In an open letter to Secretary Bayard, published in a recent number of About as important an saterprise as I Chicago "Inter-Ocean," one of the heard of for many months came to my most distinguished citizens of Dakota attention to day. Last March Wilpleads the cause of that territory. liam Steele, a wealthy ranchman of His presentation of the case is some. Rene, was riding on horseback over what snique, and cannot fail to have the thick engebrush region of Klamath waight is the minds of thinking Dem county, Oregon. It struck Mr. Steele serate. Whether partanism will not that all that section needed to become weigh the stronger remains to be seen. immensely fertile was sufficient water

division, but the only argument is one saw that water could easily be brought of partiesn influence. They take it from the lake of the same name. He for granted that if two States are said nothing, but immediately began made out of Dakota it will follow that to acquire at Government price all the four Republican Senators will be sent land of the visinity. Then he rode to the United States Senate. Is this home to Nevada. On arriving there sufficient justification for statesmen to be bired a large force of men, collected keep half a million people out of their heavy wagons, horses, mules, harness rightel As the gentleman who writes ditching machines, etc., frem his own ple who live under a territorial gov- summer industriously there, being ernment are more vassals to the gen-aided materially by his son and Geo. eral government. They give of their Wilson, both of whom have interests substance for the common support, but in the enterprise. Yesterday I met are sutitled to no representation in the Ira Van Vackenburg, who lives on national councils. Even their own the erstwhile desert route, sixty miles executive and judicial officers are east of Ashland. placed ever them by Federal appoint "Well, sir," said he, "do you know

the extreme portions of this state. \$250,000 .- "News." Yet Illinois has only 56,650 square miles to 150,932 square miles in Dakets. Already the difference between north and south Dakota are marked. The people of the territory, with the exception, perhaps, of a few wealthy taining over what area our advertiseand ambitious persons, long ago made conducted their public matters with couple of half-column 'ads,' in which that in view. The public institutions we purposely mistated half a dozen County Treasurer's of the state have been built so as to place no obstacle in the way of division. In season and out of season have the people memoralized congress to divide the territory. The new state proposed to be enseted out of south Dakota will contain 75,000 square miles, much more than is contained in either New York, Pennsylvania, Ohio, Illinois, or Missouri. It is well supplied with railroads, has flourishing elties and towns, and has an intelligent, active population of little less than 300,000. No state in the union is perhaps as prosperous to-day as is the territory of Dakota. Already her people pay more internal revenue than do those of of Delaware, Florida, Nevada, or Vermont, while the post office revenue from Dakota is greater than in either New Hampshire, Rhode Is land, Delaware, West Virginia, North Carolina, South Carolina, Florida, gen, or Nevada. She is also increasing in wealth and population more

Such procedure with rigid exclusion of the visits of sentimental women to the prisoner in his cell, would do much to take away the romance with which half-educated persons invest any criminal.

Sr. Louis, Mo., Aug. 18 .- Walter Lennex Maxwell, the murderer of Arthur Preller, was identified yesterday by employes of the Southern Hotel and by Fernow, the druggist from chloroform. He has secured the services of John L. Martin as counsel in his case. That Maxwell has made a full confession is preved by Detective Tracy's statement, in which he says: "There is not a single link in the chain of evidence missing. There is no doubt, too, that Maxwell's defense will be that Preller died from an overdose of chloroform administered for medical purposes."
