"THE NOBILITY."-We were shown a correspondence from Jacksonville this week addressed to the "Grants' Pass Courier" which the editor of that paper did not publish as no name was signed to the communication. Of it self the letter amounts to very little, only to show the feeling of the man against our town and people, and its authorship has now been fully established by comparing it with other writ ing this same gentleman has done. The correspondence is in the hands of one of our citizens and can be seen on application.

Surface Indications

What a miner would very properly term "surface indications" of what is beneath, are the Primples, Sties, Sore Eyes, Boils, and Cutaneous Eruptions with which people are annoyed in spring and carly summer. The effects matter accumulated during the winter months, now makes its presence felt, through Nature's endeavors to exped it from the system. While it remains, it is a poison that lesters in the blood and may develop into Scrottula. This condition causes derangement of the digestive and assimilatory organs, with a feeling of enervation, languor, and weariness—often lightly spoken of as "only spring fever," These are evidences that Nature is not able, unaided, to throw of the corrupt atoms which weaken the vital forces. To regain health, Nature must be also d by a thorough blood-purifying medicine, and nothing cise is so effective as

Ayer's Sarsaparilla.

which is sufficiently powerful to expel fund the system even the taint of Hereditary Scrofula.

The medical profession indorse AYER'S SARSAPARILLA, and many affectations of the cures effected by it come from all parts of the world. It is, in the language of the Hou, Francis Jewett, ex-State Sentior of Massachusetts and ex-Mayor of Lowell, "the only preparation that does real, lasting good."

PREPARED BY Dr. J. C. Ayer & Co., Lowell, Mass. Sold by all Druggists: Price \$1; Six bottles for \$5.

This powder never varies. A marvel of purity, strength and wholesomeness. More economical than the ordinary kinds, and cannot be sold in competition with the multitude of low test, short weight, alum or phosphate powders. Sold only in canz. ROYAL BAKING PCW-DER Co., 106 Wall-st., N. Y.
