There are certain young men who have been in the habit for some time past of going uninvited to weddings and other private parties, and remaining in close proximity, until they are sublimed in some way to take their departure. We believe in the inalienable right of all men and women to celebrate their wedding and birthday parties in the presence of friends and invited guests, and we hold the fact to be self evident that if persons persist in this sort of questionable conduct they should be held amenable to law and punished for this infringement on the rights and privileges of others.

The citizens of Linkville are endeavoring to secure a State appropriation of \$2,500 to build a bridge across Link river at that place, the old one being rickety and dangerous, and the county just organized, too poor to build the same. A Foots Creek Dance.

It was the night before Valentine. The Foots Creek boys thought they would have a little dance. And try to have a little dance. Swing the girls and round them prance. But when they met it made them swear. To see that only three girls were there. Some of them got mad, don't you think. Went out of doors and took a drink. Their thoughts, you see, made them sore. And down the went to the corner store. On their way down, Thomas he said. Hold out your lantern, my brave lad, and let my pistol, at it bark. And he shot them from light into dark. So giggling, laughing on they went. And to Jones a dollar and half spent. So you see by a lucky shot My friend Colvig, a new lantern got. But no cross! Mind all in a jog. Thought he broke it in a log. But you see his mind was in a trance In coming from the Foots Creek dance.

Spring fights opened out in fine style a few days ago and several parties are in mourning since that time.

In Time of Peace Prepare for War.

Scarcely any doubt exists in the minds of scientific men about the appearance of cholera in this country another season. The extent and virulence of the disease will depend entirely upon the sanitary condition of the country and the physical condition of the people. Persons in a perfectly healthy condition have little to fear from its approach. Dr. Koch of Berlin, in his recent writings upon the subject, says: "Under ordinary circumstances the bacilli, introduced by the mouth, are destroyed in the stomach, but given a derangement of this organ due to errors of diet or other causes, and the bacillus is enabled to escape the action of the acid gastric juice, where it proliferates, sets up irritation, diarrhoea and all the typical symptoms of choleraic seizure." Dr. Haven's Dyspepsia Cure is a remedy that supplies the acid that is wanting in the digestive juices of a deranged stomach. Sample bottles free at E. C. Brooks' drug store.

Habitual Constipation

Is a prolific source of misery and many ills, giving rise to Headache, Dullness, Fevers, Nervousness, Restlessness, Bilioousness, Indigestion, Poisoning of Blood, etc. The bitter, nauseous Liver medicines, pills, salts and draughts formerly used to relieve the sufferer, only aggravate the disease and sicken the stomach. All who are afflicted in that way, know the importance of the remedy pleasant to the palate, harmless in its nature, and truly beneficial in its action. The trial bottles of Syrup of Figs given away free of charge by our enterprising druggists Merritt & Robinson of Jacksonville prove that it is all that can be desired. Large bottles at fifty cents or one dollar.

NOBBY CLOTHING STORE.

Ashland Oregon is the place for every man and boy, old or young, to buy their Fall and Winter clothing and furnishing goods because you can buy better goods for your money and you will live long and prosper, but if you go and pay the old fashioned prices for goods and then get shoddy clothing you are liable to swear because you are cheated, catch cold because the goods are shoddy and will not keep you warm, and then die, and then what will be come of you. Go to the Nobby Clothing Store by all means, take no such chances! Tailor shop in connection. So you can get anything you want in the clothing line.
