

OREGON SENTINEL.

JACKSONVILLE

SATURDAY, JULY 21, 1883.

SELLING OUT.—Those desiring any thing in the line of merchandise will do well by calling on Barruch Fisher before going elsewhere as he is closing out his stock at cost. A trial will convince you all.

RACES.—Another match race has been made between Harry Stover's "Jim Lick" and Crit Tolman's "Barron mare," for \$400 a side, to be run on the Cardwell track this afternoon. The distance to be run is 300 yards.

REDUCTION IN PRICES.—John Miller, at the Hunter's Emporium, is selling hay forks for \$1 each; scythes and snaths, \$1 75; grindstones, 6 1/2 cents per pound; and all other goods in his line 10 per cent, less than ever before sold in Jacksonville. Remember that Mr. M.'s goods are of the best and he does just as he agrees to.

THE ENTRACT.—List of officers elected July 1st 1883 of the Verein Entracht, for the ensuing six months: President, Adam Schmidt; Vice President, Geo. H. Young; Secretary, Frank Kaschauer; Treasurer, Fred Lay; Trustees, Fred Grot, Veit Schutz, and Chris Wintjen; visiting committee, Aug. Bohm, Veit Schutz and John Herberger.

SERIOUS ACCIDENT.—We regret to state that Thos. Wright, of Willow Springs, had his leg broken above the knee on Wednesday last by a kick from a horse. Mr. Wright is one of the worthy citizens of Jackson county and it is hoped he will soon be about again. Dr. Aiken was called to set the broken bone and feels confident of early recovery.

DISTINGUISHED VISITORS.—Senator Dolph, Representative George and Gov. Moody arrived here yesterday evening having taken a private conveyance from Glendale. These gentlemen will remain a few days in the valley to learn the wishes, if any, of their constituents regarding necessary legislation and thus combine business with pleasure. They expect to visit Josephine county before returning home.

NARROW ESCAPE.—A runaway accident occurred at Rock Point last Tuesday but luckily the occupants of the buggy—the Misses Minnie and Maud Tuff—escaped without serious injury. The team started from White's hotel and in making a short turn the buggy was upset throwing Minnie out, but she escaped with a few slight bruises. The team ran about a mile when they were caught and no particular damage was done.

RELIGIOUS.—Rev. B. J. Sharp will hold services at Phoenix next Sunday morning and at Ashland in the evening. He will also preach at Antioch school house on Sunday, July 29th at 11 A. M. and 4 P. M. Rev. M. A. Williams will preach in the Presbyterian Church next Sunday both morning and evening. Elder M. Peterson will officiate at a basket meeting to be held at Granger's ford on Rogue river on Sunday; also at one announced to take place near the grange store on Applegate the following Sunday. No services at the Catholic church Sunday.

CAMP MEETING.—A camp meeting will be held on the old camp grounds on Williams creek, commencing Thursday before the 2nd Sunday in August (the 9th). The object of which is to worship God in tented grove. No huckster shops, or stands of any description, nor any appliances for amusements tending to divert attention from such object will be allowed on the ground within the limits prescribed by law. A public table will be kept at reasonable rates, for the convenience of those who do not come prepared to take care of themselves. All are cordially invited to attend. By order of committee of arrangements.

TIED UP.—The work of connecting the railroad survey with the government land surveys in this valley was completed on Tuesday last by Mr. J. S. Howard. The "tying," as it is technically called, is now completed from the summit of the Siskiyou mountains to the front and this operation definitely settles the location of the road. The line is located a little over a mile east of Ashland on the farm of Mr. E. Myers and some of our neighbors up there are beginning to debate the question of the possibility of a rival town at the depot. It is now quite evident that the railroad folks are building to accommodate themselves and if we want to ride we must be ready when the train comes, otherwise—walk.

REAL ESTATE.—Transactions recorded in the county clerk's office since last report: Alex Martin to O. & C. R. R. Co., release for right of way through Justice property. Consideration \$1. Little H. Baake to Alex Martin, property on Wagner creek. Consideration, \$710. Chas. D. Sexton to S. A. I. Groves, 160 acres in Leland precinct. Consideration, \$450. Thos. Pankey to Mary C. Pankey, 40 acres in Table Rock precinct. Consideration, \$50. C. D. Reed to John Miller and Chris. Kretzer, mining ground on Jackson creek. Consideration, \$900. T. G. Reames to O. & C. R. R. Co. right of way through land in Manzanita precinct. Consideration, \$300. H. C. Howard to S. B. Elwell, land in Eden precinct. Consideration \$1-687. Ben Haymond, guardian of Perry heirs, to J. M. Lofland, land on Evans creek. Consideration, \$550.

LOCAL ITEMS.

Races to-day. Hot and smoky. Harvest hands are scarce. Ashland is to have a brewery.

E. Donaghy of Henly, Cal., is in town. Miss Eugenia A. Kelly is expected back soon.

Phillip Miller has gone to Tacoma W. T., to locate. An artesian well is one of the necessities of this town.

Oranges and lemons for sale at Vrooman's drug store. Sheriff Jacobs and family are rusticated at Crescut City.

The Butte creek mail route is now in charge of Chris Keegan. Three Farms for sale. Esquire of T. G. Reames, Jacksonville, Oregon.

G. A. Hubbel has accepted a position with Dolsen's surveying party. Dr. E. P. Geary has changed his location from Eagle Point to Ashland.

Engineer Hurlburt went to Portland this week to report at headquarters. Ripe peaches in small quantities have made their appearance on Rogue river.

W. G. Kenney officiates at Pape's saloon during the absence of the proprietor. Miss Nellie Slocum of Roseburg is here on a visit, the guest of W. J. Plymale.

The M. Ainsley Scott Jubilee Singers are advertised to show here on Monday, July 30th. M. Colwell of the Union livery stable has been laid up several days this week with fever.

The new State Hotel is now being run by S. R. Taylor an experienced hand at the business. Report says that Redding creditors have attached Wm Magoon's fine team and the latter cannot settle.

Wool is quoted at 23 cents per pound, butter 37 1/2 cents, eggs 25 cents and flour \$3.25 per hundred. The family of George B. Dorris of Eugene City is here on a visit and are the guests of Squire Hoffman.

Bilger & Masey are doing a rushing business now in the hardware line. They sell at very small profits. A number of Jacksonville Masons will visit San Francisco next month to attend the Triennial Conclave.

A. D. Rockfellow & Co., Attorneys and Counsellors at Law and Real Estate Agents, Ashland, Oregon. Quite a large number of railroad hands passed through town this week on their way to the Siskiyou tunnels.

Kasper Kubli is always up with the times and he is always prepared to supply any thing required in his line. Misses Pauline and Mary Wetterer and Miss Kiefer started for Albany on Thursday's stage where they go on a visit.

John Ashmead informs us that the Birdseye place on Rogue River will not produce more than half a crop this year. Have you seen those stylish hats, trimmed at Mrs. J. S. Howard's fashionable millinery establishment, and so cheap?

The smoke now prevailing comes from Sterling and the railroad front. The first mentioned started from lightning stroke. A burglar was shot in Abraham Wheeler & Co's. store near Grave creek this week by one of the clerks but was not captured.

Newell Hall had a finger bit last week since which time erysipelas has set in and affected his whole arm. He is now improving. Blackberries are said to be very plentiful and cheap in Ashland. A load of that delicious fruit would sell readily in this market.

Capt. J. M. McCall of Ashland made us a pleasant call this week and shows as few of the marks of time as any of the old pioneers. Joe. Wall, Jr., of Crescent City, Cal., was in town several days this week while on his way to San Francisco by way of Portland.

Considerable rye has been raised on Applegate this year and it will be utilized by the distillery upon resumption of operations in September. It is thought that during the first year after the completion of the Northern Pacific that the emigration to the northwest will exceed 100,000 people.

Mrs. J. M. McColly has been quite ill for a week past but was improving at last accounts, we are pleased to say. Prof. J. M. Merritt is also on the sick list. The Jacksonville telegraph office is not included in the strike and messages will go on time providing there is some one at the other end to receive them.

E. Shearer of Yreka has been commissioned as Superior Judge for Siskiyou county by Governor Stoneham of California, to take the place of Judge Steele, deceased. W. J. Plymale accompanied by his daughter, Miss Ada, returned from Portland this week where the former attended the session of the grand lodge of the A. O. U. W.

Mrs. Joseph Satterfield, one of the old settlers of this county is in town for medical treatment her ailment being some trouble with the heart. She is somewhat improved.

Fred Overbeck is expected here on a visit about the first of August on a visit to his parents. Fred is now one of the chief operators in the Portland telegraph office.

Charles Prim officiates as County Clerk in the absence of Henry Klippel, and N. A. Jacobs is boss in the Sheriff's office while his father is out on a trip to the coast.

If you want a Sewing Machine call at E. C. Brooks' drug, watch, clock, and jewelry store. His machines are a little finer and his prices a little snuggler, than any other bugger's.

The new bridge across Antelope creek has been finished and is ready for public use. James McDonough, the contractor, is the boss in that line, and never fails in turning off a good job.

The Sheriff has been ordered to summon twenty-two jurors for the special term of Circuit court to begin August 6th. The trial of some of the railroad cases will come up at that time.

Don Short formerly one of Jacksonville's boys has distinguished himself at Marshfield as an athlete. On the 4th he won two foot races and also carried off the prize for the best jumping.

Mr. John W. Bailey, for some time one of the proprietors of the distillery, left on Wednesday's stage for San Francisco. Mr. Bailey made many friends while here and is agential square man.

The Chinese oath is taken over the dead body of a chicken each witness sworn requiring a new corpse. The officers in Judge Deady's court have been living high since the last trial began.

Gen. Reames, the boss fisherman, was down at Rogue river this week with his "spinner" but the trout were shy and he only caught about a dozen, the smallest weighing about three pounds.

Accounts from most portions of the state indicate about a half crop on account of the unprecedented drought. It is the first year since the settlement of Oregon that even a partial failure is to be recorded.

None of the military telegraph offices in Klamath and Lake counties were closed, as reported they would be, and the business goes on as usual. They are a public necessity and should be kept open.

Dr. Will Jackson, dentist, will visit Ashland on a professional trip on July 30th and will remain there a couple of weeks. Those requiring dental work should remember the date and give him a call.

Ex Sheriff Lash, of Yreka, Cal., who has been up north looking for a place to locate, returned here this week and now has some notion of locating somewhere in this valley. His wife and daughter accompany him.

C. B. Watson, formerly of Ashland and John A. Gray have formed a law partnership at Empire City. Mr. Watson is also collector of the Port but the duties are light and will not interfere with his practice.

The saloon in the U. S. Hotel building, owned by J. B. Montgomery, was this week purchased by T. T. McKenzie, who will take possession next Monday morning. Give Tom a call and you will always be treated well.

State printer Byars has purchased the Salem "Statesman" office and will take charge at once. H. H. Hendricks of Eugene City will assist in the editorial management. We wish the new proprietor the best of success.

S. L. Dolsen has secured a large interest in the quartz ledge lately prospect by Ross & McKenzie. He showed us a specimen a few days ago from that mine that was very rich in free gold. May it prove a bonanza.

Mr. Alex. Martin, of the firm of Martin & Reames of Linkville, left for his home in Oakland, Cal., on Wednesday's stage and carried with him the good wishes of many friends who would wish to see him come to remain among us.

The lecture advertised for last Wednesday night did not take place. Lieut. J. S. Parke having been detailed on other duty which did not allow of his stopping over to fill the appointment. He passed northward on Wednesday's stage.

Work on the Court House wall was resumed on Thursday afternoon, a supply of lime having been received that day. Mr. Byers says there will be no more interruptions on account of material and the work will be pushed right along.

Milo Caton, Dave Cronmiller, J. W. Bailey, Jess Simpson and Tyler returned from Cinnabar on Sunday evening after a very enjoyable sojourn of a week among the soda springs. The party brought in two fine buckets filled with their return home.

The practice of stringing barbed wire along a fence in close proximity to the side walk seems to be in bad taste and is likely to result in damage to ladies' garments as they pass. We hope no one will follow the precedent as it is neither slightly nor safe.

The Klamath Lake Navigation and Irrigating Canal Company has filed articles of incorporation in the office of Secretary of State, with James S. Howard, Charles S. Moore and Wm. C. Hale as incorporators. Head office at Linkville; capital stock, \$50,000.

New goods at reduced prices at the cash store of S. S. Aiken & Co. They keep everything usually to be found in a general merchandise store, and their method of giving the best goods at low prices, and making exact change seems to have become popular here at last. Their new advertisement will be found in another column.

Judge P. B. Smith and Gen. E. L. Applegate have formed a copartnership in the law business and the "Tidings" says they have opened an office in the Masonic building. They will practice before any of the courts of this and adjoining states, and in the U. S. District Courts.

An Indian God or Idol was recently found near Green Point, below Oregon City. It is an irregularly shaped piece of stone about 14 inches long and ten inches wide. The face of the stone is slightly angular with distinctly marked features, and scroll work on the temples and features.

A prominent hotel keeper received a rebuke from the Recorder in open court this week who remarked that he had been in daily expectation of a complaint for keeping a disorderly house. Such a hint ought to be as good as a kick and should not be disregarded as public patience is not like a bottomless well.

The fact that everyone could not drive Sargent Dunlap's horse and cart was clearly demonstrated one day this week by the horse and cart both indulging in a runaway. The driver has not yet been found and Sargent wants all to take warning so as to avoid the accidents that might occur hereafter.

A party composed of Henry Pape, Henry Klippel, Jacob Klippel and others are now camping out some where near the head of Jackson creek, having started last Monday. They propose remaining absent a couple of months and on their return we expect to see the market glutted with fish, venison and bear meat.

There must be an unusual amount of fire in the mountains judging from the dense smoke that has clouded the atmosphere during the past week. Campers, hunters and others sojourning in the mountains should be more careful and not allow fire to spread as there is a heavy penalty for the consequent damage to timber.

The Ashland correspondent of the Portland "Standard" don't seem to like the Postmaster at the first mentioned place and "his lim a lick" whenever opportunity occurs. There are plenty of people of the "Standard's" stripe who don't like Republicans of any degree no matter what their name or position is but if they don't, who care?

Prof. Johnson and a man named Freyhold had a narrow escape from a very serious accident on Friday last. While returning from Sterling in a buggy a dog ran out and frightened the team and, suddenly swerving, they overturned the buggy throwing both men out. Mr. Johnson was only slightly cut about the head but Freyhold had one of the bones of his arm fractured.

The "Yreka Union" has the following which applies equally well to this place: "There are some very unpleasant smells in various parts of town which should be abated. Scatter lime on all offensive spots, and the effluvia will be absorbed. This warm weather promotes rapid decomposition, and nothing more readily attacks the system and induces disease than those same ugly odors."

Richard Blackwood has discovered a large white-sulphur spring on the Caldwell ranch about a mile above his dwelling. It is very cold, and of considerable volume. Mr. B. will have the creek turned, so as to expose the spring, soon, and will then have a careful analysis made of the water. It will in all probability prove to be possessed of valuable medicinal properties.—"Tidings."

In reference to the junction of the O. & C. and C. & O. railroads the Yreka "Journal" says: "The Assistant Chief Engineer of the Central Pacific Surveying Department, was in town some days since, on his way to meet Chief Engineer Morris of the Oregon railroad, who selected the point of junction for the two roads about two miles south of the Oregon boundary, in this county."

Frank M. Nickerson, the efficient County Clerk of Josephine county, passed through town on his way homeward this week, having just returned from the grand lodge of A. O. U. W., held at Portland last week, where he represented Climax lodge of Kerlyville. He reports an enjoyable time at the meeting of the grand lodge and a very prosperous condition of the order in this state.

Chief Engineer Morris, of the O. & C. R. R. extension, has begun a suit in the State Circuit Court for Malheur county, against W. R. Struble, editor, and J. E. McIntosh, business manager of the "Polaris" and Sol. Abraham of Roseburg, for \$25,000 damage, which he claims to have sustained on account of an article published in the "Polaris" during the administration of Struble and McIntosh.

We call the attention of the readers of the SENTINEL to this week's pictorial supplement as an evidence of enterprise both on the part of the well known firm of Reames Bros and ourselves. If you want shoddy goods or unfair treatment don't go to Reames' for they don't deal in those articles and if you want to advertise for anything or any purpose come to the SENTINEL office where you can get best work and lowest rates.

N. K. Lytle & Co. have opened a refitting and wholesale and retail liquor establishment in the building formerly used by Ed Smith as a carpenter shop. Those wishing to purchase can be accommodated at low prices and can have liquor as pure as it can come from the still and need not be afraid of getting poisoned. Give them a call and try their goods for yourselves. They have pure corn, Bourbon and Rye whiskey on hand in quantities to suit.

Many of our fire brigade are in the habit of wearing their badges as a dog might wear an extra tail—by way of ornament, and the other day they were mistaken for policemen's stars by a stranger. His stay was short and, as he hustled himself out of town, he remarked to a citizen that a place as small as Jacksonville must be awful tough to need so many police. Lest that mistaken man might misrepresent us we will say that one policeman is adequate to preserve peace and corral offenders and Jacksonville, like the devil is hardly as black as it is painted.

Mr. Wm. Carl Division Agent for the O. & C. Stage Company has been in this valley trying to negotiate for grain for the winter's supply. He finds prices asked, to be of quite a fancy character and feels justifiable in waiting. The day is fast coming when farmers will no longer find a market for grain, hay and horses from the stage company that has, for so many long years, treated the public with so much fairness and courtesy and their retirement for railroad transportation will be a matter of regret to many who now don't think of it. They will find that the "iron horse" eats only wood and Chinese will cut its fodder.

L. Samuels of the "West Shore" is canvassing for that creditable publication. His chief artist, Mr. J. F. Whiting, accompanies him and has shown us an accurate sketch of our Court House and several prominent buildings and residences in Jacksonville all of which will be beautifully lithographed and appear in a number of the "West Shore" that will be largely devoted to a description of Jackson county. This is a most excellent method of advertising the resources and advantages of our favored section and give a better idea of our surroundings to friends abroad than any amount of word painting—Only \$2 per year.

We glean the following railroad news from the Ashland "Tidings" and other sources: Thos. Fuller, of the firm of Fuller & McNulty, railroad contractors, was in town several days this week. He informs us that his company have submitted no contracts as yet and they propose doing the work themselves, all reports to the contrary notwithstanding.

On Tuesday last J. S. Howard finished sectioning the located line of the railroad, which completes the survey for the O. & C. R. extension (with the exception, of course, of cross sectioning) as far south as the Siskiyou. For side tracks there may be still a little more surveying to do, and it is possible that some unimportant changes may be made at some points of the line; but we can now say that the location of the road is completed to the summit of the Siskiyou. From that point to the junction with the California road, some ten or eleven miles remain to be located.

The Hurlburt surveying party, having run the locating line to Wagner creek and connected with Dolsen's line, moved up to the summit of the Siskiyou again yesterday, to begin the location down the southern slope from the tunnel to the junction with the California road. This will take them some six weeks to accomplish, after which they will most likely begin cross sectioning for the grading, and it is probable that Mr. Hurlburt will have another party at this work in his division if the graders begin to flock up this way from points further north, as the heavier portion of the work there are completed.

As stated last week, three lines have been run by Mr. Hurlburt's party across the flat below Ashland. The upper one has depot grounds and side tracks laid off about the middle of Linsey Applegate's field, and passes near Daley & Co's. planing mill. The middle line, which is fully surveyed for location, has depot and side tracks laid out at a point in B. F. Myers field about 100 yards above his barn, and about half a mile from Main street in the central part of town—the depot grounds on each line being within the town limits. The third line is still lower, being between B. F. Myers' house and Bear creek and reaching the level of the stage road near the Eagle mills.

RUNAWAY.—The paymaster's team for the railroad indulged in a runaway this week on Cow creek hill and two occupants of the wagon were quite seriously injured. The report that Wm. Crump had been killed by this team running into one that he was driving seems to be without foundation as it cannot be traced to any authentic source.

NOTICE.—A large assortment of the celebrated New Home sewing machines, the best and cheapest in the market, have just been received at E. C. Brooks' store. Call and examine them before purchasing elsewhere.

BORN. PARKER.—Near Salem, July 4, 1883, to Mr. and Mrs. Chas. C. Parker, a son. TONKINS.—On Grave Creek, July 1, 1883, to Mr. and Mrs. Wm. Tonkins, a daughter. JUSTUS.—On Grava Creek, July 15, 1883, to Mr. and Mrs. Tip Justus, a daughter.

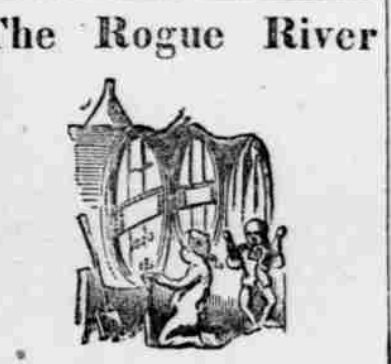

MARRIED. PROCTOR—GOODWIN.—In Juny-off Joe precinct, Josephine county, July 15, 1883, by Elder E. G. Browning, P. P. Proctor and Mrs. Sarah E. Goodwin. COKER—WADE.—In Sam's Valley, July 18, 1883, by C. C. Gall, J. P., Lucien Coker and Miss Ida J. Wade.
