#### OFR CRIEF JUSTICE.

There is one Judge in the United

sonage as the Lord Chief Justice of kind very frequently infest domesti-England. The American courts and animals; they are mostly of the lousbars are mostly local; but the Chief type-small parasitic animals tha Justice of the Supreme Court of the must be removed by the application of United States is quite unique in his some insecticide. A number of su own dignity and power of the tribunal stances have been used to a greater of over which he presides. Kings, Lords' less extent, of which a few are mon and Commons, if they combine, can tioned below: One pound of tobacco defv Lord Coleridge and his puisne and six ounces of borax boiled in tw Judges; but the Supreme Court of the quarts of water, to which soft sec United States can defy the President, enough is added to make a thick past the Senate and the house of the As. has proven a good vermin slave. .. semily; however much they may be of mixture of parbolic acid and soft see one mind. The Supreme Court inter in the proportion of one to four States; but its greatest authority is shown less by the powers theoretically to which the soap mixture has been the longest, the costliest and the bloodaside a single one among its decisions, the judgment in the once famous "Dred Scott" case. It seems a commonplace to say that there's nothing like this among ourselves; but it is a order to overcome the drain that the most formidable commonplace. Where is the authority which decides questions arising upon the construction of the British Constitution itself? Where does the legislative authority of the House of Lords begin and end? What is the extent of the powers of the Crown? There are no debates now a jointed fragments of the human body days on the constitutional law; if a doubtful point arises, the caucuses adjure the House of Commons to set attention. It is the head of Gui tle it in its own way, and without re minus the skull, just as it was taken gard to any other of the organs of from the cadaver after the aut one theory were gaining ground that the the scalp having been duly stuffed British Constitution as a whole was sewed up and placed in alcohol. The only tolerated until it could be radically transformed. It is possible that hang dog look which the assault some men now alive may live to un- while in the flesh, and its appearance derstand that about the most terrible is eminently suggestive of the partial of dangers is a constitution in the when gibbeted criminals were state of flux, left to the mercy not of a hanging in chains at the cross roads court or justice proceeding on fixed as an admonition to the way ward principles, but of a legislature failing The skull of Guiteau, which wa more and more every year out of har. ited away a year ago by a negro at mony with its theoretical composition recovered, but the skeleton of and coming more an more under bondage in a single one of its constituent

parts .- "Saint James Gazette." SORGHUM SUGAR .- The new Kansas Sugar Refining Company, located at Hutchison, Kan., turned out its first batch of sugar on the 12th of Septemher. This company has invested \$125,000. The mill will be run at a full capacity, which is over one hundred barrels per day of syrup. This season's product will aggregate over 9,000 barrels of sugar and 7,000 bar rels of syrup. All grades of white ugar will be made, but the machiner for granulating is not up yet. To run his mammoth establishment requires 200 men day and night. The Cleaveand Leader" says the works at Hutchison and at Sterling are both operated on the same principle, and both have met with the same successful result. Hutchison and Sterling will soon be able to supply Kansas with her sugar.

"Father," asked the young son of Deacon Squibbs, "what is the difference between a man that dyes wool on

lambs and a western editor?" "Well, now, really, my son," beaming benignly on his offspring, "I'm not prepared to state. What is the differ
