

JACKSONVILLE
SATURDAY, DECEMBER 27, 1884.

PARDONED.—J. Goldsby, sentenced to a term of one year in the penitentiary for gouging out one of Samuel Phillips' eyes, was pardoned out this week and has since returned to his home on Applegate.

SUDDEN DEATH.—N. Solomon, a hide buyer well known in this section died of heart disease at Albany last Tuesday aged about seventy years. He leaves a family in San Francisco.

ENTERTAINMENT.—"Queen Esther" will be presented to a Jacksonville audience by Ashland amateurs next Tuesday evening, December 30th. An excellent company, composed of the best talent in Ashland, have parts in the play and a good audience should greet them. Popular prices will be charged.

HIMENAL.—W. G. Kenney of Medford and Miss Mollie Snider of Roseburg were married at the bride's residence at the last mentioned place on Tuesday of this week. They are now at Medford where Mr. Kenney is engaged in business where they will make their permanent home. We wish them good luck and happiness.

REBEKAH ELECTION.—Ruth Rebekah Degree Lodge I. O. O. F. elected officers last Monday evening with the following result: N. G., Mrs. John Miller; V. G., Miss Anna Bilger; R. S., R. H. Moore; F. S., Mrs. W. J. Plymale; Treasurer, Mrs. Chris Ulrich. Installation will take place at the first meeting in January.

WHO CAN BEAT IT?—Nick Wright, who lives on Big Applegate, put in fifty acres of grain this season with the assistance of a mule and a horse. There is nothing very strange about this, but when you consider that Mr. Wright is 78 years of age, the mule has seen 37 summers and 30 hard winters have passed over the horse's head you may think they are a very good team yet. We get this information from Thos. Collins and if anybody is to be called a liar tackle him first.

MATCH HUNT.—To-morrow is the day set for the match hunt and two teams will go out to contest for a supper after the day's sport. One side is composed of Frank Krause, J. C. McCully, Henry Kubli, Marcus Armstrong, Geo. Neuber, Thos. Clemmons, Wm. Little, Geo. Ross and Wm. Menor. The other team is D. W. Crosby, Henry Pape, Jr., Al. Carey, Fred. Perry, Ed. Caton, Thos. Ross, John Ross, J. R. Little and Ed. Booth. There is no need of engaging game in advance as it will no doubt be a drag on the market after the hunters return.

RACES.—The races advertised to come off on Christmas day were run on Thursday according to programme in the Hanley lane near Iowa. The 400 yard race for a purse of \$20 was won by Wm. Hanley's saddle horse "Couchy" and the 200 yard race for a purse of \$15 went to T. Miles. "Dollie C." the fastest race for a purse of \$10 was won by Thos. Ross, beating D. W. Crosby, Geo. S. Howard and Chris Ulrich. The attendance at the races was not very large but those who were present had the satisfaction for once of seeing everything run for blood and all seemed well pleased.

THE FOOT RACE.—This much talked of race between Henry Menor of this place and Charles Pendegast of Ashland came off at the last mentioned place on Christmas day and was won by Menor by two feet making a record of seven and one eighth for 75 yards. The general opinion seemed to be that it was a "chuck" race but the time made—and several experienced men held watches—shows that the winner is a foot racer and it will take a better man than Pendegast to beat him. For the present we will call him the champion of Oregon and any one who disputes the title can call around and try him.

RELIGIOUS ITEMS.—David Slagle preaches at Waldo next Sunday. Elder M. Peterson will preach at Medford next Sunday, both morning and evening. Regular services will be held at the Catholic Church in this place, Rev. F. X. Blanchet officiating. Rev. E. Gittins will hold services at the M. E. Church in this place Sunday morning and evening. If his health will permit, Rev. A. M. Russell of Ashland will hold services at Medford on the first Sunday in January. Rev. A. R. Bickenbach will preach at Phoenix Sunday morning and at the Presbyterian Church in this place in the evening.

LATEST NEWS.—The Salem Statesman of this week gives us the following information: Geo. R. Justus, sentenced to serve ten years, and John M. Culp, for twelve years, each for the crime of manslaughter, were brought to the penitentiary yesterday by Sheriff Jacobs and Deputy Steadman. Culp is the fellow who killed a man recently at Ashland, and Justus killed his father, he claimed accidentally, a couple of years ago. His case has been hanging fire ever since, and his counsel has been trying to make juries think his patricide was purely accidental. But the weight of gold did not turn the scale of Justus this trip.

NOBBY CLOTHING STORE.—Ashland Oregon is the place for every man and boy, old or young, to buy their Fall and Winter clothing and furnishing goods because you can buy better goods for your money and you will live long and prosper, but if you go and pay the old fashioned prices for goods and then get shoddy clothing you are liable to swear because you are cheated, catch cold because the goods are shoddy and will not keep you warm, and then die, and then what will be come of you. Go to the Nobby Clothing Store by all means, take no chances! Tailor shop in connection. You can get anything you want in a clothing line.

The Yaquina Post says that Wells, Fargo & Co.'s express box was shoved into the mail bag by the mail carrier, on a recent trip in from Corvallis, that it more convenient to carry on horseback, and arrived at Elk City all right; and there it remained at last accounts, as postmaster, Marsh Simpson refused to let it go farther until the postage was paid on it. There is said to be some \$2,000 in the express box. Marsh proposes to look after Uncle Samuel's interest in these last days.

The Redding (Independent) says that the railroad people are getting ready to take a fresh start to push forward the road into Oregon, judging from the movements of surveyors and owners of railroad building outfits. The surveyors are having their supplies forwarded to Delta, and the building outfits are being hauled to the third crossing above Elmore's and to Scobleville, which is indicative of the resumption of work in early spring. On the other hand, it is said that the railroad company will not build the road unless capitalists advance the money, but as railroad shares are now very low, it is not probable that much money to carry on the work can be raised from that source.

HELD TO APPEAR.—John Mathews school clerk of Rogue River district was examined on a charge of embezzlement in Judge Foudrains court this week and bound over in the sum of \$100 to appear before the grand jury. The bonds were furnished and the prisoner discharged.

Growing Cherries.

Mr. Editor:—By your permission and for the consideration of fruit growers, I will offer the conclusion I have arrived at after experimenting on this subject for a long time. It is a well known fact that nearly all of the finer varieties of cherries that have been planted in this part of the country have proved failures except in favored localities where they are protected from the direct rays of the sun in the main heat of the day. We notice those planted in exposed places (as most are) soon start into a thrifty growth until they begin to bear fruit, then there begins to come from the trunk of the tree little balls of transparent amber colored gum. One or two crops of fruit and the tree is a thing of the past.

On examining them we find they have been grafted in or near the roots; also that the bark is thick, soft very porous and well supplied with strong suction valves. Now we should understand that trees of this nature are very sensitive to every change of temperature except in winter while dormant they start vigorously in the spring and seem to grow with increased rapidity until the intense heat of summer sets in; and the ground gets warm and dry, then the trees failing to receive a sufficient quantity of sap to meet the requirements for growth and evaporation, begin to show signs of decay; the leaves droop and lose their healthy color, little indentures appear on the bark from which the gum exudes and continues until the tree is dead. On examining these is process of decay we notice that it requires a copious flow of sap to fill this thick porous bark, and also that the evaporation from such bark is necessarily very great, so much that the sap becomes thick and waxy, forms into blisters and bursts the bark. We notice also that the larger and finer the variety the more they are subject to it; this is because the fruit always corresponds with the bark. And now to cure those affected put a box around them 10 or 12 inches square, reaching from the ground to the limbs, fill it with dirt, leave it there till it rots away, keep the ground well mulched around the tree that it may retain moisture. It helps all cherry trees to keep an open box around the trunk. The next best plan is plant on the north side of a building; but the best plan that I have tried is to graft or bud high up on the English Mazzard. They are very thrifty, smooth, hardy trees; their natural fruit is of no value being nearly all seeds, though the fruit is of good flavor. All of those choice varieties when grafted on the Mazzard hard enough and properly cared for, very soon, spread out into large magnificent and beautiful trees and will bear abundantly of the finest quality. I have one of 10 years growth that measures 37 inches 2 feet from the ground and is still in top about 30 feet high. Therefore take good care of the cherry trees for there is none so valuable.

IMPORTANT NOTICE.—Five thousand dollars must be raised by Bigger & Magly within the next sixty days, hence we are compelled to call on all our customers to settle on or before Jan. 1, 1885, either by cash or good notes. We have been very liberal in the past, this being our first call, and hope all will promptly respond.

We still keep a full stock of hardware, stoves, tinware, wagons, plows, harrows, paints, oils and everything pertaining to our business. We change our prices from time to time, making them conform with present times—cutting profits down so small that no one can do so well by sending away for goods as by patronizing us. Call and see us. BILGER & MAGLY.

For months past there have been a crowd of nurserymen traveling over Eastern Oregon and Washington, in the interest of Eastern nurseries, and whose aim has been to swindle everybody who gives them orders for trees and shrubs. The stock sent out is not the kind ordered, but those who signed the order book are compelled to take and pay for them. There are plenty of home nurseries the people can purchase from, and just why they should insist on patronizing these traveling bilks for Eastern swindling concerns is a mystery. But they will do it, and one of these days they will find out to their sorrow that a home institution beats a foreign one every time.—"Mercury."

When Lewis McDaniel was murdered at Ashland not long since, acting Governor Eubanks telegraphed District Attorney Kent to come at once and attend the inquest—of course meaning in an official capacity so as to get all possible evidence to fasten the crime on whoever the guilty party was. Mr. Kent responded at once, notwithstanding Court was in session at the time, and leaving a Deputy in Court he spent three days in Ashland, investigating the case. Yesterday a telegram was received no bill to the County Court for his services but, verily he told that body that he thought his expenses should at least be paid. No allowance was made, however, and Kent had nothing to do but be satisfied. Yesterday a telegram was received from Justice Eubanks of Ashland as follows:

30 Paid. Ashland, Dec. 26.
To T. B. Kent, Jacksonville.
An arrest for an assault with a dangerous weapon. Appoint DePout or some one to take charge of case. Answer. J. S. EUBANKS, J. P.

The reply was in these words:
29 Paid. Jacksonville, Dec. 26.
To J. S. Eubanks, Ashland.

County Court refused to pay my expenses to your place on McDaniel inquest. I refuse to authorize any one to appear for me, with all due respect to you.
T. B. KENT.

We forbear comment, thinking only that we would have done as the District attorney did.

The Popular Approval.

Of the now famous Syrup of Figs as the most efficacious and agreeable preparation ever offered to the world as a cure for Habitual Constipation, Biliousness, Indigestion and kindred ills, has been won by the wise plan pursued by the California Fig Syrup Company. Knowing that any remedy truly beneficial in its effects on the system, and at the same time pleasant to the taste, will meet with a rapid sale, the Company, through its agents Merritt & Robinson, gives away a sample bottle free of charge. Try it and judge for yourself. Large bottle fifty cents or one dollar.

FOUND.—A purse containing \$1123.25, was found on the streets yesterday which the owner can have by calling at this office. The loser will please state the exact amount of money there was in the purse and at the same time lay one of our new receipts for subscription to the SENTINEL.
