decided in favor of the Knabe piano as his preference, and ordered, accordingly, the instrument referred to. It is a concert grand, of beautiful finish, in a richly carved rosewood case, and of superb tone and action—an instrument worthy in every respect of the places it is to occupy. It was shipped to its destination yesterday.—"Baltimore American."

HOLLOWAY'S PILLS—Never Despair! Something that never fails! Fever and Ague—To the sick it is of little consequence how long it is cured, whether from a rational view of the disease or by the cure ascribed for the guidance of the profession, so long as the cure is certain and expeditious. To a suffering man the question on the relative merits of quinine or calomel is uninteresting. The faculty may wrangle and discuss their various theories, but Dr. Holloway's treatment dispels doubt ere the disciples of Esculapius have finished the first stage. Holloway's Pills are the only remedies which effect a speedy and radical cure without danger of a relapse. Read the advertisement elsewhere.

IMPORTANT CAUTION.—None are genuine unless the signature of J. HAYDOCK, surrounds each box of Pills and Ointment. Boxes at 25 cents, 50 cents and \$1 each. There is considerable saving by taking the larger sizes. Holloway & Co., New York.

TERRIBLE ACCIDENT.—On Thursday afternoon, while Chas. Herzog, Sr., was engaged in killing and scalding hogs, his little son Alex, aged five years on Christmas, was near by, and feeling cold, stood close to a trough of hot water warming his hands, when he accidentally fell in head first. A boy named Gibbon, noticing the occurrence, seized the boy instantly, and pulled him out, but he was scalded fatally, and died yesterday morning about 8 o'clock. His left side as low as the hip, and also one side of the face was terribly scalded, the heat of the water striking his heart, and causing the greatest agony until death relieved him of his suffering. The community deeply sympathize with the afflicted parents in the sad loss, this being the second boy who has lost by unfortunate accidental death.—"Journal."

RELIGIOUS.—Rev. D. J. Sharp will preach at Ashland tomorrow both morning and evening... Rev. R. C. Ogleby commenced a protracted meeting at Antioch school-house yesterday. He will also hold a protracted meeting at Jerome prairie on the 20th and 21st and at the public hall on Williams creek on the 26th. He will be assisted by Rev. J. W. Craig of Arizona... Regular services at the Catholic church tomorrow—Rev. Father Blanchet officiating... Rev. M. A. Williams will hold services at the Presbyterian church in this place, both morning and evening... Elder M. Peterson preaches at Central Point Sunday morning and at Rock Point on the Sunday following... H. C. Fleming preaches at Eagle Point Sunday morning.

MAN LOST OR MURDERED.—A teamster by the name of Casberger who has been teaming for the railroad company at the front suddenly disappeared on the 18th ult. at Vale's camp on the grade just below the west fork of Cow creek, from which place he started with his two mules towards his own camp several miles distant from there, which, however, he never reached. His mules returned on Tuesday morning to Vale's camp without him. Since then nothing has been seen or heard of him. He was a steady and sober man and it is feared that he has been foully dealt with, robbed of his valuables and hid to prevent the discovery of the crime. His two teams are still at the front in the R. R. company's stables. We believed he formerly lived in or near Eugene City and if he has any relatives they ought to come and claim his property.—"Prairie Dealer."

A BAND OF OUTLAWS.—A rumor is current here, says the "Modoc Independent," to the effect that a band of desperadoes—five in number—have taken up quarters in the lava beds near Captain Jack's headquarters, and are making it lively for the stockmen in that section. Each of these outlaws is armed with a Winchester rifle and Colt's six shooter. They ride about among the stock, and if hungry they pick out a fat beef and kill it regardless of the ownership. They defy the authorities, and say that in their present position they can stand off a good portion of the U. S. Army.

TEAMS WANTED.—The following letter received by Reames Bros. has been given to us for publication and needs no further explanation: "Fifty or sixty four-horse teams could find steady employment here on the construction of the O. & C. R. R. at the following rates: For good two-horse teams and wagons \$4.75 per day; for four-horse teams and wagon \$7 per day. Oats or barley 2 cents per pound, hay 12 cents per pound, board \$4.50 per week. For further information enquire of R. Starr, Wagon Master, or J. B. Harris, Superintendent on the work."

RAILROAD PROGRESS.

From R. Koehler, manager of the Oregon & California railroad, an "Oregonian" reporter obtained the following news concerning the extension to California. Tunnel No. 2, 368 feet long, at the 52d mile, is finished and the track is laid to the west fork of Cow creek, a distance of 81 miles. Tunnel No. 3, 430 feet long, at the 64th mile will be finished in about five weeks. The three Howe truss bridges, one over the west fork and two over Cow creek, each 150 feet span, are done, and the company expect to open the road for traffic early in March to Willis' saw mill, 65 miles south of Roseburg, near the overland stage road. During the December rains, there were several land slides in the Cow creek canyon, but none serious.

In the long tunnel at the 67th mile, perforations at both ends, amounting to 800 feet in length had been made on New Year's day. Work at the south end was slow because the material was loose and the tunnel had to be timbered. Now solid rock has been reached, and with compressed air machinery at both ends, better progress will be made. At the Grave Creek tunnel, (86th mile) 880 feet has been perforated, and they are still in loose material, requiring timbering, but they expect to strike solid rock in a few days. Contracts for trestles, bridges and drains, between the two long tunnels, have been let to A. S. Miller & Son. The timber is already saved and framing has been commenced.

The long tunnels will probably be finished by the middle of July and this will be the end of the hard rail-roading until the foot of the Siskiyou is reached. Advance forces of graders will be in Rogue river valley early in the spring and the line will be finished and in operation to the southern end of the valley before the end of this year.

The Central Pacific people have as yet done nothing towards building their line north from Redding to connect with the Oregon extension beyond the survey. It is stated in general terms that work will commence next spring. An engineer of the company who came overland recently, informed Mr. Koehler that their most difficult work in Strawberry valley would not be so hard as the work now in progress in Cow creek canyon. The O. & C. company will build about 180 miles which will take them just beyond the Siskiyou, and the Central Pacific will meet them at this point.

Quinine and Arsenic. From the basis of many of the Ager remedies in the market, and are the best rest of physicians and people who know no better medicine to employ, for this distressing complaint. The effects of either of these drugs are destructive to the system, producing head ache, intestinal disorders, vertigo, dizziness, ringing in the ears, and depression of the constitutional health. AYER'S AGUE CURE is a vegetable discovery, containing neither quinine, arsenic, nor any deleterious ingredient, and is an infallible and rapid cure for every form of Fever and Ague. Its effects are permanent and certain, and no injury can result from its use. Besides being a positive cure for Fever and Ague in all its forms, it is also a superior remedy for Liver Complaints. It is an excellent tonic and preventative, as well as a cure, of all complaints peculiar to malarious, marshy and miasmatic districts. By direct action on the Liver and biliary apparatus, it stimulates the system to a vigorous, healthy condition.
