

OREGON SENTINEL.

JACKSONVILLE

SATURDAY, MARCH 17, 1883.

NOTICE.

Land Office at Roseburg, Ore.,
June 30, 1880.

To all whom it may concern:
Notice is hereby given that I have designated the OREGON SENTINEL as the paper in which I shall hereafter publish all pre-emptions, homestead and applications for mining patents for lands lying near Jacksonville, Jackson county, Oregon.
W. F. BENJAMIN, Register.

SCHOOL WANTED.—M. Yoder, recently from New Tacoma, W. T., desires to secure a school in some portion of this county. He has had twelve years experience as a teacher. Districts not yet supplied can address him at the U. S. Hotel, Jacksonville.

BOUND OVER.—John Justus was arraigned before Justice Huffer on Saturday last to answer the charge of murdering his father when he waived an examination and was bound over and committed to jail without bail. His case will come up at the regular term next June.

CONTRACT SUB-LET.—Pat McMahon returned from Crescent City last Thursday evening. While absent he sub let the other end of his mail route, from Waldo to Crescent City, to W. H. Otto, Sheriff of Del Norte county, paying \$2,200 per year for the service. Mr. Otto commences service on the 1st of April and will carry the mail on horseback via the trail for a time yet.

FINE HORSES.—Of course you can not help noticing the mammoth advertisement that Jay Beach publishes in this issue, and if you see his fine stock you cannot help noticing them either. This is the finest blooded stock ever brought to the county and our farmers and stock-raisers will act wisely in giving him sufficient encouragement to remain with us permanently. Call at the Cardwell ranch near town and take a look at his stock.

"JUDGE DUNSON'S SECRET."—This is the title of a new serial story of Oregon life, by Mrs. A. S. Dunway, which was commenced in the "New Northwest" of March 15th, and promises to be of great interest. That journal will also give special attention to the coming Woman Suffrage campaign. Terms, \$3 00 per year; 6 months, \$1 50. Trial subscription, 3 months, 50 cents. Send stamp for sample copy. Address Dunway Publishing Co., Portland, Or.

RELIGIOUS ITEMS.—Rev. B. J. Sharp will preach in this place Sunday morning and evening. Elder M. Peterson preaches at the Rock Point school-house next Sunday at the usual morning hour. H. C. Fleming holds services at Mount district school-house Sunday morning. Lenten services at the Catholic church in this place next Sunday by Rev. F. X. Blanchet. Rev. M. A. Williams will hold services at Eagle Point Sunday morning at 11 o'clock. Rev. R. C. Oglesby preaches at Brownboro Sunday morning and at Eagle Point at 4 o'clock P. M.

C. C. W. R.—Pat McMahon, who has just returned from a trip to Crescent City, informs us that the new route is the finest mountain wagon road he has ever seen. After the first of April L. Umphlet of Smith River Corners, will put on a weekly line of stages between Waldo and Crescent City, when parties leaving here on each Monday morning will make through connections. The steamer Hume, will leave Smith River for San Francisco every ten days, and with the Hobbs, Wall & Co's, steamer connections will be made every five days. The fare will be \$22—\$6 from here to Waldo, \$6 from Waldo to Crescent City and \$10 on the steamer to San Francisco, making it the cheapest route to the Bay city.

HIGH LICENSE.—A petition was circulated around town this week, receiving the signatures of a majority of the voters of this town, asking the Board of Trustees to raise the liquor license from \$100 to \$250 per annum. The petition will be presented to the Board this evening, and, as a majority of the taxpayers ask for such legislation there is no doubt but that an ordinance will be passed to that effect. As the extra revenue derived from this source is to be used in paying the night watch we consider the move a good one as that official will then be free and independent and need show no favors to any one because they pay more than some one else. The matter will come up before the Board for action to-night.

AN INSTANTANEOUS LIGHT.—Such a word is the unique apparatus on exhibition at the rooms of the Portable Electric Light Company, 22 Water Street. It occupies the space of only five square inches and weighs but five pounds, and can be carried with ease. The light, or more properly lighter, requires no extra power, wires or connection, and is so constructed that any part can be replaced at small cost. The chemicals are placed in a glass retort; a carbon and zinc apparatus, with a spiral platinum attachment, is then adjusted so as to form a battery, and the light is ready. The pressure on a little knob produces an electric current by which the spiral platinum is heated to incandescence. The Portable Electric Light Company was recently incorporated with a capital of \$100,000, under the laws of Massachusetts. Some of the prominent business men of the state are identified with this enterprise. In addition to its use as a lighter, the apparatus can also be used in connection with a burglar alarm and a galvanic battery.—"Boston Transcript."

The entertainment given by Prof. Tobias, assisted by our local talent, was going on last evening when we went to see and for that reason we cannot give a report before next week. It proved a success, no doubt.

Two more cases of scarlet fever are reported in town, one being our youngest, and the other is a six year old daughter of Mr. Higginbotham. Both cases are nearly out of danger and its further spread is hardly looked for.

Dr. T. R. Young of Central Point made us a pleasant visit this week. He says there has been considerable sickness in that section for a time past but no fatal cases are reported and the general health of that community is good at present.

Evans Reames and family and Miss Aba Ross arrived from Linkville last Thursday. Mrs. Reames' health has not been good since her residence in Klamath county and she will go to Portland in a few days to seek medical aid.

Carlos Gallard came down from his mountain ranch in the Butte creek country this week. He says that a number of the stock men in that section have sold most of their cattle—two year-olds, bringing as high as \$20 per head.

Those who enjoy horse-racing should go to Phoenix to-day and see the match race between the Sly and Payne mares. The distance to be run is one-quarter mile and the stakes \$250 side. Some other races are expected to come off at the same time and place.

Two attorneys of this place carried their argument so far in Justice Huffer's court, this week, that it was the next thing looked for, but oil—St. Jacob's oil—was poured on the troubled waters and everything passed on smoothly from that time on.

J. S. Howard and son, assisted by architect Payne, surveyed the location for the new Court House this week and the work of excavating for the foundation was commenced yesterday morning. From now on the work will be pushed along as fast as possible.

J. M. Smith, merchant at Wilder, came over this week to purchase additions to his stock of goods. He reports times fair in that section, but, like here, the mining population have not been able to do much work this season on account of the scarcity of water.

The fine weather of the last few weeks has been a blessing to one man at least as our friend Dunlap has thereby been enabled to fill his rock contract for the Court House at good advantage. Two teams hauling six loads per day are employed and over one half the rock is now on the ground.

The distillery will be in working order in about one week from this date. Geo. Spooner has sold some of his interest in this institution to Mr. Bailey, who is a practical distiller, just from Virginia, and together with Mr. Lytle they will no doubt turn out a good quality of liquor and make the business a success generally.

The new Board of Trustees met at the Town Hall last Monday evening, took the oath of office and elected D. Linn President for the ensuing year. The Recorder, Marshal and Treasurer filed their official bonds which were accepted and approved by the Board. The Board then adjourned until this evening at half past seven o'clock.

The town of Waldo, in Josephine county, came near being destroyed by fire on the afternoon of the 11th inst. The fire started in a China house back of Wimer's store, from some cause unknown, and the building and its contents were totally destroyed. The fire was luckily confined to the one building and the principal loss is a China man who packs from Crescent City to Waldo.

Sheriff Fordon of Douglas county is expected back from Ashland this morning having in charge Wm. Dye, the young man accused of stealing a horse at Roseburg a short time since. The prisoner was captured in Warner valley by Sheriff Hanks of Lake county, and that officer brought him to Ashland where he was turned over to Mr. Fordon. The stolen horse was also recovered and Billy's chances for a term in the Oregon penitentiary are more than fair.

The Board of Trustees meet again this evening when the petition for raising liquor licenses to \$250 per annum will be considered. A Street Commissioner will also be appointed at this meeting, for which office several parties have announced themselves as candidates.

K. Kubli and J. H. Huffer started for Portland on the stage going north on Wednesday last. The former will extend his trip to San Francisco and purchase a large stock of hardware, agricultural implements, etc., while Mr. Huffer will remain in Portland for a short time in business connected with a private enterprise that he has on hand.

B. F. Dowell received telegraphic information yesterday that W. C. Griswold had redeemed the Salem property recently sold at Master's sale to satisfy a judgment held by the United States and B. F. Dowell, and that the money for the same had been paid over to D. P. Thompson. Instead of having the property on his hands Mr. Dowell will now receive money for his part of the judgment.

A prisoner named Anderson, charged with stealing a pair of horses, ran out of the Douglas county jail and tried to make his escape one day this week while the jailer was cleaning his cell, but an alarm being given Sheriff Fordon took after him and after repeated commands to stop the Sheriff was compelled to shoot striking the prisoner in the back. The latter was just nearing a brush thicket when the shot was fired and would probably have made his escape. His injuries are not serious.

The Red Bluff "People's Cause" says: While in conversation a few days since with Gen. Caldwell we learned some important facts connected with the building of the Oregon Division of the Central Pacific Railroad from Reliance to the northern boundary of the State. The company is massing men, animals, tools, machinery, etc., on the line of the extension as rapidly as it is possible at this time. A few days since a number of the officers of the company went up and took a bird's eye view of the route and found everything in splendid shape ready for active operation as soon as a force of men can be put to work. As soon as the company completes its work on the Southern Pacific the whole force will be put to work on the Oregon Extension. This will be about the middle of April. The General says it is the intention of the company to complete the work this year if possible; if men and money, drive and push will accomplish the undertaking it will be done. Villard no doubt intends to try to reach Southern Oregon boundary at the earliest possible day and the Central Pacific people are determined to meet him there.
