OREGON SENTINEL

JACKSONVILLE:

SATURDAY, AUGUST 22, 1885.

HIDES WANTED.—The undersigned will pay the highest cash price for bear skins and all other kinds of furs, deer skins, etc. Call around before selling.
THOS. J. KENNEY. *

NOTICE.—The ladies of the W. C. T. U., will hold their meeting the last Tuesday in each month, at the M. E Church at 7 o'clock until further notice. ALICE B. BICKENBACH, Pres.
ANNA A. BILGER, Rec. Sec.

FIRE.—On Tuesday of this week the barn of S. G. Palmer, living of Griffin creek, took fire from some unaccountable cause and was burned to the ground together with all its contents. The barn was full of hay at the time and the loss falls quite heavy on the owner.

IMPROVING—Latest reports from Waldo state that William Bybee is getting along all right and will soon be able to be around once more. A complaint has been entered against Thos. Bybee for the shooting but we have not yet heard the result of the preliminary examination. Capt. Kelley of this place has gone over to prosecute the case as assistant prosecuting attorney.

IN JAIL.—Marshal Curtis this week arrested a Chinawoman for keeping a bawdy house, and on the following day Recorder Huffer fined her $25 and costs. Failing to pay the fine she remains the guest of the city. In making the arrest the Marshal was interfered with by Chinaman "Moon," who resisted the officer and tried to take the woman away, for which he was arrested and paid $24 for the fun next morning.

LEFT US.—There is now only one daily stage line between this place and Ashland, with George W. Stephenson in charge. Wm. Tyler headed his team for California last week where he put it in pawn for a good sum and started for parts unknown. Sheriff Jacobs, who had a mortgage on the property, has since recovered the same and brought it back. Report says that Tyler lost his money at gambling in Yreka, which is the cause of his leaving.

RELIGIOUS ITEMS.—Elder M. Peterson will preach at Medford Sunday morning and evening.... Elder H. C. Fleming preaches at the Lone Oak school house Sunday.... Regular services at the Catholic church in this place, Rev. M. Straeten officiating.... Rev. J. A. Slover will hold services at the Central Point school house to day and Sunday.... Rev. A. R. Bickenbach is taking a vacation, and there will be no services at the Presbyterian church in this place during the next month.

ANOTHER CASE.—A telegram from Ashland dated August 18th states that Wm. Shepherd was found dead the night before on the high prairie about fifteen miles from town, with a bullet hole in his hand and through his body. A neighbor, finding his horse tied up with a deer strapped on which had begun decaying, concluded something was wrong and immediately commenced a search, which was rewarded in a short time by finding his body. The supposition is that somebody shot him in mistake for a deer, as he was an old hunter and could not have shot himself.

A CHALLENGE.—Horace Dunlap, of Phoenix, now at Lakeview, issues a challenge to Henry and Joe Mensor, of Jacksonville, for either of them to run him a foot race during the races at Linkville, Sept. 4th and 5th, any distance from 10 to 100 yards and for any sum from $50 to $250.—"Tidings."
If Horace Dunlap means business I will run him either 60 or 75 yards for any sum from $100 to $500 in Jacksonville four weeks from this date, a sufficient forfeit to be put up at once. Put up or shut up.
HENRY MENSOR.
Jacksonville, August 22, 1885.

ANOTHER ACCIDENT.—A party composed of Charles Sullivan, Daniel Winkle, Wm. Cushman and others were out in the mountains last week on a deer hunt and when on their return Sullivan got shot and killed the gun of Daniel Winkle going off accidentally while they were riding along the road. The deceased was about 29 years of age and located here only a short time since. While most of these accidents are accidents in fact, a conviction now and then for manslaughter would be timely and be the cause of others being more careful with firearms and there would be less men taken for deer than there are now.

WE AGREE.—The following taken from the Yreka "Union" of last week is to the point and we re print it and say that we agree in every particular and hope our people will take the course suggested: The appearance of an advertisement in our cotem. for Weinstock & Lubin, of Sacramento, causes us to once more remind the business men of this community that the "Union" has repeatedly refused advertisements of such cheap John houses, and has always discouraged the custom of sending away from home for goods. We believe in keeping money at home as much as possible by trading with our own merchants, who sell fully as cheap as the retail Sacramento houses, when the cost of sending money and postage or expressage on goods is added to their catalogue prices. We believe that we have taken the right stand and propose to remain firm so long as our local merchants uphold us in this action by their approval and words of encouragement.

The school directors for Jacksonville district this week re-engaged all four of the teachers employed last year. The decision of Judge L. R. Webster of this place in the celebrated liquor case appears in full in Thursday's "Oregonian." If this decision is sustained by the Supreme Court our liquor dealers might as well commence now in taking out liquor licenses as the law prescribes—otherwise they can await the penalty heretofore prescribed.

In a very interesting letter just received from Hon. Henry Klippel who has been sojourning for some time with his family on his stock ranch near Paisley, Lake county, we are informed that he has entirely regained his health and is much pleased with the country and its prospects. He writes that he has just finished putting up 250 tons of hay and could have put up as much again if there had been any probability that it would have been needed. His daughter Miss Allie, and Fred, will be in in a few days and Mr. Klippel expects to return by the first of November or possibly sooner. He will be warmly welcomed by his many friends here.

Sporting men about Portland are getting very warm over the turf contests to take place at City View Park late this month. The $5000 trot will draw an immense crowd from all parts of the state. Opinion is about equally divided as to which blood will tell in the contest. Altamont's friends claim that his backers have the best of it, as they have three horses to select from—Almonette, Oneco and Cyclone. The last named arrived this week from Jacksonville. He was taken from the pasture and, it is said, is not in condition for a race. All three are in training at J. L. Hallett's place. Late Lindsay has Jane L. and Susie S. in training at the Gentlemen's driving park. A well known turfman gave it as his opinion last night that the race would be between Jane L. and Altamonette, and it was just like tossing "heads or tails" to bet on one or the other.

WM. M. COLVIG, Co. Supt.
Rock Point, Aug. 18, 1885.

A CARD.

KANAKA FLAT, Aug. 14, 1885.
County Clerk Parker.
Dear Sir:—The three Doctors Robinson, Lempert and Aiken, have all been spoken to me at the instance and ipse dixit of his "royal highness" the county judge, and Robinson observed that a considerable and unusual mode of procedure seemed to have been adopted in my case. What I know myself is that I am sick with chronic rheumatism and in want of proper medicines, food and clothing; and have handed in the usual affidavit, so stating the facts. Can it be possible that because I have led an active frontier life and kept the Indians, from scalping the people here (a long time ago) that the county officials think I am a god or a demi-god, and feed in the famed and fabled garden of Hesperides where the gods feed only. I am only a mortal—like themselves—subject to the same natural laws of heat and cold, and of life and death. Very respectfully,
JAMES P. GOODALL

A Hotel Man's Discovery!

SAN FRANCISCO, Cal.—Mr. George H. Arnold, proprietor of the Occidental Hotel, says that as the air is purer as we ascend, a man should not object to being assigned to a room on the uppermost floor; that he shouldn't mind taking a room-attic, as it were, in view of the fact that St. Jacobs Oil so promptly cures the rheumatic. He states that throughout California it is regarded as the great pain-cure of the age.

CHILD'S SNOW FLAKE.—Every lady, wishing a clear, delicate complexion, should use Child's Snow Flake. It nourishes and freshens the skin, removes Tan and Sunburn, and, the natural appearance imparted, renders it impossible to detect its use. Warranted perfectly harmless. Sold by all druggists, or by the manufacturers, John A. Child & Co., Druggists, Portland, Oregon. Mail orders promptly attended to, Price 50 cents.

Baking Powder Tramps.

The danger to the public health from the indiscriminate use of the many lime and alum baking powders of commerce has been so fully exposed that everybody desires to avoid their further use.

The proprietors of some of the worst of these powders are now going from house to house, trying by means of a trick, or so-called test, with heat and water, to show that their article is as good as the Royal Baking Powder, which everybody knows is absolutely pure and wholesome, the object, of course, being to supply their own goods in place of the favorite Royal, which housekeepers have for so many years relied upon to produce light, wholesome, and palatable food.

The housekeeper will do well to be on her guard against these baking powder tramps. Every intelligent person knows that any goods peddled from house to house in this manner, or that are given away in samples, or sought to be introduced by secretly traducing the character of other goods well known to be pure and reliable, have no merits of their own, and have failed to find purchasers through legitimate means.

As a matter of fact, one of these tramps is trying to introduce a powder that has been found by the Government chemist to be 11.85 per cent. lime, and the other peddles a powder that is 20 per cent alum—one a powerful caustic, the other a corrosive poison.

No such tricks of jugglery can deceive any one. The crucial test that the Royal Baking Powder has undergone during the last quarter of a century—the test of actual and successful work in the preparation of pure and wholesome food, under which it has never yet failed—is entirely satisfactory to the practical housekeeper. She has always "good luck" with it in making light, sweet, and delicious bread, biscuit and cake, and has placed it, to stay, at the head of her housekeeping favorites. The Royal Baking Powder has the reputation everywhere of being the best and the only pure baking powder made, and the baking powder tramp who attempts to supplant its place in the confidence of the housekeeper will find this a bad year for his business.

A Notable Turf Event.

For a long time there has been a dispute among horsemen as to the relative merits (as sires) of the trotting stallions Hambletonian Membrino and Altamont, the former owned by L. B. Lindsey of Portland, and the latter by Jay Beach, of Jackson county. Both have distinguished themselves on the turf here and elsewhere and each has a large "get" in this state under four years old. The rivalry between these horses as sires of trotting colts has been a feature of the "horse talk" of the past year, says the "Oregonian" and it is to take the shape of a contest at the park near this city, in which Lindsey will put one of the "get" of Hambletonian Membrino against one of the "get" of Altamont. Each owner stakes $2500 on his colt and the winner takes the pile. This race will be for blood, of course, and, owing to the high reputation of the sires, the general interest taken by horsemen and farmers throughout the country as to their rival merits, and the high stake, it will be one of the most interesting and notable races ever seen in the state. The contest is expected to come off the last of current month and there is sure to be a large attendance from all parts of the state.

Events like this are very different from the common horse-racing, which is simply a basis for gambling, and, very often, of gambling in its worst forms. This is a trial of the practical qualities of rival horses, and it is as legitimate as a trial of speed or of power between rival steamboats. To the farmers of the country who are anxious for the improvement of their stock, the race will have special and practical interest. It is desirable to breed from the best blood and this is demonstrated nowhere but on the race-course. It is to be regretted that too often the pretended trials of speed are mere games fixed in advance by gamblers, to fleece the ignorant and foolish. The contest to come is of a very different sort, and it deserves very different consideration.

There are more good horses in the state now than at any former time. They have come, many of them, from abroad, in anticipation of a fine coursing season at the state fair, and it is more than likely that we shall see some fine sport. Some new Oregon horses are in the list among them a few of specially good promise.
