

and here I will pause a moment to re-trospect the blessing and benefits that this lodge has conferred, not only to the members of the order and their families, but to this community at large. Think of it, over \$14,000.00 dispensed for the care of the sick, the relief of the distressed, to bury the dead, and to educate the orphan. In doing this, we have only been carrying out the principles of our beloved order. And this community I claim has been vastly benefited by this lodge being in their midst. It could not in the nature of things be otherwise. As the teachings of our order is based upon the sublime principles of Friendship, Love and Truth; these are the elements of our success, these are the principles that have brought to membership in this lodge many of the best citizens in our town and the surrounding country. Men who love Odd Fellowship for its moral teachings, and "regarding our lodge as our family" and whose action, when founded on that grand principle, are calculated to make men social and humane.

Since our organization there has been admitted into our lodge by initiation 153; joined by card, 28; admitted by card as A. O. F., 12; admitted as non-affiliated O. F., 1; total, 195. Withdrawn by card, 40; ceased membership for N. F. D., 38; died, 40; expelled, 5; members now in good standing, 72; total, 195. The lodge, after a period of nearly 25 years, has grown from its original six charter members until to-night it numbers 72 members in good standing, all earnest, active, zealous Odd Fellows. One night in each week for the past twenty-four years and eight months, the question has been asked here in Jacksonville, does any brother know of a sick brother, or a brother in distress one night in each week, the regular standing visiting committee have made their report to the lodge of the condition of brothers who had been reported sick during the week or previously reported and placed under care, with their recommendations of what was necessary to make the brothers comfortable. These reports have been promptly acted upon. If watches were needed they were provided. If money was needed, it was granted—besides the regular standing visiting committee, members have made hundreds of fraternal visits to sick and disabled brothers, frequently going miles into the country to wait upon sick brothers, and cheer them during their disability. I have seen Jacksonville lodge turn out fifty or more in number in a pouring rain to follow to the grave the mortal remains of a departed brother, and tenderly assign a body to the tomb, with Masonic rites of our order, and on two of such occasions the departed brothers were not members of this lodge.

After the lodge had been in existence a little over twelve years, Ruth Rebekah Degree Lodge No. 4, was instituted at Jacksonville December 30th, 1872, by William Ray who had been appointed special deputy Grand Master for that purpose, assisted by members of this lodge, with the following named charter members: N. Fisher, Edwin Smith, H. Klippel, Isaac Sachs, C. W. Savage, John Miller, John A. Boyer, Louis Savage, Rachel Fisher, Augusta Helms, Jane Kubli, and Mary Miller. All the male members being members of this lodge—Ruth Rebekah Degree Lodge has been an adjunct to our order, keeping foremost in the ranks of fraternal beneficial organizations.

On July 23d, 1873, Ashland Lodge No. 43, was instituted at Ashland by Edwin Smith specially appointed deputy Grand Master for that purpose, assisted by members of this lodge, with three of these charter members drawn from this lodge. The members of that lodge actuated by the pure principles of Odd Fellowship, have been a power for good in the community where it is established carrying out the principles advocated by the noblest spirit of fraternity.—This lodge is an offshoot of Jacksonville lodge, and has worthily porvey herself to be an active working theatre of the order.

Kerbyville Lodge No. 55, at Kerbyville, Josephine county, was instituted May 8th 1876, by John A. Dwyer specially appointed deputy grand master for the occasion, assisted by members of this lodge, with two of the five charter members drawn from this lodge. As soon as the lodge was established it flourished in a manner that gave hope to its founders that Odd Fellowship had been planted on fertile soil, and in the years gone by, numerous acquisitions to their members have been made, and the hopes of its members at the outset have been more than realized—the also is an outgrowth of this lodge.

named charter members—Felix J. Day, Newman Fisher, H. V. Holmes, Abraham Bush, Kasper Kubli, John A. Boyer, Frederick Lur, John Miller, Daniel Cronmiller, Thomas R. Kent, William Ray, Frances M. Plymale, Julius F. Kellogg, W. W. Kentner, Ed. J. Farlow, J. D. Fountain, and A. D. Helman; 17 in all.

I desire to say before I close, that notwithstanding the amount of work that has been done, notwithstanding the position we occupy to night in comparison with our small beginning. The work of Jacksonville lodge will continue as long as there is a want to relieve, or a tear to dry, we seek to improve and elevate the character of man, to imbue him with proper conceptions of his capabilities for good, to enlighten his mind, to enlarge the sphere of his affections. In a word our aim is to elevate man so that he will be a better husband and father, a better citizen of the community in which he lives—"This is Odd Fellowship."

In providing for the succession to the Presidential office in case of the death, resignation or disability of the President, the Constitution and the laws have designated three officers—the Vice-President first; and if there shall be no Vice-President, then the president pro tem. of the Senate; and if there shall be no president pro tem. of the Senate, then the speaker of the Senate, then the speaker of the House of Representatives. It was long ago pointed out that this arrangement was inadequate and illogical, and four years ago it was found to be extremely perilous, as when President Garfield died and Vice-President Arthur succeeded it happened that there was neither president pro tem. of the Senate nor speaker of the House to continue the succession, if death or disability had come on Mr. Arthur. For nearly three months the country was in peril of an interregnum. There was an universal demand then for a better succession law, but Congress, after pottering over the matter for three years, has left the matter precise ly where it was; the Senate has again adjourned without electing a president pro tem., and there is no speaker of the House. Thus 1885 repeats the peril of 1881 and the wisdom of all the past on this matter.—[Philadelphia Ledger.

**Piles! Piles! Piles!**  
A SURE CURE FOUND AT LAST!  
NO ONE NEED SUFFER!

A sure Cure for Blind, Bleeding, Itching and Ulcerated Piles has been discovered by Dr. William (an Indian Remedy), called Dr. William's Indian Ointment. A single box has cured the worst chronic cases of 25 or 30 years standing. No one need suffer five minutes after applying this wonderful soothing medicine. Lotions, instruments and electrotics do more harm than good. William's Ointment absorbs the tumors, allays the intense itching, (particularly at night after getting warm in bed,) acts as a poultice, gives instant relief, and is prepared only for Piles, itching of the private parts, and for nothing else.  
Read what the Hon. J. M. Coffinberry, of Cleveland writes about Dr. William's Indian Pile Ointment: "I have used scores of Pile Cures, and it affords me pleasure to say that I have never found anything which gave such immediate and permanent relief as Dr. William's Indian Ointment."  
For sale by all druggists or mailed on receipt of price, \$1.00.

**TUTT'S PILLS**  
TORMID BOWELS, DISORDERED LIVER, and MALARIA.

From these sources arise three-fourths of the diseases of the human race. Bile is secreted in the Liver, and is excreted through the Bowels. If the Liver is diseased, the Bowels become torpid, and the bile is not excreted. This causes a variety of ailments, such as Headache, Dizziness, Indigestion, Constipation, &c. &c. The Liver is also the source of the Blood, and if it is diseased, the Blood is impure, and the system is deranged. The Liver is also the source of the Bile, and if it is diseased, the Bile is impure, and the system is deranged. The Liver is also the source of the Gall, and if it is diseased, the Gall is impure, and the system is deranged. The Liver is also the source of the Urine, and if it is diseased, the Urine is impure, and the system is deranged. The Liver is also the source of the Sweat, and if it is diseased, the Sweat is impure, and the system is deranged. The Liver is also the source of the Tears, and if it is diseased, the Tears are impure, and the system is deranged.
