

OREGON SENTINEL

JACKSONVILLE, SATURDAY, AUGUST 29, 1885.

HIDES WANTED.—The undersigned will pay the highest cash price for bear skins and all other kinds of furs, deer skins, etc. Call around before selling. THOS. J. KENNEY.

NEW POSTMASTER.—Medford has a new postmaster in the person of D. H. Miller, vice J. S. Howard removed. Mr. Howard made an efficient and obliging official but he was proven an offensive partisan and had to go. The new selection is also a good one.

A GOOD HAUL.—Thos Ross and George Neuber went out in the valley yesterday and came back early in the evening with 69 fine fat quail. They report quail plenty now, the game law evidently having had its effect. We acknowledge receipt of half a dozen for which we return our thanks with the hope that they do as well every time.

PIONEER RE-UNION.—The ninth annual re-union of the pioneer society of Southern Oregon, will be held at Ashland, on Thursday, September 10, 1885. It is desirable that members of the society come prepared to pay their annual dues, to the end that the annual re-union of the society may be perpetuated. Programme hereafter. SILAS J. DAY, Secy.

ANOTHER BOARDER.—A man named Miller was brought to the county jail Thursday night on a charge of assaulting J. A. Williams. On an examination before Justice Barkdell at Medford he was bound over in the sum of \$50 which he was unable to furnish and was therefore committed to jail. He claims that he will be able to give the required bail soon and thereby regain his liberty until court meets.

BOUND OVER.—Wm. Bybee returned home from Waldo this week standing the trip quite well, his injuries not proving as bad as at first supposed. In the preliminary examination of Thos. T. Bybee for an attempt at murder, the defendant was bound over in the sum of \$750, for which the bonds were given. Capt. H. Kelley of this place appeared as Deputy District Attorney in the case returning home with Mr. Bybee.

THE BIG RACE.—A final deposit of \$1,000, making a total of \$2,500 a side, will be made to day on the race between the colts of Lindsay & DeLashmuth's Hambletonian Membrino and Jay Beach's Altamont. The race will take place on Monday. The colts will be entered for the race have not yet been named. Among the lovers of the turf there is considerable interest over the race, and it is expected that there will be considerable money up on the affair. The contestants come from blooded stock.

PUBLIC READINGS.—Miss A. S. Luse the popular elocutionist gave one of her readings at Medford Thursday. The house, as might be expected, in these harvest and hard times, was not large but of that character as to duly appreciate the lady's efforts. Miss Luse is most happy in her deliveries and simply inimitable—to be appreciated she must be both seen and heard. She proposes giving one or more readings here the coming week if suitable arrangements can be made, and if our people desire to enjoy a rare treat they should not lose this opportunity. The lady gives her time and talent almost wholly for benevolent purposes and is eminently worthy public confidence and as the price of admission is only 25 cents, we bespeak for her, when she shall favor us with a visit, a full house.

RELIGIOUS ITEMS.—Elder M. Peter son preaches at Ashland Sunday, and will be assisted by Elder Whitney. Elder H. C. Fleming will hold services at the Antelope school house Sunday, at the usual hour. A week from next Sunday the first mass will be held at Jacksonville at 7 o'clock a. m. and at Eagle Point at 10:30 a. m. Rev. M. Straeten officiating. The Baptists are holding a successful meeting at the Antelope school house, a number of converts being reported. Rev. Jas. Hammer in attendance. Elder G. M. Whitney will preach in this place on the first Sunday in September, morning and evening, and at Antelope school house on the following Sunday. Rev. M. Straeten requests us to state that on next Sunday the first mass will be at Medford at 8 o'clock a. m. and at Jacksonville at 10:30 a. m. Sermon: "The true Church of Christ." In the evening at 7:30 there will be benediction and a German sermon; subject: "Die Men schenwending Christi."

CHALLENGE ACCEPTED.—Horace Dunlap of Lakeview not long since challenged Henry Mensor of this place for a foot-race for any amount, distance not named, the race to take place at Linkville during the races there early next month. To this Mensor accepted the challenge, naming Jacksonville as the place for the race, distance from 60 to 75 yards, and a forfeit to be put up at once. Yesterday Mensor received a telegram from Dunlap, stating that he would not run in Jacksonville but would make the race at any other point that he would name. Mensor immediately telegraphed him that he would accept the challenge, for \$250 a side, distance 60 yards, and Medford to be the place where the race is to be run. Since agreeing to make the race Mensor's physician has recommended him to put the race off for at least six weeks or two months and for that reason he declines running it at present, promising to be on hand when he is in proper condition.

Klippel, Keaton & Co. now have two wing dams in Applegate and will commence working the bed of the creek next week. The boys deserve well for the hard work they do.

A lively and feed stable will soon be opened at Beaville and J. A. Slover of this place talks of starting a hotel there before long. Several other business houses are contemplated.

Thos. J. Kenney and Ed Helms indignantly deny that prices differed for sundry goods in their stores here and at Medford and say any party interested can satisfy themselves by examining their books.

Excursion rates will be granted over the O. & C. R. R. to parties wishing to go to Portland on the 31st to witness the big trot. The rates are not announced, but they will likely be half the usual rates.

Our railroad friend of former times, A. S. Whiting, but now Superintendent of the Mechanic's Fair to commence at Portland, October 8th, has placed us under obligations for a complimentary ticket to the same.

Some thief stole John Orth's gun, used in killing beef at the slaughter house one night this week. Johnny says he will give the party a whole beef and no questions asked if they will only return it.

The Baker City "Tribune" says that the advance agent of Cushing's circus is in the cooler, in Boise, and the circus itself has gone to pieces in Ketchum, being attached for some \$5,000 due San Francisco parties.

The butcher shop formerly owned by J. C. Neitz has been closed for the present as Joe and his brother propose mining on Galice creek this Summer. We learn that other parties propose opening the shop again.

The Raimy place in Table Rock precinct was last Saturday bid in by C. W. Kahler, for C. Coleman of San Francisco, at \$5,200, subject to mortgage amounting to nearly the sum. It contains over 900 acres.

The Jacksonville Silver Cornet Band turned out in their new band wagon one night this week and gave the whole town a serenade. They were trying their new lamps and presented a fine appearance after night.

L. C. Coleman, formerly one of Jacksonville's leading business men is here again on a short visit to old time friends. He has just finished a \$15,000 residence in San Francisco and will make that his future home.

The "Courier" of last Saturday says: "It is rumored that a party of surveyors are in the mountains near Crescent City, inspecting a route for a railroad from that place to Grant's Pass. They are said to be in the employ of the Central Pacific."

A gentleman who is extensively engaged in the grain trade, informs a "News" reporter that the wheat crop from Portland to Eugene is twenty-five per cent short. Between Eugene and Ashland it is fifty per cent less than last year.

The late Sam W. Sawyer, for a long time a merchant at Kerbyville, Oregon, who died suddenly at the Galindo Hotel in San Francisco not long since left an estate valued at \$112,000 of which \$61,000 was in coin. His wife is the only heir.

A small fracas occurred at the Eagle Brewery last Saturday between the proprietor and his brewer. The brewer had Mr. Heeley arrested on a charge of assault and battery, but the jury before whom it was tried declared him not guilty and he was discharged in consequence.

We learn from Mr. Thomas Chavner that two capitalists, their wives, with them, and making use of the president's car, recently came to Gold Hill, and spent four days in inspecting the iron mines there. There is some work at present being done on these mines.

After next Tuesday Jas. Hereby, contractor on the mail-route, will leave this place and Butte creek, will leave and return via Medford. Passengers will be carried on reasonable terms and all orders entrusted to Mr. H. will receive prompt attention. Satisfaction guaranteed.

W. V. Jones, Nelson Hosmer and Joseph Goldworthy of Foote creek made us call this week. The former is now engaged in the mercantile business at that place with Fred Otten and says that they are doing well, which all their friends hope may be the fact at all times.

Just as we go to press we learn of a horrible tragedy that was enacted near Eureka, where a woman was beaten and her throat cut from ear to ear. The murderer was taken from the custody of the sheriff, by a mob, a rope put around his neck, dragged some distance and then shot,—"Del Norte Record."

We acknowledge a pleasant call from L. D. Brown, proprietor of the St. Charles hotel at Portland. He came here for the benefit of his health, being afflicted with asthma and has concluded that our climate will relieve him. He returned home Thursday promising to return to remain awhile after the first of next month.

On August 15th, Jack Ward, formerly riding boss on the Oregon & California extension, was killed while working in tunnel No. 1 on the Cascade division of the Northern Pacific railroad, by the caving in of the eastern end of the tunnel. He is well known among railroad men, having been with J. B. Harris for several years.

Toll on the Centennial bridge across Rogue river has been reduced one half and the citizens of Gold Hill have agreed to give a bonus of \$50 per month to Mr. Chavner if he will allow all persons to pass over the bridge free who have business with any merchants in that place. Mr. Chavner has agreed to the offer thereby making cheap toll on that bridge.

Our pioneer furniture dealer, David Linn has been doing a rushing business of late selling furniture outfits to newcomers who have recently located in different parts of the valley. All talk about Jacksonville merchants being unable to compete with stores on the railroad is disproven by the fact that lots of people cross the railroad track to come here to do their trading.

The English Dairyman says that making butter by electricity is the latest popular craze in England. The patent for this process is simple. A pair of electrodes are placed in a large vessel of milk, and a current runs through. Directly the milk feels the force of the electricity and it undergoes a curious change. Little balls of butter form upon the electrodes and subsequently detach themselves and float to the top. The butter is then collected, placed in a kneading machine and worked up into the "best Dossits" as fast as the operator can turn the handle. The process is much quicker than the old-fashioned method of churning. The only drawback to the butter so made is that it will not stand the ordeal of a thunder-storm.

Dan Hunt of Josephine county was here several days this week on mining speculations with experts from the outside. While here he showed us an invention patented by his brother, which he calls a square for a carpenter's rule, and is something that every mechanic should have. It can be carried inside the rule and is about the handiest and cheapest thing we have yet seen for its worth.

Mrs. Thos. B. Kent has been lying quite low with typhoid fever for several weeks past and does not seem much improved at this time. Dist. Attorney Kent, who was at Lakeview was telegraphed the other day, and on his return home his lady was upset whereby he received injuries compelling him to lay over a couple of days on the road. His injuries are not severe, however, and he is expected home this morning.

The county court of Josephine county gave Sol Abraham the right to select counsel on the injunction suit over the county tax question, by agreeing to pay half the expense, and the following party of talent has been selected: Mitchell & Deмент, Portland; Lane & Lane, Roseburg; Judge Willis, Roseburg; For Jonathan Bourne, Jr., Dolph, Bellinger, Mallory and Simon, Portland; J. C. Fallerton, Roseburg; Judge P. P. Prim, Jacksonville, have been retained.

On Friday one Findley, having had some business trouble with his partner W. F. Dill, a carpenter, had him and Cordeia Rhoades arrested at their home on the macadamized road, on a charge of adultery that has been going on for a year. The woman in the case is a pretty and pretty blonde from Jacksonville, and is the mother of a child by Dill. She and Dill waived examination and on Friday took out a marriage license. The sister of Cordeia Rhoades appeared in one of our justice courts some time ago on a similar charge.—Portland "Welcome."

Among the more popular resorts in Southern Oregon, Crater lake takes the lead. This lake is represented as being above the headwaters of Rogue river, some eighty miles from Jacksonville by wagon. The lake is oval, six miles by three, with an island near the middle; the surface of the water is some 2000 feet below the surrounding country, and the report is that sounding 1800 feet did not touch bottom. The falls on Rogue river and the scenery in the vicinity are grand, and game appears to abound. A young man spent a few days up there recently, and reports meeting lots of visitors, hunters, and campers; saw seventeen deer, three bear, one gray wolf, and one panther. His party captured one bear and three deer and lots of pheasants.—"Salem Statesman."

The well known stage team running between here and Medford left that place last Wednesday night while the driver and others were unloading the mail and express matter from the train and started for Jacksonville on their usual gait. When their absence was noticed George Brown, the driver, started after them on horseback and overtook them about half way between Medford and Jacksonville, going along as if nothing unusual had happened. George, of course, had to turn back to get the mail but besides being a little late no damage resulted. Our advice to the contractor is that he have a hostler at each end of the route and when everything is ready tie the lines to the brake and tell the horses to go. In that case there will always be room for one more passenger besides saving the pay of a driver.

THE IMMIGRATION BOARD'S PAMPHLETS.—Our immigration board, appointed not long since by our county court, has, in the last few days, gotten out descriptive pamphlets of the county. Owing to the demand that is being made for the pamphlets at a distance, quick and judicious use is being made of them. Quite a number are already hurrying eastward in Oregon's exhibition car, and our citizens can rest assured that our immigration board has done its duty well. The pamphlets are of 16 pages; a brief statement of many existing facts, and these facts are hugged very closely. The printing done by the "Tidings" is a credit to the county.

CRITICAL CONDITION.—Miss Belle Waters, who was severely burned a short time since in reported falling from a building, is reported to be in a critical condition. Her chances of improving at all are considered very slim by all those in attendance.

The case of George W. Rattrie is unchanged and there seems but little if any hope for his recovery. Judge Day received a postal card yesterday as follows: "Dr. Whitney reports there is no hope whatever for George Rattrie. Era this reaches you he will be no more."

NEW OREGON NARRATIVE.—Moving in its mysterious way, the shadow of official death has fallen across the threshold of a number of Oregon post-offices, and the following is one day's work, being the fourth day postmarked appointed for Oregon on the 18th inst: Major A. G. Brown, Marshfield, Coos county; J. A. Beard, Jefferson, Marion county; Gus E. Johnson, La-fayette, Yamhill county; Wm. N. Moore, Roseburg, Douglas county; W. R. McDaniel, Harrisburg, Lincoln county; Elmer E. Montague, Lebanon, Linn county.

THE ASSESSMENT.—County Assessor John Ashpole has just about completed the assessment of Jackson county for this year and reports it about the same as in 1884. Ashland has lost Medford has gained and Jacksonville remains the same as it has been.

HACKMETACK.—A leading and fragrant perfume, 25 and 50 cts.

OBSESSION'S MEMORIAL STONE READY.

Information was received at the state department Saturday that Oregon's memorial stone for the Washington monument was completed and ready for shipment. It will be remembered that at the last session of the legislature the sum of \$2,000 was appropriated for the purpose of preparing this stone, and the contract awarded to Frank Woods of Albany. Although several states have made heavier appropriations than Oregon for this purpose, it is said that none of the stones sent by other states will surpass this one in quality and beauty of stone nor in finish. The tablet will contain three kinds of Oregon stone. The stone itself is a brown sandstone, bearing on its face a landscape containing the coat of arms of the state, surrounded by fruit and flowers, the whole enclosed with a raised moulding. The stars surrounding the state shield are of a greenish granite set into the sandstone, and the snow-capped mountains are represented by white marble, also set in the brown sandstone.

FRUIT GROWERS' MEETING.—A meeting of the Fruit Growers' Association was held at the town hall, in Jacksonville, on Wednesday last, president B. F. Miller in the chair. The object of the meeting was to make arrangements for an exhibition in October, but owing to a lack of public spirit and the scarcity of choice samples of fruit caused by the late unusual frosts last spring. A motion was made and carried to postpone the exhibition until next year. The committee on finance and arrangements for the exhibition were discharged. The committee on constitution and by laws also reported March 28th, 1885, was also discharged. A. H. Carson of Josephine county was appointed to deliver an address on the peach, and Hon. H. B. Miller was chosen to speak on any subject he saw fit, at the next meeting Oct. 8th, 1885. L. D. Brown of Portland addressed the meeting a few minutes. On motion of G. F. Pennebaker the meeting adjourned.

J. H. GRIFFIN, Secy.

STRUCK AN ARTESIAN WELL.—B. F. Dowell yesterday was engaged, near his fish ponds to this county, putting in a hydraulic ram to throw the water on the hill. He was running a drain to a small drain near the hill, and about fifty feet from the spring he struck the quick-sand, about seven feet below the surface of the ground, and a large stream of water gushed up from below and flooded everything. The water was so cold and the stream so rapid none of the hands were willing to go into the drain to open the sewer. Mr. Dowell left and came home to wait for further developments. If the water continues to run as bold as it did last night, he will need a Tar-bine wheel in place of a ram, and he will have plenty of water to supply East Portland without Mr. Ladd digging his artesian well any deeper. It is an accidental artesian well only seven or eight feet deep.—"Oregonian."

NEW BROOMS SWEEP CLEAN.—Postmaster General Vilas is making numerous reductions in the mail service on this coast being careful however to interfere with nothing but the small fry mail lines leaving the larger ones as they are. Among the changes made we notice that the route from here to Wilderville has been changed to a semi-weekly—formerly a tri-weekly and the mail will hereafter only go once a week from Waldo to Happy Camp. All this is done for the promised Democratic reform but works a hardship on the settlers on the line not recompensed for by the paltry sum saved to the government. Even our Democratic cotem gets a little indignant over this change and if he don't have it reconsidered at once we will always think he has been giving us stuffy about the ponderous influence of his immensity.

Johnson's New Universal Cyclopaedia. Is endorsed by the press, pulpit and bar from Maine to Oregon, as "the best." Testimonials from the highest authorities in the world, including fifteen of our greatest institutions of learning, viz: Harvard University, Yale, Brown University, Dartmouth, Williams, Amherst, Hamilton, Rochester University, etc. It has a corps of editors, such as has never been called together on a single work of the kind, and over 2,500 contributors from all parts of the world, which for variety of talent and literary ability has never been equalled in this country or in Europe. It is indeed a monumental achievement. Mr. C. H. Libby gave us an opportunity of examining this excellent work a short time since. We are pleased to be a subscriber, and cordially commend it to our readers as the best in print. It is complete in eight good sized volumes, well bound, and the low price brings it within the reach of the laboring man. No intelligent family should be without it.

New Mines.

PIKE VALLEY, Or., Aug. 16, 1885. EDITOR SENTINEL: The Pike creek excitement over the new discoveries made this summer are undoubtedly the best ever known on this coast. For a permanent camp, it prospects to be one of the best ever discovered yet. Its quartz are of such even nature, and the gold so plainly to be seen with the naked eye that it has astonished the most experienced miner and capitalist. Of what is known as the "Forest Queen mine" which is now bonded for \$40,000 to an Eastern company, a sealous sack of rock and ore was taken out on the 7th, and four men were required to put the sack in a wagon. It was said by many who saw it, that it was almost the pure gold, as chunks were seen as large as a man's hand that were gold only. There is considerable excitement at present in camp over the jumping of claims, and the Prineville law is likely to take effect soon if not stopped. The notice 101 is plainly to be seen tacked in and around camp, with 100 chances to swing to a hub where there is only one chance to get away. There is a daily stage running in to the mines from Baker City and the travel is terrible, an eight passenger coach is loaded daily.

Habitual Constipation. Is a prolific source of misery and many ills, giving rise to Headache, Dullness, Fevers, Nervousness, Restlessness, Biliousness, Indigestion, Poisoning of Blood, etc. The bitter nauseous Liver medicines, pills, salts and draughts formerly used to relieve the sufferer, only aggravate the disease and sicken the stomach. All who are afflicted in that way, know the importance of the remedy pleasant to the palate, harmless in its nature, and truly beneficial in its action. The trial bottles of Syrup of Figs given away free of charge by our enterprising druggists Merritt and Robinson of Jacksonville prove that it is all that can be desired. Large bottles at fifty cents or one dollar.

A Hotel Man's Discovery. SAN FRANCISCO, Cal.—Mr. George H. Arnold, proprietor of the Occidental Hotel, says that as the air is purer as we ascend, a man should not object to being assigned to a room on the uppermost floor; that he shouldn't mind taking a room-attic, as it were, in view of the fact that St. Jacobs Oil so promptly cures the rheumatism. He states that throughout California it is regarded as the great pain-cure of the age.

CHILD'S SNOW FLAKE.—Every lady, wishing a clear, delicate complexion, should use Child's Snow Flake. PYÆMIA

Is the most virulent form of blood-poisoning. Less speedily fatal, but not less certainly so, is the vitiation of the blood of which the first symptoms are Pimples, Sties, Eczema, and Cutaneous Eruptions. When the taint of Scrofula gives warning of its presence by such indications, no time should be lost in using AYER'S SASSAPARILLA. This preparation is also the only one that will cleanse the blood of Mercurial poison and the taint of Contagious Diseases. Improved and blood is productive of

SCROFULA

Is a foul corruption in the blood that rots out all the uncleanly matter of life. Nothing will eradicate it from the system and prevent its transmission to offspring but AYER'S SASSAPARILLA. ANÆMIA

A wretched condition indicated by Palled Skin, Flaccid Muscles, Shattered Nerves, and Melancholy. Its first symptoms are Weakness, Lassitude, Loss of the Force, and Mental Dejection. Its course, unless checked, leads inevitably to insanity or death. Women frequently suffer from it. The only reliable cure that will purify the blood, enriches it with new vitality, and invigorates the whole system, is
