OUR CLIMATE.—In the orchard of David Cronmiller of this place can be found a fig tree with figs on that had not been picked last year, that are still hard and have never been frozen, and the tree is now laden with a crop in size about as large as peas. If any one can beat this for climate we would like to hear it told.

NEW SUGGESTION.—A joint stock mining company, with shares at \$10 each is now being talked of by our citizens. The object is to tunnel through a mountain on Jackson creek to find a quartz lead that it is expected to be the richest ever discovered. The plan is a feasible one, and as no one can get hurt much if the enterprise fails, we hope the project will succeed. Think of this and don't say no until you have fully considered the matter.

BENEFIT CONCERT.—The entertainment to be given as a benefit for the Silver Cornet Band will be held next Friday when the following programme is announced: 1, Music by Jacksonville Silver Cornet Band; 2, Chorus; 3, Declaration by Chas. Bigler, 4, Song by Daisy Eiler, Wanda Miller and Emma Pyramale; 5, Duets; 6, Solo by Miss Ada Pyramale; 7, Recitation by G. A. Hubbard, subject, A Moneyless Man; 8, Music by Jacksonville Silver Cornet Band; 9, Song by Little Girls; 10, Recitation by Miss Laura Cardwell; 11, Song by Johnnie Miller; 12, Duets by A. Schmitt and Son; 13, Solo by Miss Cora Linn; 14, Song by the boys; 15, Chorus; 16, Music by the Jacksonville Silver Cornet Band.

O'NEIL SENTENCED.—On Monday of this week Judge Webster overruled the motion for a new trial in the O'Neil murder case and in the afternoon of that day pronounced sentence naming Thursday, May 21st as the time of execution. When asked whether he had anything to say before sentence should be passed upon him O'Neil said that he was innocent of the crime for which he was convicted and that he had nothing to do with the death of Lewis McDaniel in any form whatever. A large crowd was drawn to the Court House to hear the sentence but the prisoner received it without any apparent emotion—seeming less affected than others in the audience. Exceptions were taken by his attorneys—Messrs. Kahler and Neil—and the case may be appealed to the Supreme Court.

CIRCUIT COURT PROCEEDINGS.—The following business has transpired in this court since the last report of the SENTINEL: Minnie Helms vs. Albert Helms; suit for divorce. Decree granted and plaintiff given custody of minor children. It was also ordered that defendant pay \$500 alimony to plaintiff and pay the costs of the action. State vs. Lewis O'Neil; murder in the first degree. Motion for new trial denied and defendant sentenced to be hanged on Thursday, May 21, 1885. State vs. Richard King; assault with a dangerous weapon. Continued until next term. Cox & Minor vs. J. H. Marble; to recover money. Judgment for \$1,470 and costs. Ordered that the district attorney be allowed his bid of \$250 for fees at this term of court; also that C. W. Kahler be allowed \$50 for defending Lewis O'Neil.

RELIGIOUS ITEMS.—Rev. P. A. Moses will preach at Brownsburg on the first Sunday in April. Palm Sunday will fall on the 29th inst. and Easter on April 5th, or one week there after. Rev. E. Gittins will hold services at the M. E. Church in this place Sunday, both morning and evening. Regular Lutheran services will be held at the Catholic church, in this place, Rev. F. X. Blanchet officiating. Elder M. Peterson will hold services at Woodville on the evening of the 28th inst. and Grant's Pass on the following day, or Sunday. Rev. J. W. Shreve will preach at the Missouri Flat school-house Sunday, instead of at the Murphy school-house, as erroneously announced last week. There will be no services in the Presbyterian church in this place Sunday, morning or evening. Rev. A. R. Bickenbach will be at Medford Sunday morning and evening.

NEW DISCOVERY.—Two parties living near town claim to have discovered a silver lode fifteen feet in width, located near the divide between Jackson and Gall's creeks and had their locations recorded in the County Clerk's office here. Numerous indications of silver have been found in that locality before but no one could find the lode until now. If all reports are true this will prove a bonanza for the finders as well as to our town, the lode being only four miles distant. There are numerous quartz mines in this county that would all pay large profits to any one that would put in the capital required to work them, and we expect to see a class here ere long that will give them the proper test. The gold and silver is here, and our people should remember that if silver is down to 85 cents on the dollar our export will bring more than the product of several of our best farms—no exaggeration either.

South of Jew.—One noticeable feature about Jewish cemeteries in the South is the scarcity of newly made graves after an epidemic of cholera or yellow fever. Statistics show that fewer of them die than any other race from these kind of diseases. During the cholera scourge in Toulon only two orthodox Jews died of it, while in numbers they equalled fully 20 per cent of the population. Their immunity from disease, and the certainty with which they recover when attacked by it is accounted for by the simplicity of their diet. They are very strict about following the dietary laws prescribed by Moses. Isn't it a little strange that Moses, if he was only a historian, should have possessed knowledge superior to that of the wisest and best physicians of the present day? He evidently believed in preventing disease rather than curing it. This is what Dr. Haven's Dyspepsia Cure aims to do; it acts directly on the digestive juices of the stomach and both prevents and cures Indigestion and Dyspepsia. Free sample bottles at E. C. Go to the Nobby Clothing Store by all means, take no such chances! Tailor shop in connection. So you can get anything you want in the clothing line.

A CARD.—We take pleasure in announcing that Prof. E. T. Kugler has succeeded to remain in Southern Oregon. Sunkle friends, who became quite chronic diseased by continued meddling with Mr. E. T. Kugler's personal private business in setting any kind of story to the contrary in circulation, would do well, to take the Professor's advice, to mind their own business, by keeping their own snouts' off from his affairs.—Mr. Kugler means what he says.

All the Rage.—To captivate the popular taste and surpass all previous efforts to please the palate, requires no small amount of knowledge and no little skill, and when we remember that the very agreeable liquid fruit remedy, Syrup of Fig is as beneficial to the system, as it is acceptable to the stomach, we readily understand why it is the universal favorite as a cure for Habitual Constipation, or other ailments arising from a weakness, or inactive condition of the Bowels, Kidneys, Liver and Stomach.
