

NOTICE.

Land Office at Roseburg, Oreg., June 30, 1883. Notice is hereby given that all persons who have deeded the Oregon Sentinel as the paper in which I shall hereafter publish all pre-emptions, homestead and applications for mining patents for lands lying near Jacksonville, Jackson county, Oregon.

LOST.—On the streets of Jacksonville on Thursday last, a small pearl handled gold pencil. The finder will be liberally rewarded by returning to this office.

MORE RACING.—A match race for \$100 a side, distance 440 yards, has been arranged to come off at Phoenix on February 10th between "Hop-picker" and Hanley's "Billy." A lively race is promised.

OFFICERS ELECTED.—At the regular meeting of the Verein Elstracht held last Sunday the following officers were elected for the coming year: President, Adam Schmitt; Vice President, Robt. Wiseman; Secretary, Frank Kaschauer; Treasurer, Fred. Lay; Visiting Committee, August Bohn, Veit Schutz, John Herberger.

NEW STORE.—Mr. E. B. Hunsaker, recently from Spokane Falls, W. T., has opened a new grocery store in Reeser's building, with a complete stock of goods in his line, and asks for a fair share of public patronage. He also takes charge of B. F. Reeser's stove, tin and hardware business, and Mr. R. will confine himself to shop work.—"Tidings."

RACE AT PHOENIX.—The match race between "Capt. Jinks" and Dollar hide's Dick, for \$100 a side, will be run to day. Another match trotting race, 500 yards, 2 in 3, for \$50 a side, will take place at the same time, the whole to conclude with an amateur performance at Lavenburg's hall in the evening—come everybody. Quite a number from here will go to see them.

LUCKY.—Willie Horne, formerly of this county, but now a resident of Prescott, Arizona Territory, received the appointment of cadet at West Point from the Delegate from that Territory and will commence studies next June. Willie is remembered here as an honest and industrious young lad and all his old friends will be glad to hear of his good fortune.

SPEAKS FOR ITSELF.—The following is one of the numerous testimonials received by J. Callaghan from those who have used his liniment:

January 10, 1883. Mr. Callaghan—When my girl commenced taking your medicine the certipelas broke out all over her and she was very sick for several days but she is quite well now and is as fat as a buck. This was a bad case of LIVER STANDING. Yours truly, DR. MILLER.

THE NEW WAGON ROAD.—From Frank Gay, who spent several days in town this week we learn that work is still progressing on the C. C. W. R. and it will soon be ready for travel. Mr. Gay superintended the construction of the road for Winer & sons, and as their instructions were to make the best road possible, regardless of expense, he challenges any one to show a better mountain road than this on the coast. The cost of the road will be about \$20,000.

JACKSONVILLE POSTOFFICE.—Through the kindness of Wm. Jacobi Deputy Postmaster, we gain the following information in regard to that office: Domestic and foreign money orders issued by the Jacksonville office for the year 1882 amounted to \$3,575. The number of letters registered for the quarter ending January 1st, 1883, was 223. The business of the office is constantly increasing and its standing should be increased to a second-class post office at once.

STILL WORSE.—Since our report of last week two children of L. Leonard and wife, of Althouse, have died of scarlet fever, making four in all that have died within a short time of this disease. Another one of the children is down with the same complaint with but slight hopes of recovery at last accounts. Mr. Leonard returned from San Francisco in time to attend the funeral of the last two children that died. The family have the sympathies of the community in their sad affliction.

TO HOMESTEAD AND PREEMPTION SETTLERS.—All those who have settled on lands under the homestead and pre-emption laws who have resided thereon the full length of time required by law, should immediately make the necessary arrangements with the officers of the U. S. land office to prove up and secure their title, and get their patents, for nothing thereafter can deprive them of their lands, or trouble them in the peaceful possession of the same. In which they can never be secure until they have proved up on their claims.

ANSWERS TO THE DESCRIPTION.—A photograph of G. W. Smith, the alleged murderer of Mrs. Mary Petch in Yamhill county a short time since, was sent here this week by the Sheriff of that county and those who have seen the picture and the prisoner now confined in the county jail on a charge of horse stealing, all agree that this is the aforesaid G. W. Smith. In order to make matters doubly sure, however, a party from Yamhill is expected here soon to identify him, and if he proves to be the right man he will most likely be taken below to answer the charge of murder, and Jackson county will thereby be saved the expense of prosecuting him for horse stealing.

LOCAL ITEMS.

Try Callaghan's liniment. The game law went into effect yesterday.

The skating rink is again in running order.

John Foll, of Yreka, is here looking for a business location.

Thawing weather during the day time makes lots of mud.

Henry Klippel will return from Portland on to day's stage.

Settle with the printer if you expect favors in the world to come.

Rebekah masquerade ball on February 14th. Don't fail to attend.

Three Farms for sale. E.quire of T. G. Reames, Jacksonville, Oregon.

Ammen's Cough Syrup cures colds, coughs, bronchitis and consumption.

S. Aiken will arrive from the east in a few days and proposes locating.

For bargains in all kinds of goods give Max Muller at the Postoffice store a call.

Charley Winters has purchased the Linnville property in the lower end of town for \$300.

Circuit Court commences next Monday when the Colwell and Dodson trial will come off.

Albany has three of the largest flouring mills in the State, and another is soon to be erected.

A six year old son of Mrs. H. Mitchell of the Meadows died this week of putrid sore throat.

A three year old son of H. D. Harkness of Grave creek is down with a serious attack of scarlet fever.

K. Kubli has nearly recovered from his late spell of sickness and will be able to be around in a few days.

Prof. Kugler can hereafter be found at the U. S. Hotel, having changed his quarters to that place this week.

Recent improvements have made Plymouth's stable one of the best in the State and all charges are moderate.

Having quit stage driving Geo. A. King will soon commence an express business between here and the railroad.

Joseph Rapp again made ye hungry printer happy this week by the presentation of a lot of fine eating apples.

The Police Courts done a rushing business this week and the town treasury was considerably enriched thereby.

Gus. Martin and family, of Willows, Cal., are now residents of town, and Mr. M. thinks of going into business here.

A ladies gold pencil was lost on the streets yesterday afternoon. The finder will confer a favor by returning to this office.

Teamsters need not remain idle during the winter months as a good offer for their services is offered by the railroad company.

Last Thursday night was the coldest of the season, the thermometer reaching a point ten degrees lower than any time before this winter.

Ellis Beggs is driving stage for Geo. Chase temporarily while the latter has been assisting in taking stock at the store of Little & Chase.

Robert Smith has returned from Linkville for a short vacation. His school was closed on account of the prevalence of scarlet fever.

Henry Judge has been rushed so with orders for harness this week that he has been compelled to work after nights to supply the demand.

The amount of money for improvement of our rivers and harbors asked for by the bill introduced on Monday by Mr. George is \$1,401,000.

T. J. Kenney received lots of new goods this week and always keeps a first class stock of saddle goods from which customers can select from.

Went some of our delinquent subscribers send us some Spring poetry or a load of dry wood. We must have wood or Spring weather before long.

W. R. Wallace, the mining expert, has concluded to change his residence from Ashland to this place and has now succeeded in renting a house here.

Judge E. B. Watson will return to Salem next week to clear up all the cases on the docket of the Supreme Court before the beginning of the next term.

The "Northwest News" learns by private letter that ex-Senator John H. Mitchell will soon take the place of Secretary Teller in President Arthur's cabinet.

Twenty-eight years ago last Tuesday the State Capital of Oregon was located at Corvallis. It was relocated at Salem in December of the same year, 1855.

Klamath county indebtedness to Lake upon division of the latter, is \$2,850, of which a little over \$2,100 is State taxes. So says the Lakeview "Examiner."

Dave Hill, the well known Indian of the Klamath reservation, was married recently to Miss Alice Stokes. Dave is the man who was kidnapped in New York.

Jay Beach will return to Jackson county early next Spring where he will keep his fine stock next season. He has rented Cardwell's track for training purposes.

A law suit over water rights, between Silas Drayer and W. Prefontaine, brought a number of residents of Footh Creek to town this week whose depositions were taken by Justice Huffner. Besides the principals in the suit we noticed Fred Otten, W. A. Cook, J. R. Voss and several others.

The article on railroads on our outside we take from the holiday edition of the "Oregonian," the best issue of a newspaper ever published in Oregon. It is worth reading.

Desiring to quit the butcher business entirely Nick Fick wants a settlement with all those owing him. Parties from California are negotiating for the purchase of his shop.

Chas. Strang returned to his post of duty with the railroad engineers on the Northern Pacific on Tuesday last after having spent a short time here on a visit to friends and relatives.

If you want a sewing Machine call at E. C. Brooks' drug, watch, clock, and jewelry store. His machines are a little finer and his prices a little snuggler than any other bugger's.

That prince of a good fellows, J. I. Knight of Wilderville, will give a party at his house on February 22d and asks everybody to come and enjoy the merriment, which will do that attend.

Members of Ruth Rebekah Degree Lodge, I. O. O. F., should not fail to remember the installation at the next regular meeting of the lodge—next Monday night. Grand Master Boyer will officiate.

The contest for the position of storekeeper for the new distillery here has narrowed down to two applicants—T. T. McKenzie and Wm. M. Turner. We suppose the longest pole will knock the pertunians.

J. C. Overbeck will return from the north on to morrow's stage after an absence of a couple of years. He is now employed in the Umattila telegraph office and is only off on a furlough to visit relatives here.

Sam Downing whom all the old residents remember as the popular host of the Ashland house, is again among us. He has sold out at Fort Jones, Cal., and will go to the railroad front to look for a business site.

The name of the party dining at the railroad house in Roseburg last week was Charles Thomas. He was recently from Siskiyou Co., California. Whether he has relatives at that place or not it is to us unknown.

A new book is called "How to keep a Store." It is a work of several hundred pages, but life is too short to read it. The best way to keep a store is to advertise judiciously, and thus prevent it from falling into the hands of the Sheriff.

The Albany "Democrat" says in a certain will filed in the County Clerk's office of Linn county the testator gives to "W. H. What's his name \$25, (out of the \$100 he owes me) on account of his impudence to me and his lies to his mother."

A minister took for his text: "Man wants but little here below, nor wants that little long." He was reminded of the subject of his discourse after he had preached an hour or more by discovering that most of his congregation had gone home.

Chas. S. Moore of Lickville, the efficient head salesman for Reames & Martin at that place, spent several days in town this week returning on Wednesday. He promised to return here soon but we are not at liberty to tell what he is coming for.

Rev. A. Hardison, brother-in-law of Judge Day of this place, died at Junction City, Oregon, one day this week. Mr. Hardison was formerly stationed here in charge of the Southern Methodist Church, and leaves a family and many friends to mourn his loss.

Deputy Collector A. H. Morgan of Portland, was in town several days this week returning on Wednesday last. Mr. Morgan expressed himself well pleased with the appearance of our valley and the improvements noticeable since his last visit, a number of years since.

The Commissioner of the General Land Office has decided that ledges of rock salt found upon the public domain are subject to occupation and sale under the provisions of the Mining Act, and locations of ledges carry with them every incident of possessory title conferred by such Act.

The "Times" says it can turn out job work better and cheaper than any other office in Southern Oregon, where upon the editor of the "Tidings" says he lies. While this little difficulty is being settled by our brothers call at the SENTINEL office for your job work and we will guarantee satisfaction.

Ham at 28 cents a pound, and bacon 20 cents is pretty high, especially when it used to be as low as 14 to 13 cents for hams, and 10 to 12 cents for bacon about a year or so back. Hogs are worth 7 cents on foot, and beef is up to the same figure, which makes good times for stock raisers.—"Yreka Journal."

Some people think advertising is high in Oregon. Read what it costs in the East: Chicago "Tribune," for a column a year, obtains \$26,000. On the same basis the New York "Herald" receives for its lowest priced column \$39,724, and for its highest \$348,000; the New York "Tribune" for its lowest \$26,064, and for its highest \$85,648.

Over one-third of the children of the district are kept from school now on account of the prevalence of scarlet fever. Would it not be wise to close the school for a time and thereby prevent its spread as much as possible? The argument that the disease is in the atmosphere may be a good one but the crowding of a lot of children in a warm room, with some of those in attendance already afflicted in a tight form, surely does not improve matters much. Unless an abatement of the disease takes place soon we hope to hear of the closing of the school.

The work in the land office having accumulated during the past month, says the Roseburg "Platdealer," the register, Mr. W. F. Benjamin, has secured the services of Mr. Gifford Flint to "help him up" with the work. It will require several weeks and all will be up even again by the choosing of Mr. Flint for this work was a very wise selection.

A bill was introduced into the U. S. Senate and passed, which provides for the office of President in case of death, resignation, removal or incapacity to act. The line of succession is as follows:

- 1, President. 2, Vice President. 3, Sec. of State. 4, Sec. of Treas. 5, Sec. of War. 6, Attorney Gen'l. 7, P. M. General. 8, Sec. of Navy. 9, Sec. of Interior.

Secretary Teller has amended the placer mining claim circular of Sept. 22d that it provides that no application by an association of persons for a patent to a placer claim shall be allowed to embrace more than 160 acres, and not less than \$500 worth of work must be shown to have been expended thereon. If an individual becomes the purchaser and possessor of several separate claims of 20 acres each, he may include in his application for a patent any number of such claims contingent to each other, not exceeding 160 acres.

In the name of suffering humanity, we request all physicians to try Ammen's Cough Syrup, they then will prescribe it for their patients who are troubled with coughs, colds and diseases for which it is recommended. Many doctors who are opposed to patent medicines prescribe this remedy; the druggist simply changes the contents into another bottle and the patient is none the wiser, while the physician gets credit for the cure, which always follows where a cure is possible. Ask your druggist to show you a large bottle.

From C. W. Logan, who returned this week from the railroad, the "Edgings" learns that the track is nearly laid between tunnels No. 2 and No. 3. After tunnel 3 is completed (which will be within a few weeks) the track will be opened for travel all the way to the first crossing of Cow Creek, some 24 or 25 miles south of Riddle. There is some talk of the company making their mail terminal point. If they do so it will save the stage company some fifteen miles of distance over a very bad road through the canyon. The company has a large warehouse at Lewis station, with a canvas roof, which might easily be converted to this same point on Cow creek if it were desired to make that the freight terminus; but it is most likely that Riddle will remain the depot for Jackson county freight until Spring.

In a recent interview, Col. Fred Crocker, of the Central Pacific railroad, said in relation to the Oregon branch that operations at the Pass had been discontinued on account of heavy rains. A large force of men had been engaged during the past summer but on approach of winter it was deemed impracticable to keep them at work, owing to the severe snow which would nullify any attempt at progress. In the meantime a working force had been concentrated along the line of the road so that operations could be resumed early in the spring. A final survey had been submitted and approved, and a considerable amount of important work done. No attempt has been made, so far, at track laying, and work had been confined almost exclusively to reducing grades and laying foundations for bridges. The masonry at the proposed bridge sites was completed to some considerable distance from Redding. Owing to unavoidable delays he did not think the road would be completed before two years.

The citizens of Yreka are taking preliminary steps in the matter of securing a steamer to take the place of their present hand engines. They agreed to subscribe \$200 towards the purchase of a small steamer, and think they may get sufficient aid from the insurance companies, citizens, and a disposal of the hand engine, to secure the necessary funds for the purpose. They think with a steamer no heavier than a common hand engine, mounted upon high wheels, that it can be easily hauled by hand rope to the fire, and with suction hose always attached, the only work will be to stretch the leading hose for a couple of streams, and thus get an abundance of water on the burning building in a quick order. With a steamer for No. 1, aided by the hand engine of No. 2, and the hook and ladder company, Yreka would thus be provided with the best fire department of any town of its size in this section.—"Yreka Journal."

The "Journal" is mistaken if the matter of expense of the fire department is taken into consideration as ours costs nothing at all. Quite a sum has been gathered together from different sources into what is known as the fire fund, but just how much fire that fund would be able to extinguish remains to be seen. Our business men should act in this matter in time and there is enough on hand to make a start.

THE DISTILLERY.—This institution, under the management of N. K. Lytle & Co., is now ready for active work, but owing to some defects in its arrangements, as required by the U. S. revenue laws, operation cannot be commenced for a month or more yet, until certain papers reach Washington and return. A. H. Morgan, Deputy U. S. Revenue Collector, made a survey of the premises this week and when his report is made and accepted and the necessary government officials are appointed the work will begin. If whisky must be drunk it is well that the profit of its manufacture should be kept in our midst, and there is no doubt of this distillery doing well.

(culls won't do) shove down the thin end until a convenient handle is formed. Then take your offending daughter, place her gently but firmly on your knee just as you used to when she was a child and cried with the colic. Scream up your nerves to the highest pitch and then—make several rapid and vigorous applications of the shingle where it will make the loudest noise and do the most good. Put the patient to bed face down and next morning place her breakfast on the mantle. Apply this remedy as often as the occasion may require, being careful each time to double the dose. If it don't cure you have lost nothing and had the satisfaction of having done your best. Anybody is at liberty to use the above recipe without charge. It is equally applicable to both sexes.

BLACK BART AGAIN AT LARGE.—Myers alias "Black Bart" skipped out from the pest house yesterday afternoon. He went out of the cabin for some purpose, and not returning in a few minutes, Ball, the Deputy Sheriff, went out to look for him, but the bird had flown. He took a hatchet with him to defend himself in case any one attempted to arrest him. He is supposed to have gone toward Shasta county. Ball and Jo Roberts were still at the pest house at last accounts. Wells Fargo & Co., had better look out for their treasure boxes, and Uncle Sam would do well to keep a weather eye out for the U. S. mail bags. Jo Roberts will not attempt to leave, as he offered to make himself useful nursing the sick when they were sent from the jail to the pest house. Wouldn't it be a good plan to send a Ball to hunt for the escaped prisoner, and let Jo Roberts nurse and guard the two men afflicted with the small pox.—"Red Bluff People's Cause."

RELIGIOUS ITEMS.—Rev. M. A. Williams preaches at Eagle Point Sunday morning at the usual hour. . . . Elder M. Peterson will hold services at Rock Point on Sunday, at 11 o'clock A. M. . . . H. C. Fleming will preach at Mount district school house next Sunday morning. . . . Rev. R. C. Ogleby, assisted by Rev. J. W. Craig of Arizona, will commence a protracted meeting at Jerome Prairie, Josephine county, to day, and at Williams creek next Friday. . . . Rev. B. J. Sharp will hold services at the M. E. Church in this place Sunday morning and evening. . . . Services will be held at the Manzanita church on the fourth Sunday in January, at 11 o'clock A. M., by Rev. J. A. Slover. On the Saturday before, at one o'clock P. M., there will be a business meeting.

A KEY TO THE METRIC SYSTEM.—It may not be generally known that we have in the nickel five cent piece of our coinage, a key to the tables of linear measure and of weights. The diameter of this coin is two centimeters, and weight is five grammes. Five of them placed in a row will, of course, give the length of the decimeter; and two of them will weigh a decigramme. As the Kiloliter is a cubic meter, the key to the measure of length is also the key to the measure of capacity. Any person, therefore, who is fortunate enough to own a five cent nickel, may carry in his pocket the entire metric system of weights and measures.

OFFICERS INSTALLED.—The following is a list of the officers installed last week for Kerbyville Lodge No. 55, I. O. O. F., by A. D. Helman, D. D. G. M.:

- N. G. Dalzel, Feater; V. G. James Hughes; R. S. Chas. Hughes; Treas. Geo. Grotz; W. F. Dessinger; I. G. M. Baughman; C. Dan Hunt; R. S. N. G. M. Ryder; L. S. N. G. F. M. Nickerson; R. S. V. G. Thos. Floyd; L. S. V. G. Peter Biser; R. S. S. A. Anderson; L. S. S. Christopher Krautz.

MINING NEWS.—The following mining claims were recorded by our county clerk this week: A placer mining claim by O. J. and H. Howe, of 60 acres; one by Miriam Tuller, of 20 acres; one by John Scott, of 20 acres; also a quartz mining claim, 1,500 feet known as the "Emma Lode." All located in Cow Creek Mining District, Douglas county. We trust that the locators may be successful beyond their most sanguine expectations in their mining operations.—"Platdealer."

BEST BARGAINS OFFERED.—The largest arrivals of the season at the New York store which has this week received the most extensive and finest assortment of general merchandise ever offered in this market, consisting of dry and fancy goods, notions, clothing, and the best and latest patterns of boots and shoes, hats, caps, etc., which will be sold under the hammer. Call and see and you will find it to be so.

WANTED.—Several hundred bushels of good grain of every description, for which cash will be paid. For further particulars inquire at distillery near town or address me at Jacksonville. N. K. LYTLE.

FOR SALE.—Four thousand pounds of Liverpool salt—course and fine—at Nick Fick's butcher shop.

TOWN TRUSTEES.—The following are the proceedings of the regular meeting of the Board of Trustees held at the city hall last Tuesday evening. All the members present except councilman Kubli. The quarterly report of the city sexton—R. S. Dunlap—was read and approved. The Recorder was instructed to prepare the annual financial exhibit for the past year and post the same. The bill of K. Kubli for sundries furnished the town, amounting to \$25 was reported on favorably by the finance committee and the bill ordered paid.

The following bills were referred to the finance committee: Reames Hous, \$7.88; R. S. Dunlap, building 300 feet cemetery fence, \$32; Fred. Grob, feeding prisoners, \$1 25; D. Linn, lamp posts, etc., \$9 75.

Petition of Wm. Moore and others, asking that Fourth street be declared open to southern boundary line, was granted, and Recorder was ordered to notify the street commissioner to open the same.

Petition of Caton & Garrett for liquor license was referred back for correction.

Remonstrance of Mrs. Murphy and others against the proposed opening of Fourth street was unfavorably acted upon.

The fire engine committee was ordered to collect interest on promissory note given by McKenzie & Foudray and others on account of fire engine fund.

Quinine and Arsenic

From the basis of many of the Ague remedies in the market, and are the last resort of Physicians and people who know no better medicine to employ, for this distressing complaint. The effects of either of these drugs are destructive to the system, producing head ache, intestinal disorders, vertigo, dizziness, ringing in the ears, and depression of the constitutional health. AYER'S AGUE CURE is a vegetable discovery, containing neither quinine, arsenic, nor any deleterious ingredient, and is an infallible and rapid cure for every form of Fever and Ague. Its effects are permanent and certain, and no injury can result from its use. Besides being a positive cure for Fever and Ague in all its forms, it is also a superior remedy for Liver Complaints. It is an excellent tonic and preventive, as well as cure, of all complaints peculiar to malarious, marshy and miasmatic districts. By direct action on the Liver and biliary apparatus, it stimulates the system to a vigorous, healthy condition.

FOR SALE BY ALL DEALERS.

HOLLOWAY'S PILLS.—Never Despair. Something that never fails—Fever and Ague—To the sick it is of little consequence how they are cured, whether from a rational view of the disease or by the rules defined for the guidance of the profession, so long as the cure is certain and expeditious. To a suffering man the question on the relative merits of quinine or calomel is uninteresting. The faculty may wrangle and discuss their various theories, but Dr. Holloway's treatment dispels doubt ere the disciples of Esculapius have finished the first stage. Holloway's Pills are the only remedies which effect a speedy and radical cure without danger of a relapse. Read the advertisement elsewhere.

IMPORTANT CAUTION.—None are genuine unless the signature of J. HAYDOCK, surrounds each box of Pills and Ointment. Boxes at 25 cents, 62 cents and \$1 each.

There is considerable saving by taking the larger sizes.

HOLLOWAY & Co., New York.

Mother Med of Salt Rheum. J. W. Adams, Newark, Ohio, says: "Cuticura Remedies are the greatest medicine on earth. Had the worst case Salt Rheum in this country. My mother had it twenty years, and in fact died from it. I believe Cuticura would have saved her life. My arms, breast and head were covered for three years, which nothing relieved or cured until I used the Cuticura Remedies."

A CARD

To all who are suffering from the errors and indiscretions of youth, nervous weakness, early decay, loss of manhood, etc., I will send a recipe that will cure you, FREE OF CHARGE. This great remedy was discovered by a missionary in South America. Send a self addressed envelope to the Rev. JOSEPH T. ISMAEL, Station D, New York City.

SETTLE UP.—All those knowing themselves indebted to D. W. Crosby at the Red Front are requested to come forward and make settlements at once. Don't hesitate because the bill may be small.

BORN.

NUTLEY.—At Fort Klamath, Dec. 30, 1882, to the wife of Rev. Geo. Nutley, a son.

SPENCER.—Near Ashland, Jan. 16, 1883, to the wife of Adin Spencer, a son.

DIED.

REED.—On Jackson creek, January 15th, Sarah, youngest daughter of C. D. and Christina Reed; aged 3 years, 7 months and 5 days.

HUNT.—At Waldo, Jan. 8th, of consumption, Mrs. Alida Hunt, wife of J. W. Hunt, of Smith river; aged twenty-four years.

Come and See Me.

All those indebted to me in any manner are hereby notified that I intend retiring from business soon and therefore request an immediate settlement. Those interested will take notice that I mean business. P. N. FICKE. City Market, Jacksonville, Jan. 20, 1883.

YOU CAN FIND THEM

—AT—

E. C. BROOKS'

New Drug Store,

Jacksonville, Or.

Clocks.

A fine assortment of 8-day clocks, with and without alarm.
