

NOTICE.

Land Office at Roseburg, Ore. June 20, 1888. Notice is hereby given that I have designated the OREGON SENTINEL as the paper in which I shall hereafter publish all pre-emptions, homestead and applications for mining patents for lands lying near Jacksonville, Jackson county, Oregon.

NOTICE.—The largest assortment of fashionable ladies fine millinery goods, silks, satins &c., ever brought to Jacksonville is now displayed at J. S. Howards.

NOTICE.—A meeting of the stock holders of the Grave creek ditch and mining company will be held on the third Wednesday in May, at Jacksonville. A full attendance is respectfully requested. E. F. WALKER, Pres. of Board of Directors.

CHAMPIONS PICNIC.—On the 18th of Mr. J. H. Champion of Jacksonville will give a picnic at the grove near Eagle Point. Everybody is invited to attend and bring their basket well filled to help furnish the feast. Speeches, songs and all the etoeteras of an old fashioned, go-as-you-please picnic, will be the order of the day and at night a dramatic entertainment will be given at Pool's Hall. The whole performance to close with a dance.

FIRE COMPANY.—A meeting was held at the town hall last Monday evening, for the purpose of organizing a fire company. General T. G. Reames presided and thirty-three names were enrolled for membership in the company. T. G. Reames, D. W. Crosby, C. E. Hanna, and Charles Prim were appointed a committee to draft a constitution and by-laws for the government of the organization. The meeting adjourned to next Monday evening, when the above committee will render their report.

TEAMS FOR THE RAILROAD.—Teams are now in good demand at the Railroad front. The company want all the teams they can get on the work at Wolf Creek. Good wages will be paid and horse feed and harness furnished at reasonable rates. Here is a chance for teamsters and farmers to secure steady and remunerative employment and no trouble to collect the wages. Teams going down can make it profitable by loading with hay and grain as these are in good demand. F. E. HABERSHAM.

THE RED MEN'S BALL.—The Red Men's ball at Hol's Hall last evening was well attended by members of the order and their friends. At nine o'clock the fun began and lasted until broad day light in the morning. A. E. Megaly with his usual good luck waded off with the grand prize but could not be prevailed upon to make a speech of thanks. The music was good and everybody danced as though they could not help it if they would and wouldn't if they could. Ninety numbers were sold. After paying all expenses the Red Men will realize fifty or sixty dollars out of the entertainment.

THE ST. MARY'S SOIREE.—The musical entertainment given at Hol's Hall by the pupils of St. Mary's Academy was attended by a large and appreciative audience. The programme embraced a large and varied selection of musical gems which were rendered in a manner much to the credit of the pupils as well as of the Academy. It is impossible for us to favor our readers with a critical review of the performance, but we cannot forbear to notice especially the acting and singing of little Amelia Otten. This little miss of only 6 years was perfectly at home on the stage, and sang with a sweetness and earnestness well worthy the imitation of much older vocalists. She was undoubtedly the star of evening and well deserved all the praise she received. The supper was all that could be expected, lacking nothing to make it a complete success—and the Sisters of St. Mary's rendered full value for every dollar they received.

BASE BALL.—The base ball game between the Ashland and Jacksonville zines was called promptly at 2 o'clock yesterday. A large crowd, a goodly number of which was ladies, was present to witness the sport. The boys were all in good trim, everybody in fine spirits, and all evidently determined on enjoying the fun as much as possible. The Jacksonville boys went to the field first but the Ashland nine soon surrendered the bats to their opponents. For nearly two hours and a half the contest was kept up until at the end of the ninth inning the score stood: Jacksonville 37, Ashland 19. The game was well played throughout and the best of feeling prevailed on both sides. Our boys were of course much elated over their victory as they have generally suffered defeat at the hands of the Ashland club. We were pleased to notice the absence of all joll talking or contentions on the field, such as has too often interrupted former games. The uniform courtesy of the Ashland boys and the good will with which they accepted the defeat was commendable. Charles Prim umpired the game and his decision gave excellent satisfaction throughout. Jas. R. Little and J. C. Eubanks were the scorers. The playing was generally good but the short-stop and right-fielding of the Jacksonville club was especially well done. The Ashland club suffered two whitewashes but they returned the compliment to their opponents on the last inning. Altogether the game was a complete success and another such would do no harm.

Both Wisconsin and Michigan have recently enacted laws permitting the probating of wills during the life time of the testator. Many expensive and aggravating law suits might be avoided by pursuing such a course, and there is no reason why a will should not be probate as soon as it is made without waiting for the death of the maker.

A. USTICK, Agt. for Southern Oregon.

Our Police court has been unusually busy the past week. Seven cases were called in that court, and in each the defendant was invited to part with a sufficient amount of his surplus shakels to strike a balance on the Recorder's books. Several of the prisoners, not possessing the requisite quantity of coin, were returned to the somber shades of the city jail, and left to reflect upon the ups and downs of the law was sufficiently vindicated.

The people of Josephine county, and especially the residents of Kerbyville, have suffered a great loss by the death of George Grots. At the time of his death Mr. Grots was treasurer of Josephine county. In his life he was eminent for his kindly nature, his enterprising spirit, and his good will and charity toward all men; and in his death he is deeply and sincerely mourned by the community of which he was so long an honored member, and by many friends throughout the state. The funeral took place yesterday.

The trial before the Recorder, of a sixteen year old boy for stoning a chinaman last Sunday, was something out of the usual routine of our police court proceedings. The evidence developed the fact that seven young boys from twelve to sixteen years of age, are fast drifting into confirmed hoodlumism. Now boys, we are not going to give your names this time, but we are going to give you fair warning that this is the last time we mean to spare you. If you are ever again guilty of such conduct as that of last Sunday, we will publish your names. There is no excuse for such conduct and you who escaped a fine this time, are very little better, so far as this case is concerned, than the boy who was fined. It is only a short time, unless you mend your ways, until you will be brought into a higher court than the Recorder's, and for some greater crime than stoning a chinaman. Brace up boys, quit your bad habits, and make honorable respectable men of yourselves and don't disgrace yourselves and your parents by becoming chronic hoodlums and perhaps criminals.

If you have anything to sell advertise in the SENTINEL.

MURDER AND ARSON.

Through the kindness of Prosecutor Kent we learn the particulars of a most aggravated case of murder and arson which occurred at Grave Creek on the 3d instant. Mr. Wm. Nagel a quiet and well respected old bachelor has for many years, kept a small store on the stage road at Grave Creek. He lived all alone in the same building in which he kept the store. Some one passing his place on the morning of May 4th, discovered that his house had been burned, and upon further investigation a part of his remains were found among the ashes. Fool play was at once suspected and a diligent search for traces of the guilty party at once began. The tracks of a man were found near the house, which being followed led off up the hillside to the south, but were finally lost in the woods. A bloody handkerchief, a pair of new overalls, and a pair of gum boots the legs of which were filled with sugar and coffee, were found along the course of the foot prints. These had evidently been dropped by the murderer in his flight. No clue so far has been obtained as to the perpetrator of this heartless and mercenary murder. The citizens are searching the mountains in all directions and no effort is being spared to find the murderer. Five hundred dollars has been subscribed by the citizens of Grave Creek and other acquaintances of the deceased, which will be paid for the arrest of the person or persons guilty of this crime. Robbery was undoubtedly the object of the murder as the quiet and kindly disposition of poor old Uncle Billy could never have made an enemy so bloodthirsty as to do this deed. It is impossible to ascertain how much money the criminal carried off. It is to be hoped that this matter will not be allowed to die out until the heavy hand of the law is laid upon the villain guilty of this crime.

CITY COUNCIL.—The City Council met Thursday evening and after granting liquor license to Fred Grob for six months and beer license to Veit Schutz and Mrs. Wetterer respectively for the same length of time, adjourned until Saturday evening.

Saturday evening C. W. Savage presented his resignation as street commissioner which was laid over until the next meeting.

Permission was granted to A. S. Johnson and Robert Kahler to lay water pipe along certain streets and sidewalks within the corporation.

An application from Judge Day for the purchase of certain lots belonging to the town, was referred to a special committee of three with instructions to report at the next meeting of the Board.

Bill of J. Nunan for \$8.50 Recorder's fees was allowed and ordered paid, as was also one in favor of Charles Schultz for \$1.00 expense of moving lamp post.

Ordinance No. 78 providing for the working upon the public street, of persons convicted in the Recorder's court, was passed.

The following bills were presented and referred to the finance committee: S. Cohn for lamp chimneys, \$4.50; F. Grob for feeding prisoners, \$3.25; Charles Schultz fees in criminal cases \$6.00

Ordinance No. 79 amending the auctioneers license ordinance, so that license may be issued for three months upon payment of five dollars, was introduced and read the first time.

By a unanimous vote of the Board the President was instructed and empowered to purchase a fire engine, hose reel, and fire bell, for the use of the town.

Board adjourned to meet June 3, 1888.

CARD OF THANKS.—The Sisters of the Holy Names of Jesus and Mary return most sincere thanks to the citizens of Jacksonville and vicinity for the liberality they manifested in behalf of the Musical Entertainment given by the pupils of St. Mary's. The universal good will evinced by the entire population and particularly displayed by the members of the Brass Band, and by the ladies' generous donation of choice refreshments, was gratifying. Nothing was spared by the friends of the Academy to make the entertainment a complete success, and the Sisters justly appreciate the benevolence for which the inhabitants of Jacksonville are renowned. The net proceeds of the soiree amounted to \$245.76.

PUBLIC SALE.—The undersigned will sell at auction, at Big Butte, on Saturday May 20, two planing machines, and about 60,000 feet of sugar pine, and assorted lumber. Terms, under \$20, cash in hand, over \$20 six month's time with note, and security.

IMITATION BAKING POWDERS.

THE PUBLIC: The public is cautioned against the practice of many grocers who sell what they claim to be Royal Baking Powder, loose or in bulk, without label or trade mark. All such powders are base imitations. Analyses of hundreds of samples of baking powders sold in bulk to parties asking for Royal have show them all to be largely adulterated, mostly with alum, dangerous for use in food, and comparatively valueless for leavening purposes.

The public is too well aware of the injurious effect of alum upon the system, to need further caution against the use of any baking powders known to be made from this drug; but the dealers assurance, "Oh, it's just as good as the Royal," or "it's the genuine Royal, only we buy it by the barrel to save expense of can," etc., is apt to mislead the unsuspecting consumers into buying an article which they would not knowingly use in their food under any consideration. The only safety from such practices is in buying baking powder only in the original package, of a well known brand, and a thoroughly established reputation.

The Royal Baking Powder is sold only in cans, securely closed with the Company's trade mark label, and the weight of package stamped on each cover. It is never sold in bulk, by the barrel, or by loose weight or measure, and all such offered the public under any pretense, are imitations.

If consumers will bear these facts in mind, and also see that the packages purchased is properly labeled, and the label unbroken, they will be always sure of using a baking powder perfectly pure and wholesome, and of the highest test strength in the market.

J. C. HOAGLAND, President, Royal Baking Powder Co., N. Y.
