GRANT'S PASS ELECTED.—The county seat question submitted to the voters of Josephine county on Monday last resulted in a victory for Grants Pass by a majority of 135 over all. On January 1st, 1885, the transfer will be made from Kerbyville when all courts will be held and county business transacted at the first mentioned place. The following is the total vote cast: Grants Pass, 425; Wilderville, 260; Kerbyville, 30.

GOOD NEWS.—Congressman Hermann writes us as follows under date of June 4th: "I have secured an increase of service and reduction of running time on the route from Jacksonville to Crescent City, also a separate route from Waldo to Althous. These changes will all be adopted in making up the advertisement for the next contract term. My action is based on petitions forwarded by citizens in Jackson and Josephine counties."

Truly Yours etc., B. HERMANN.

THE CHAMPION'S ENTERTAINMENT.—The entertainment given by the Champions of Honor at Holt's Hall last Saturday evening was well attended and passed off pleasantly. The introductory performance was a solo by Miss Ada Plymale with organ accompaniment by Miss Hattie Reames which was rendered in a style highly complimentary to the musical talent of each the ladies. The drama "Above the Clouds" was well presented, the characters being admirably sustained and the performers acquitting themselves in a highly creditable style. The dance, a highland fling, by little Wana Miller was executed in fine style, and was loudly encouraged. Tab leau—"Two in company and three none" was fine, and the evening's entertainment closed with a social dance.

He will preach at Brownsboro in the afternoon.

DIED ON THE WAY.—H. P. M. McNevin of San Francisco, who was suddenly attacked with insanity while at work on the Yank ledge on Galice creek was taken to Grants Pass and placed under the care of Dr. Flanagan. His friends in San Francisco telegraphed here to have him placed in charge of a reliable man and brought down there for treatment. Marshal Curtis was selected to take charge of him and proceeded to Grants Pass for that purpose, but found him in such a critical condition, that he took the Dr. with him and traveled by private conveyance from Ashland. Although every precaution was used to effect the journey safely Mr. M. became suddenly weaker and died at Laird's station 15 miles this side of Yreka. His remains were taken to Yreka and placed in a metallic casket and expressed to San Francisco by order of his friends there. Persons who were with him at the time of his attack think it resulted from sunstroke. Mr. McNevin had been here several years ago and made many friends by his universally kind and pleasant disposition and strict integrity of character; he leaves a family who have the sympathy of those here, who knew the father and husband, and can realize the magnitude of their irreparable loss.

The notary public, attorneys and witnesses interested in the case of the U. S. vs. C. D. Fruit Growers' Meeting.

HELD AT GRANT'S PASS, MAY 30, 1885.

President R. F. Miller in the chair. The constitution and by-laws were read. Eighteen gentlemen became members of the association. Reading of the minutes was omitted in order to save time. C. W. Clark spoke on the question of hop growing, and said that he had been informed by dealers, to whom samples of hops had been sent from the vicinity of Woodville, that they were superior to any grown on coast. Mr. Clark requested the association to include hop growing as well as fruit growing. On motion it was ordered the association take up the hop question at the next regular meeting. Hon. H. B. Miller made a short but very enthusiastic speech; he considered fruit growing was destined to be the leading industry of Southern Oregon. He said some of the Portland people think we have no good fruit, because shippers have been so careless in assorting and packing their fruit for market, that a large portion of it shipped to Portland is unfit for market when it arrives; thus throwing discredit on fruit growers and depreciating the market value of our fruit. There is work to do; I will do all in my power for the association. A. H. Carson made a fluent speech, among other remarks he said, I know we have the best of fruit lands. Lands that will produce forest trees will produce fruit trees. While we can grow many varieties of fruit almost to perfection, in apples we lead the world. Our high lands are the best for fruit, it is not necessary to irrigate; trees, if properly cultivated do well without irrigation, and the quality of the fruit is better from unirrigated trees. Col. J. S. Gage liked this climate better than the climate north or south of this place. He said he had received information, which led him to believe the railroad would soon be finished. On motion the president was instructed to appoint some one to speak or write on some particular kind of fruit at every meeting. J. H. Stine, editor of the Grant's Pass "Courier," expressed his willingness to do what he could for the fruit growers, and invited members to send communications to him in reference to the cultivation of the different fruits and he would be only too happy to publish them. C. W. Clark suggested that the members of the association were becoming quite numerous, and if every one would give his knowledge and experience, the result would be a vast fund of useful knowledge, such as would surprise many of us. He feared that some of our members were over modest, that while they might possess knowledge they did not deem of much importance it probably would be the very thing that some one else was looking for. On motion the meeting adjourned to meet at Jacksonville Saturday, June 27th, 1885.
