Among the crowd we noticed the two Webb Brothers, Messrs. Adkins, Williams, Epps, Kinney, Rosenthal and Poe. The lodge here extends them a cordial invitation to call again.

MATRIMONIAL.—John Dyer and Miss Emma Smith were joined in the holy bonds of wedlock at the residence of Fred Grob last Wednesday evening by E. D. Foudray, Justice of the Peace. Only a few personal friends were present at the ceremony. The Jacksonville Silver Cornet Band, of which Mr. Dyer is a member, tendered him a serenade that evening. We acknowledge compliments and also wish the young couple much happiness and prosperity.

FOUND DEAD.—Michael Butler was found dead in his cabin on Little Butte creek last Wednesday all surroundings showing that he came to his death from natural causes. The deceased was living alone in a cabin on a piece of land that he owned but he could not have been dead long before discovered. He was an old-timer here, having first arrived with a colony of German immigrants, and will be remembered by many old residents of this section of the county. He was about 55 years of age.

PIONEER BALL.—After the Pioneer Celebration to be held in Jacksonville on September 11th a ball will be given at Holt's Hall in the evening by the Jacksonville Silver Cornet Band to which everybody is invited. Only a small balance remains due on their instruments and our citizens should turn out and help them pay it off especially when they get their money's worth from the pleasures of the ball alone. The band is already one of the best amateur bands in the State and they should be encouraged.

A JAIL FIVE.—In the county jail there are five criminals now confined three of whom are charged with murder. Their names are Thomas Weed on the Klamath county murderer, who was brought here for safe keeping on till the next term of court, George R. Justus, committed for shooting the Indian at Grants Pass and R. M. Culp who is charged with killing Smith at Willow Springs. Besides this Charles Bassett, the noted stage robber, and young Watkins, the embezzler, have taken up a temporary residence in the building. They say they are well fed, have nothing to do, and all seem to be happy under the circumstances.

FIRE.—The residence of John Goldsby on Applegate was burned to the ground on Monday last consuming the building and all its contents every thing proving a total loss. The origin of the fire is unknown but it is supposed to have started from a defective fuse. The family was left in destitute circumstances but Frank Smith circulated a subscription list and raised a neat sum for the relief of the unfortunate. Goldsby is now serving a term of one year in the penitentiary for gouging out Sam Phillips' eyes but we noticed the latter's name on the list subscribing \$10 for the relief of the family, an act for which he is to be commended.

DROWNED.—Jack Stitt, who has been missing since last Friday, was found dead in Rogus River yesterday morning. He has been residing here for several years, and was addicted to the habit of excessive drinking at times which finally got the better of him and in a fit of delirium tremens he undoubtedly rushed into the river and was drowned. He was a man of culture and refinement, of genial, social disposition, generous to a fault and had many warm friends who made every effort in their power to win him from the habit of drinking which they saw must inevitably result in his ruin. He was well connected in Scotland, the place of his nativity, and was constantly supplied with means to gratify every wish, but every ambition of his life was absorbed by the craving of an appetite that he tried in vain to resist. His father's hopes and loving mother's prayers, and all the endearing ties of home and friends, will no longer plead with him to forsake the dangerous way, for the generous heart is forever stilled, and may the sorely tempted and tried spirit rest in peace, safe from the disappointments and temptations of this life. His father's agent in Portland was notified at once and telegraphed here to have him properly buried. Justice Foudray, acting as Coroner held an inquest and a verdict was rendered in accordance with the above facts. He will be buried in the Jacksonville cemetery to-day at 11 o'clock.

Col. John Lane and Ashley Bancroft have been canvassing this part of the state for the works of Hubert H. Bancroft which will be complete in 39 vols. They delivered the first 10 vols. to subscribers five of which are devoted to the History of the native races of the Pacific Coast. We have not had time to thoroughly examine the books but from a cursory glance at the first five vols., and from the favorable reception of the works by the press of California and our own state we certainly think it a very valuable addition to American literature. It is a perfect encyclopedia of historical and chronological data which the author has presented in concise and elegant language without superfluity or redundancy that so often detract from works of this sort, and we have no doubt but the books are destined to be very popular as they become better known.

Another growing evil and one that demands the prompt attention of parents is the habit of beer drinking indulged in by the small boys. All the Rage. To captivate the popular taste and surpass all previous efforts to please the palate, requires no small amount of knowledge and no little skill, and when we remember that the very agreeable liquid fruit remedy, Syrup of Figs is as beneficial to the system, as it is acceptable to the stomach, we readily understand why it is the universal favorite as a cure for Habitual Constipation and other ills arising from a weakness, or inactive condition of the Bowels, Kidneys, Liver and Stomach.
