OREGON SENTINEL

JACKSONVILLE:

SATURDAY, APRIL 18, 1885.

Southern Oregon is receiving as many settlers this spring as all the rest of the State combined.

President Cleveland sent 163 nominations to the Senate of which 150 were confirmed, two were rejected and 11 not acted upon. All but two were Democratic.

To gain India the Russians would venture much. To keep it the English would venture all. The gladiators are donning their armor. The nations of the world sit round expectant, and the hand of the dial points to war.

The Oregon R. R. has made a further reduction of freight for this county, from 75 cents to 65 cents per 100 lbs from Portland to Ashland, as an inducement to get freight via Portland instead of via Delta.—Yreka Journal.

The bounty law does not take effect until ninety days after adjournment of the legislature, and the court will not fix the price to be paid for scalps until the July term. All scalps taken since the first of March will then come in.

A Washington soldier suggests that General Grant be buried under the Washington Monument, where the remains of Washington should also be placed. "The Father of his Country" should be inscribed on one side and "The Savior of His Country" on the other.

Captain John Bull seems to have his hands full at present. With Ireland kicking as enthusiastically as ever, the Russians menacing Afghanistan, Louis Riel at the head of a determined pack of half breed rebels in Manitoba, El Mahdi holding the fort in the Soudan, and the Hindoos not very pleasant and contented—the old gentleman must be beginning to think that matters are looking serious. Captain John, however did all the planting himself and if the crop doesn't turn out to suit, he has no one to blame but himself.

Whether or not war results from the present strained relations between England and Russia, one thing is certain, if both nations continue to make such extensive preparations, all the neutral Powers, and chiefly the United States, will be the gainers. California and Oregon will get rid, not only of much of its surplus wheat, but [illegible] the over production of the past two years has served to accumulate. With these old stocks cleared out there will be a free field for the farmer, the orchardist and the canner, which they can have in no other contingency.

The farmers of Oregon and Washington, says the "News" have concluded that wheat must bring a dollar a bushel, and refuse all offers at less than that. There is said to be a good deal of wheat in the country yet unsold, but whoever gets it will have to pay for it. The same speculative spirit prevails at all the great wheat centers, and the European war was probably discounted during the first few days of the excitement consequent upon the commencement of hostilities. Farmers, however, must be careful and not hold on too long. If they do they may fail to realize to the extent they imagine.

The last legislature passed the following bill:

SEC. 1. The following shall be and are hereby declared legal holidays in this State, viz: Every Sunday, the first day of January, the twenty second day of February the thirtieth day of May, the fourth day of July, the twenty fifth day of December, and every day on which an election is held in the State, and every day appointed by the President of the United States, or by the Governor of this State, for a public fast, thanksgiving day or holiday. Negotiable instruments payable on a holiday, become due the next business day.

The postal appropriation bill, as passed by Congress, has only just emerged from the hands of the public printer, and its exact provisions now become known. The two cent rate of postage is made to carry letters weighing not over an ounce. The rate on newspapers from the office of publication is reduced to one cent a pound. Printed mail matter may contain marks to call attention, not in writing or printing, without additional postage. Places of over 4,000 inhabitants, served by one office, may have a special [de]livery; that is, letters bearing a 10 [cent] stamp be delivered by special [messen]ger from 7 A. M. to midnight. [The rec]ipient shall acknowledge receipt [in a bo]ok as with telegraph mess[ages]. [The] postmaster may use four [illegible] to pay the messen[ger] [illegible] will be a clumsy [illegible] telephone, but [illegible] it.

SEC. 11.—This Ordinance shall be in full force and effect from and after its passage.

Passed April 13th, 1885.

The Popular Approval.

Of the now famous Syrup of Figs as the most efficacious and agreeable preparation ever offered to the world as a cure for Habitual Constipation, Billiousness, Indigestion and kindred ills, has been won by the wise plan pursued by the California Fig Syrup Company. Knowing that any remedy truly beneficial in its effects on the system, and at the same time pleasant to the taste, will meet with a rapid sale, the Company, through its agents Merritt & Robinson gives away a sample bottle free of charge. Try it and judge for yourself. Large bottle fifty cents or one dollar.

NOBBY CLOTHING STORE.—Ashland Oregon is the place for every man and boy, old or young, to buy their Fall and Winter clothing and furnishing goods because you can buy better goods for your money and you will live long and prosper, but if you go and pay the old fashioned prices for goods and then get shoddy clothing you are liable to swear because you are cheated, catch cold because the goods are shoddy and will not keep you warm, and then die, and then what will become of you. Go to the Nobby Clothing Store by all means, take no such chances! Tailor shop in connection. So you can get anything you want in the clothing line. *
