

## OREGON SENTINEL.

JACKSONVILLE:  
SATURDAY, OCTOBER 6, 1883.

**WANTED.**—At Johnson's land office ten dwelling houses to rent, steady renters and good pay.

**A GOOD LOAD.**—George Freeman arrived from Glendale yesterday with a load of 13,000 pounds of freight for this place. George is the boss teamster and always holds his trade.

**QUARTERLY MEETING.**—The first quarterly meeting for the Jacksonville circuit will be held at Ashland on Saturday and Sunday, October 13th and 14th. Services on Saturday at 11 A. M. followed by quarterly conference. Rev. I. D. Driver, P. E. will preside.

**TO THE TRAVELING PUBLIC.**—The completion of the N. P. R. R. has relieved the C. & O. stage line of the transportation of an enormous quantity of mail, and the company are now prepared to carry all who apply to them for passage, north or south, and put them over the road in good shape.

**NEW TOWN.**—J. S. and Chas. J. Howard with a party of men, left here last Wednesday to survey and locate the new town of Grants Pass at the railroad station. This will be about one mile from Dimick's place, the old stage station, and is expected to be considerable of a trading point in the near future.

**VEGETABLE CONTRACT.**—Messrs. Fisher and Muller have the transportation contract for hauling 35,000 pounds of vegetables from Lakeview to Fort Klamath and have hired the Indian teams at the Agency for that purpose. It looks rather funny that Lake county can compete with this valley in the vegetable line but it is probable that other reasons exist besides the question of economy.

**SUIT FOR DAMAGES.**—United States District Attorney Watson yesterday commenced suit in the United States circuit court to recover \$14,000 damages from Jettie Davison, of Phoenix, Jackson county, for cutting timber on government lands. The complaint is made by government agent Schumacher, who considers the case one of willful trespass, and considers that it should be prosecuted to the extent of the law.—"Oregonian."

**MISTAKEN POLICY.**—While at Rock Point last week we had the pleasure of meeting Mr. Whitney who has charge of the supply department for a number of camps on the railroad extension and he informs us that nearly all the supplies required for the men employed are shipped in from the north on account of the high prices asked by our farmers. Unless a change of policy is soon made our farmers will find themselves with their crops on hand and no market where they can dispose of them.

**NO FEELING.**—There is much of a boom in Southern Oregon at present. Everybody is feeling it and great is the rush to the New York Store in Jacksonville, where a grand clearance sale has been inaugurated and unparalleled bargains are being offered. If you want to select from an immense and first-class stock of dry goods, clothing, boots and shoes, fancy and fur finishing goods, and everything that is found in a general merchandise establishment, give Mentor a call soon, as goods are going off like hot cakes.

**CLOSE CALL.**—By a premature explosion of two thousand pounds of Jaidon powder in a blast on the heavy rail road work now going on near Bloody Run two Chinamen were killed and several others badly injured on Thursday afternoon of this week. Chief Engineer Morris, Division Engineer Dolsen and E. J. Jeffries, tunnel contractor, were in the vicinity at the time and were all thrown to the ground. Strange to say all fell on their knees—something unusual—but none were seriously injured.

**WANTS NO NEW TRIAL.**—The jury in the Smith trial at McMinnville, for the murder of Mrs. Petch a little over one year ago, brought in a verdict of guilty at 8:30 P. M. on the 29th ult. Smith was remanded to jail, and at 9 o'clock took from fifteen to thirty grains of morphine, which he had concealed in the lapel of his coat. His fellow prisoner, Rogers, refused to inform the jailer until he thought him dead. At 1 o'clock this morning Drs. Littlefield and Calbreath were called, but it was too late. He expired at 8 o'clock this morning. He was refused paper and light last night to write, so he told Rogers that he wanted his body given to his wife, and his rifle and the money he had when captured to Hon. W. D. Fenton, his counsel. He wished his wife exonerated from any complicity, but made no confession.—"Oregonian."

**RELIGIOUS.**—Rev. B. J. Sharp will preach at Grant's Pass Sunday, at 11 o'clock A. M., at Woodville at 3:30 P. M. and Rock Point in the evening. Regular services at the Catholic Church next Sunday, Rev. Father F. X. Blanchet officiating. Rev. M. A. Williams will hold divine service at the Presbyterian church in this place Sunday morning and evening. Elder M. Peterson preaches at Mount district school-house Sunday at 11 o'clock A. M. Rev. J. A. Slover holds services at Antioch school-house, commencing this (Friday) evening, and continuing until Sunday. Rev. R. C. Oglesby will preach at the M. E. church in this place Sunday morning and evening. Rev. A. C. Howlett will preach at the Antelope school-house on the second Sunday of this month, at 11 o'clock A. M.

Inquiries from many persons whether they could be compelled to pay for newspapers sent to their address without authority, have called forth the following ruling from the postoffice department: The liability of a party to pay for a newspaper must be determined by rules applicable to other contracts. When a publisher, without request from a party, either expressed or implied, sends a paper, the fact that the party addressed takes the paper from the postoffice does not, in itself, create an implied agreement.
