

The Importance of One Vote.

The importance of one vote is forgotten when heavy majorities roll in for the favorite candidate, but when he scrapes through or is defeated by a small and uncomfortable figure, then "the might have been" rise up to accuse and breed discomfort to one's feelings. The closeness of the Illinois Legislature—now doubtful, and, at best, one way or the other, only a bare majority of one or two, and that one or two depending upon one vote were or less gathered from a city of Chicago, a city of half a million people—is the latest illustration of the importance of one vote. The Jeffersonville "News" relates an instance where one vote elected a Representative, a United States Senator, and perhaps annexed Texas to the United States. The "News" gets its information from Hon. Dan Blotcher, of Holman, Scott county, Ind. It was in 1846, when Han Davis was the Democratic candidate for the Legislature of that county. Just before the polls closed William H. English asked Mr. Blotcher if he knew any voters who had not voted. He said yes, "there was Wash Owens, but the darned beggar wouldn't come because he had no boots." Mr. English insisted that Blotcher should get Owens, so he started for him. Owens refused to come to the polls because he had no boots, but Blotcher by a deal of persuasion got Owens to start on the promise that he would lead him his boots. Accordingly, when the pair got within half a mile of Lexington, Blotcher pulled off his boots and loaned them to Owens. In those days it was universally the custom to treat voters, and Owens received his dram and 50 cents, and leaving Blotcher standing barefoot in the cornfield, started for the polls. He voted and then proceeded to invest the 50 cents in Jersey lightning. The consequence was that Owens got gloriously drunk and forgot all about Blotcher's boots. This was a modification of Daniel in the lion's den. It was Daniel's bare foot in the corn field, and he at length grew lanky and started after Owens with red vengeance in his eye. Of course it was using mild language to say that Blotcher was mad. But when the ballots were counted and Han Davis was found to be elected by a majority of one, then Uncle Daniel's wrath was changed to rejoicing. But this was not the only good result. In the contest for United States Senator, Edward C. Hannegan was elected by one majority, and Hannegan's vote annexed Texas, bringing on the Mexican war. We doubt if ever a bootless Democrat before or afterward exercised such an important influence over the destinies of his country. It should teach every man that his vote is important.

Hog Exploded.

Talk about dynamite, I can tell you a story of what nitro glycerine once did in our State. It was out near Prairie du Chien, where they were blasting on the Chicago, Milwaukee and St Paul road. The contractor had several kegs of the stuff in an underground place. One day a workman left the place open; by and by a hog came along, found a keg open, and, as glycerine is as sweet almost as honey, the animal filled himself. He came out by and by and soon wandered into a stable which contained about forty horses belonging to the contractor. The hog got fooling around among the horses' hind legs, when one of them drew off and gave Mr. Hog a good one. The concussion started the business, and not a vestige was ever discovered of the hog or of a single horse or the stable. And where the stable once stood there was a hole in the earth fifty feet deep and 200 feet in circumference. Fact, gentlemen!—Madison Democrat.

In 1866, at the beginning of the Atlantic cable service \$100 was charged for twenty words or less. Reductions followed to \$25 for ten words; \$10 for ten words; 50 cents per word. In 1880, during a war of rates, the tariff was reduced to 12 cents per word. Upon the opening of the Bennett-Mackay line the rate was reduced to 40 cents per word. Address and signature must be paid for.

The Chicago Herald thinks there is a surprise in store for the Democrats, and says: "They have been made to believe that the Republicans have excluded all Democrats from office. When Cleveland comes to nose about in the departments for holes for the Democratic peg, he will find a large percentage of them already filled with the soundest Democratic timber."

Twenty years ago copper was worth forty five cents a pound in New York city. From that price it has receded to fifteen and one half cents a pound subsequent to the panic of 1872. It is now worth eleven cents a pound.

Piles! Piles! Piles!

A SURE CURE FOUND AT LAST! NO ONE NEED SUFFER!

A sure Cure for Blind, Bleeding, Itching and Ulcerated Piles has been discovered by Dr. William's Indian Ointment. A single box has cured the worst chronic cases of 25 or 30 years standing. No one need suffer five minutes after applying this wonderful soothing medicine. Lotions, instruments and electricians do more harm than good. William's Ointment absorbs the tumors, allays the intense itching, (particularly at night after getting warm in bed,) acts as a poultice, gives instant relief, and is prepared only for Piles, itching of the private parts, and for nothing else.

Read what the Hon. J. M. Coffinberry of Cleveland says about Dr. William's Indian Pile Ointment: "I have used scores of Pile Cures, and it affords me pleasure to say that I have never found anything which gave such immediate and permanent relief as Dr. William's Indian Ointment."
