

OREGON SENTINEL.

RETURNED.—Wm. Bybee, ex Sheriff of this county returned from a visit to Astoria, this week after an absence of several months. He went east with the pioneer excursion and the trip seems to have improved his health.

BOUND OVER.—J. C. Fairchild of Big Apple was arrested by constable Birdsey this week on a charge of obtaining money under false pretences and bound over in the sum of \$100 by Justice Huffer. The charge was preferred by Wm. Hooley.

The annual report of Henry Pape, city treasurer, makes the following show of our finances: It shows receipts for the year amounting to \$3,231 and \$3,012 27 disbursements; also showing indebtedness of town on March 4, 1884, to be \$907 52.

NEW ARRANGEMENT.—Madam Holt will hereafter run a free coach from Medford to the U. S. Hotel. Arrangements will be perfected in a few days by which a daily coach will be put on from the hotel to Medford thus enabling her guests and others to go to and from the two points without the trouble and annoyance of looking up a private conveyance.

UNCONSTITUTIONAL.—The mortgage tax law has been declared unconstitutional by Judge Deady and the inland counties will lose a certain amount of the revenue to which they are justly entitled. Portland capitalists will no doubt be satisfied with this decision while the other counties in the State must be satisfied and thereby lose large amounts that justly belongs to them. Law and justice don't always go together.

THEY PAID UP.—Sheriff Jacobs, accompanied by deputies Steadman and Farlow, stopped a large number of Chinamen on the Siskiyou mountain on their way to California, for taxes due here. The Chinese refused to pay and for a while it looked as if there would be a first class row, which was only quelled by the arrival of an armed posse from Ashland when the Celestials paid up and were allowed to cross the State line.

SOUTHERN OREGON SHIPMENTS.—The first freight shipment from Medford, the new station on the Oregon and California extension, arrived here Tuesday. It was 550 pounds of wool, consigned by Max Muller of Jacksonville to Kitchen Bros., New York, as a sample. Medford is the station nearest to Jacksonville. The first shipment from Phoenix was six cases of woolen goods, from the Ashland mills, consigned to San Francisco.—"Oregonian."

CHEAP FREIGHT.—George Freeman will haul freight from Medford to this place for \$1.50 per ton or for quantities less than a ton he will bring it here for fifteen cents per hundred pounds. Patronize him and you will be assured of having your business attended to promptly and with dispatch. He will pay all back charges when receiving the freight at the depot which will prove quite a convenience to our merchants as they can thereby make full settlement for all freight charges when receiving the goods.

GRANT'S PASS ITEMS.—The depot is nearly completed. It is a nice one and reflects credit upon the architect and builder. Mr. Stanley showed us a very fine quartz from a lode he recently discovered which undoubtedly will assay well in gold and silver. Settlers are coming in and locating in this locality recently. One with a family came from Minnesota and located a homestead up the creek. Mr. Coaker has gone to Coeur d'Alene. Wood chopping for the O. & C. R. R. is a thriving business down this way. Quite a number of men follow it between here and twenty-three mile House. \$2.50 and \$3.00 per cord delivered on the track is the price paid.

RELIGIOUS ITEMS.—Rev. R. O. Oglesby commences a protracted meeting at the Lone Oak school-house this evening and will hold over Sunday. Lenten services at the Catholic church in this place, Rev. F. This place is certainly getting to be the city of saloons. There are now thirteen running at full blast, and one or two more talked of. A person can hardly run amiss of one on Front street, in some localities every second house being of this class. Already we understand parties are looking out for a gin mill, and probably two or three will be started near the place, as it will be quite a walk from the building to the nearest saloon.—"Crescent City Record."

The outgoing Marshal, Charles Schultz, proved himself one of the best Marshals we ever had and a faithful night watch he cannot be excelled. His successor, however, has held the office before and then made just as good a record and we expect to see him do it again.

This is about 60 miles shorter than going to Redding, the California railroad terminus.—"Journal."

The usual trouble occasioned by change of railroad stations has been experienced by our merchants since the road got as far as Phoenix but now that things have got settled down everything works smoothly once more. Mr. Cunningham, the agent at Medford, is an obliging official and attends to the business with promptness and dispatch.

The Democratic State Central Committee met in Portland, February 28, the Chairman, Al Zieber, presiding. The time of the State convention was fixed for April 17th, and the place The Dalles. Did any scientific physician know the formula from which Ammen's Cough Syrup is prepared, he would not only recommend, but prescribe it to his patients troubled with a cough or cold, or any disease of the throat or lungs. Try it. It has no equal. For the benefit of those who would say, "Another humbug," a trial 15 cent size is prepared. Ask your druggist to get it for you. In bottles at 15 cents, 50 cts. and \$1.

Another agony—the portraits of the family are now painted on the "company china," says the Artist. Apropos to this, the little "sweet sixteen" ornaments the sugar bowl, the "flower of the family" the bread plate, and the artist may, "in a mild way," pose the sharp features of the maid-aunt upon the tea pot, while the dignified head of the house gazes mildly up from under the edge of a quarter-pound lump of butter. What next?

The cheekiest piece of business in the way of a lawsuit for damages, is on the docket in San Francisco. A woman has sued the superintendent of a poorhouse for ten thousand dollars damages. She was an inmate of the poorhouse, with her child, and the county was supporting her. She was out of her room doing some work, when her child fell out of bed, injuring his knee cap, and she found a lawyer who knew how to collect that amount of damages from the poorhouse.

This should be a lesson to the authorities, and they should make nurses and attendants for the children of inmates of the poorhouse.

The last Legislature of this State undertook to change the time for the convening of the Legislature from September to January and it is under stood that the next session will be held in the latter month. Serious trouble is anticipated in consequence, as it is now demonstrated that the Legislature overstepped its authority in changing the date of meeting to January, and such session will not be legal. The law provides that the Legislature may change its time of meeting to any day within the year, and the following January is not within the construction of the law. The only way to remedy this is for the Governor to call an extra session of the Legislature for the usual time in September that that body can correct the mistake.

GO FROM HOME TO HEAR THE NEWS.—United States District Attorney Watson has been instructed to commence suit against Carlos R. Reed, to vacate a patent for a forty-acre tract of land in the Roseburg district, granted him by the United States. It appears that one John Donegan filed upon the tract in question several years since. Some time after he ran away, leaving a wife and children, who derived their support from a placer claim on the tract, which has been worked for twenty years. Reed desired the tract and entered it as a homestead in 1880. The tract was not agricultural land and was not subject to such entry, a fact which is claimed Reed knew. He agreed with Mrs. Donegan that if she would not prevent him from proving up on the claim by showing that it was mineral land, he would give her a deed to the claim. As soon as he had secured a patent he threw the poor widow's goods out of doors, and drove her and her children from the land. This action raised a howl of indignation among the inhabitants of the Jackson creek country where the claim is located, and a demand was made that the affair should be investigated. Hence the suit. B. F. Dowell, "our orator" of Griswold suit fame, has been engaged by the friends of Mrs. Donegan to assist in the prosecution of Reed, and it is the hope of all concerned to place the poor woman again in possession of her own—Oregonian.

RELEASED.—Chas. Bean and several other employees of Capt. H. Kelley at the Coyote creek mines were arrested this week on the charge of robbing sluice boxes. The charge was preferred by Wm. Ruble, the other contestant for the claim, the only object being to get possession of the mines. District Attorney Kent moved a dismissal, considering the charge frivolous, which was granted by Justice Brown of Leland precinct. The officers of the Circuit Court here have not yet enforced the mandamus of the Supreme Court and Capt. Kelley is still in possession of the mine.

Interesting To Farmers.

ROCK POINT, Jackson Co., Or., Jan. 26th, 1884.
D. M. Osborne & Co.
Portland, Oregon:
Gentlemen.—I bought one of the Osborne No. 11 Twine-Binding Harvesters for the harvest of 1883, and I take pleasure in recommending it to all farmers, for it gives perfect satisfaction in cutting and elevating the grain, and in binding it. It is the "boss." The more I use it the better I like it. The expense of harvesting with the Osborne No. 11 is less than heading or reaping.
Yours truly,
G. W. LANCE.

ASHLAND, Or., Jan. 25, 1884.
D. M. Osborne & Co.
I bought one of your No. 8 Independent self-rake Reapers this last harvest. It did the best of work I ever saw done with any reaper. I cut some green oats hay, which was the heaviest work I ever saw done with a reaper. I raked off bunches that would weigh a hundred pounds.
Yours truly,
BENNETT MILLION.

Enquire prices.
