

HIDES WANTED.—The undersigned will pay the highest cash price for bear skins and all other kinds of furs, deer skins, etc. Call around before selling. THOS. J. KENNEY.

BOUND OVER.—B Simpson was arrested this week on a charge of threatening the life of James Cook and after an examination before Justice Fen dray that official bound the defendant over in the sum of \$250, which was furnished and defendant released.

WEDDING.—Last Wednesday afternoon at three o'clock L. L. Savage, now a resident of Red Bluff, Cal., and Miss Lillie Ulrich of this place were joined in the holy bonds of wedlock at the residence of the bride's mother—Rev. A. R. Bickenbach officiating. The wedding was a quiet one only the relatives of the family being present. In the evening before starting on their journey for Red Bluff—their future home—they were attended by the Jacksonville Silver Cornet Band when many of the friends of both parties called and extended congratulations. Their many friends here wish them much joy and prosperity in their new relation which we join with a good will.

LOOK AFTER THEM.—There are several boys who are not attending school, who should be looked after at once by somebody. The most charitable construction to be placed on their continued absence from school is, that their parents are not aware of it, for it does not seem possible that any one could be so unmindful of their children's interests as to allow them to continue in a course, that must inevitably end in their own ruin, and the ultimate shame and humiliation of their parents. Parents should be notified at once of the course their children are taking, and if they refuse to act in the matter, it would seem to us to be the duty of the proper authorities to prevent these truants from hanging around the school grounds and enticing smaller boys to disobey the rules of the school as they have been doing recently. In the interest of those unfortunate children who are losing the opportunity of attending our excellent school, as well as those equally unfortunate, who are liable to be infected by their disobedience and insubordination. We hope they will be looked after at once.

FOUND AT LAST.—For a week past about one fourth of the population of Jacksonville has been hunting the artesian well sunk some thirteen years since by S. Plymale but it was not found until yesterday. A reward of \$10 was offered to the finder and this caused the work when Tim Dugan was the lucky man to find the hole. Everybody knew just exactly where it was and the result was that the whole street was dug up before the well was found. While digging the well some rich quartz was struck showing a good prospect as far as they went and the contractor quit the work on account of the hardness of the rock after reaching a depth of over 40 feet. Nothing was done there in the mining line at that time but a couple of weeks since a company was organized to prospect it and since the locality has been found they propose sinking a shaft at once and before they quit they will know what there is in it. The excitement grew so intense this week that several parties thought it would be a good joke to "jump their claim," which they did by posting a notice claiming all the quartz mines in that section of country, but explanations followed and the original company will go on with the work. It would stand to reason that there was a quartz ledge in that section and we hope the originators of this enterprise will now carry it through a thorough test and we also wish them the best of success. The start will be made at the well in the street between the Schump and Deegan residences and the town authorities have given the company authority to dig a shaft there.

Several citizens complain that their chicken roosts have of late been visited by nocturnal lovers of poultry. Load up your shotguns and remember that eternal vigilance is the price of chicken stews. Medford is still improving and we noticed at least five new buildings that were in course of construction this week. It is now a town of some pretensions and can put on city airs whenever it wants to. The roll of the House of Representatives for the forty-ninth Congress shows 182 Democrats, 140 Republicans, 1 Greenback Democrat and 1 Greenback Republican. There is a vacancy in the Nineteenth Pennsylvania district. The plastering of Kubli's brick was finished by Messrs. Guerin and Huggins this week and the shelling is ready to be put in place. Both Kubli and Merritt expect to move into their new places of business in a couple of weeks. There are at present from 60 to 100 men at the New River mines in Trinity county, principally engaged in getting out timbers and erecting buildings. Provisions are scarce, and it is doubtful if there is enough on hand to last until spring. W. T. Moore is now telegraph operator here and as he has attended to the business of that office almost entirely for a year past he will no doubt succeed as well as manager. The office can still be found at the old place—in the SENTINEL office. The home of Bro. W. H. Leeds of the Ashland "Tidings" has been made happy by the advent of a baby daughter. We congratulate and earnestly wish that the little one may live long to emulate the example and perpetuate the virtues of our esteemed cotem and his excellent wife.

Another race for \$150 a side is announced to take place at Deskins' on St. Valentine's day it being a match between Thos. Miles' "Dollie C" and Wm. Penniger's "Moss." Those who know the horses say that the two nags are about evenly matched and an interesting race is promised. Simon Caro's beaming countenance lit up our sanctum one day this week—in fact he kept it lit up for several days. Simon says he is a Republican still and if the Democrats could stand it twenty four years in the minority he surely can hold out till the next election. Miss Annie Dowell has returned from Portland where she has been attending school at St. Helens Hall. She has been compelled to discontinue her studies for the present in consequence of having affected her eyesight by too close application. Her many friends will be pleased to welcome her home. A meeting of the Enterprise Mining Co. will be held this afternoon for the transaction of important business. This is the company organized to work the quartz mine in the upper end of town and apparently they mean business. Bids are asked for digging a shaft and tunnels and the contract will be awarded to the lowest bidder on Monday next. Our Mr. Savage, "Ladd," left on his long contemplated trip to Jacksonville, Oregon, on the 4:30 train this afternoon. He will be gone until a week from the coming Sunday, and on his return will be accompanied by Mrs. Savage. We can assure him and Mrs. Savage, that it is by a most cordial welcome from the good people of Red Bluff—"Democrat."

Our cotem advises the Democratic members of the legislature to stand in for a "Mugwump" if they can't elect one of their own political faith. We can stand that all right, Charles, but after giving such a decided opinion on a public question you are really afraid that it may injure you with the incoming administration and probably lose a subscriber. We hope, however, that you may escape any such calamity. Letta Crabtree, or "Little Letta," as she is familiarly known, is worth over half a million and is now a theatrical star in England. She began her career on the stage when a small red-headed girl, at the Arcade saloon in Yreka kept by W. S. R. Taylor, where the Red Men's Hall has been built since. This was 1857, when Taylor opened the first "bit" saloon in town, says the Yreka Journal. A benefit for Letta and her father and mother was subsequently given in Crescent City, at which the play of "Goodies" was presented, Letta playing the part of Mrs. Toodles.

Mr. McGinnis will soon commence the publication of a paper at Medford. We do not agree with the "Times" in the certainty of its proving a failure. Mr. McGinnis is a gentleman of ability and we think is eminently qualified to make a success of his new enterprise and we think the Medford people so deride themselves in starting a paper and we have no doubt it will succeed. Simply because some ill natured and selfish person hope to see it fail is not going to kill it. Success to the new enterprise. The "Times" says that Jackson county is not represented at the great National Exposition now open at New Orleans. Genl. John E. Ross of this valley was appointed Commissioner for this end of the State and we know that he made as much effort as any one—and all at his own expense—to get everything that would tend to show the advantages and resources of this State, and he succeeded in getting all that was possible. While acknowledging that the General was a Butler Elector (but only one spoon was sent, and that wasn't worth stealing) we will claim, that with very few exceptions, Jackson county is better represented than many other in the State. It might have been much better but it was not the fault of our Commissioner. Brother Bell who was for many years a resident of this valley, has assumed editorial control of the Roseburg "Independent," and changed the name to the Roseburg "Review." We extend a hand to Brother Bell and hope he will bring his splendid talents to bear in his new avocation feeling assured that the newspaper fraternity are welcoming in him a good addition to the broad field of journalism. He says in his salutatory that he will be governed by the Jeffersonian principles of Democracy. The Jeffersonian principles, filtered down through the corrupting influences of modern Democracy will be a questionable guide for a man of Brother Bell's high standard of integrity, and we confidently hope that he will soon discard the incompetibility of his position and take refuge in the grand old Republican party the political asylum of all honest men.

OUR SCHOOL.—The Jacksonville public school is in a most excellent condition, and is now conceded that the school has lost nothing by the change in the excellent management heretofore, in the past year, but is fully up to the high standard it has maintained for the past ten years. Prof. Watt and efficient corps of assistants are indefatigable in their endeavor to secure the prompt attendance of pupils and to interest them in their studies by every possible means. Mr. Priest in the grammar department is succeeding admirably, and is proving himself to be an educator of acknowledged merit and ability. The intermediate and primary departments under the efficient and capable direction of Misses Dorris and Newbury are certainly in excellent hands. The patrons of the school have reason to congratulate themselves on the excellent state of the school to which they are in a great measure indebted to the wise and judicious action of the board of directors who have spared no pains to secure teachers eminently qualified for their respective positions.

Fruit Growers Meeting.

HELD AT GOLD HILL, JAN. 22, 1885.

According to previous notice the representatives of the fruit growers of Southern Oregon assembled at Wm. Fitzgeralds store for the purpose of permanent organization. The meeting was called to order by B. F. Miller who was elected (pro-temp.) On motion J. H. Griffin was called upon to act as temporary secretary. The chair then appointed Messrs H. W. Shipley, G. F. Pennabaker and Thomas Raymond as a committee on organization; the committee then withdrew. During which time W. M. And shall make a report of the financial condition of the association at every regular meeting.

Committees. H. W. SHIPLEY, on G. F. PENNEBAKER, Organization THOMAS HAYMOND. The following gentlemen then came forward and signed the Constitution and By-Laws: B. F. Miller, G. F. Pennabaker, H. W. Shipley, G. F. Shmidtledid, J. H. Griffin, Tobias Miller, Wm. M. Colvig, Joseph Douden, Henry Clock, Thomas Raymond, W. H. Newton, Thomas Raymond. After which the members proceeded to the election of officers. On motion of H. W. Shipley G. F. Pennabaker was placed in nomination for President. On motion of Wm. M. Colvig, B. F. Miller was nominated for the same office, the nominations were then closed, and the society proceeded to vote by ballot, B. F. Miller receiving the largest number of votes was declared elected President. H. W. Shipley and G. F. Pennabaker were nominated as Vice Presidents. The rules were suspended and the above gentlemen were elected by acclamation; Wm. Colvig was unanimously elected Treasurer, and J. H. Griffin Secretary. H. W. Shipley moved that the next meeting of the association take place at Medford on the 28th day of next February, carried. On motion of G. F. Pennabaker the association returned a vote of thanks to Mr. Fitzgerald for his kindness and accommodation. The secretary was instructed to send a copy of the proceedings of the meeting to the local papers and to purchase books suitable for keeping a record of the proceedings of the organization. It was resolved on motion of H. W. Shipley that every member present be considered a committee of one to solicit members. H. W. Shipley addressed the meeting and spoke of the necessity of determined action on the part of

members in the beginning of this very important move; until all the fruit growers of Southern Oregon are enlisted in the cause and fully realize the benefits that will occur to them from concerted action. G. F. Pennabaker offered some very wise remarks in regard to the sectional feeling that exists between different business points in this county, and earnestly urged the fruit growers of Southern Oregon to rise above such a narrow minded policy and let individual interest give way to such measure as are for the general good. On motion of G. F. Shmidtledid the meeting adjourned. H. J. GRIFFIN, Secy.

Communicated. The following is a report of a public meeting held at Medford one evening last week and the proceedings are furnished by the secretary. The meeting was held for the purpose of deciding on what steps should be taken in regard to Senator Miller's bill to give Josephine county four townships now belonging to Jackson county: Editor SENTINEL: Meeting called to order by calling Gen. John E. Ross to the chair and W. G. Kenney was chosen secretary. Mr. Bowditch, in his remarks favors the cutting off of the four townships as provided in Miller's bill in order to avoid Cameron's will to annex Josephine to Jackson county. He thinks Grant's Pass don't amount to anything any way, to let them go and wish welcome. Mr. Johnson follows in much the same strain and makes a vehement attack on Prim's integrity. Mr. Howard agrees exactly with Mr. Bowditch and warmly eulogizes the delegation from Ashland and moves the immediate circulation of a petition favoring the views of Senator Miller from Josephine county. Secretary was called upon to read a telegram from Hon. P. P. Prim which shows there is no danger in Cameron's will being made a law. Mr. Bowditch again reviews the situation and ignores Prim's telegram, followed by Howard, Johnson and Lawton, who make a general assault on all our representatives and favor a remonstrance for Senator Miller to bat our representatives over the head with. Hon. C. W. Brobeck delivers a scathing rebuke to the other side for the villainous attack made on our representatives and with all the fire of his eloquence was willing to stake his life on the honor and manhood of Senator Prim and was astonished at the ease the other side falls into the net of Miller's to disarm our representatives of the power vested in them, and warned the people not to be led away into captivity by the side laid schemes of Miller's cunning. Chairman Ross made a stirring appeal to the good sense of the people and stripped the covering from Miller's sarcas, and held him up to the gaze of the curious, and favored no compromise of any kind—give them nothing and take nothing. B. W. Powell, closes and was sorry that the gentleman from the rural districts of Ashland had become the willing dupes of Miller and had failed to see the trick till they had arrived at Medford, and that the telegram just received by Ross, Kenney and Brobeck exposed Miller's scheme, and showed his pity and contempt that there were men in the proud city of Medford ignorant enough to fold the night gown of injured innocence about their delicate frames and err pathetically "Miller's got us, let him have the four townships quick."

Howard's motion was then stated by the chair and carried. Howard then moved that Miller and Lawton be appointed to circulate remonstrances. Carried. Meeting adjourned. W. G. KENNEY, Sec. COL ROSS, Chairman.

NOBBY CLOTHING STORE.—Ashland Oregon is the place for every man and boy, old or young, to buy their Fall and Winter clothing and furnishing goods because you can buy better goods for your money and you will live long and prosper, but if you go and pay the old fashioned prices for goods and then get shoddy clothing you are liable to swear because you are cheated, catch cold because the goods are shoddy and will not keep you warm, and then die, and then what will become of you. Go to the Nobby Clothing Store by all means, take no such chances! Tailor shop in connection. So you can get anything you want in the clothing line. All the Kluge. To captivate the popular taste and surpass all previous efforts to please the palate, requires no small amount of knowledge and no little skill, and when we remember that the very agreeable liquid fruit remedy, Syrup of Figs is as beneficial to the system, as it is acceptable to the stomach, we readily understand why it is the universal favorite as a cure for Habitual Constipation and other ills arising from a weakness, or inactive condition of the Bowels, Kidneys, Liver and Stomach.
