

OREGON SENTINEL

JACKSONVILLE SATURDAY, NOVEMBER 7, 1885.

FRUIT TAKES.—J. Lusk and Son of the Oakland Nursery, Cal. have fruit trees here for sale cheap. Apply to G. A. Habbell.

MARQUESE BALL.—The members of the Jacksonville Turnverein Society will give a marquette ball here on New Year's night, and will publish a full programme in our next issue.

SOCIAL PARTY.—The Red Men of this place have concluded to give a social party on the evening of Thanksgiving at their own hall. The tickets have been placed at \$1 and nothing will be left undone to make it a first-class and enjoyable affair. Everybody is invited to attend.

IMPORTANT TO SETTLERS.—By a late ruling of the Commissioners of the General Land Office, the odd numbered sections within the indemnity (between the 20 and 30 miles) limits of the O. & C. R. R. grant, are subject to settlement under the pre-emption and homestead laws.

SOME SQUASH.—At James Drum's store a squash can be seen that was raised on Thos. F. Ball's place near Central Point weighing 112 pounds. It is of the Mammoth variety and a monster in fact. Another one plucked from the same vine weighed 90 pounds and the whole vine yielded about 400 pounds. Who can beat this?

WEDDING BELLS.—Mr. Claud Gatch of Salem and Miss Helen M. Plummer, daughter of Dr. O. P. S. Plummer of this city, were married at Calvary Presbyterian Church in this city at noon yesterday. Rev. E. T. Lee performed the ceremony. A large number of friends were present. The young couple left for Salem yesterday afternoon. Mr. Gatch is connected with the firm of Messrs. Ladd & Bush at that place. The bride is a graduate of the Portland High School, class of 1880.—Portland News.

ANOTHER MURDER.—Capt. W. W. Sanders, late editor of the Benton Leader, published at Corvallis, shot and killed a young man named James Campbell near the Court House in Albany on Thursday afternoon of this week. Both parties were suitors for the hand of Miss Mattie Allison, a handsome milliner of Albany, and jealousy is supposed to be the cause. Campbell and Miss Allison were out taking a walk when the tragedy occurred and the wounds inflicted were shot from behind. Sanders was arrested and lodged in jail. Later reports are that Miss Allison is also in jail.

JOURNALISTIC ENTERPRISE.—The Dempsey-Campbell prize fight was the principal topic of the day on the streets of Portland yesterday, and knowing the interest it excited, "The News," with its usual enterprise, determined on issuing an extra, containing the full particulars. In pursuance of this, several cases of types were put on board the steamer City of Salem, with a corps of reporters and several lightning compositors. They went to the scene of the fray, prepared all the information, put it in type on board the steamer, and ten minutes after her return, boys were on the street carrying "Extra News." The extra edition contained five columns' closely printed matter, and about 2,500 copies were disposed of on the street. The feat is one unprecedented in the journalistic annals of Portland.

SMALL BUSINESS.—While it is universally acknowledged that the "Oregonian" is the best newspaper in Oregon it can also be noticed that it will step lower to carry out some pet hobby or to punish some one the editor may not like. During the week it published an item about the Josephine county seat argument before Judge Webster, which was copied from the Ashland "Tidings," and for which due credit was given, but in stead of giving the names of all the attorneys employed, as mentioned by Hon. John H. Mitchell. For the information of that paper we will state that Mr. Mitchell was leading counsel for Josephine county in the suit mentioned, that he made an able argument for his clients and the scratching out of his name by that paper is considered very small business by all those who noticed it in this section.

RELIGIOUS ITEMS.—Rev. F. X. Blanche will hold services at the Catholic church in this place at the usual time. Rev. J. W. Roberts of the M. E. church, south, will preach at Antioch one week from next Sunday. Rev. A. R. Bickenbach will preach at the Presbyterian church in this place on the evening of the same day. The following are the appointments of Bishop Gross in Jackson county: In Jacksonville, mission of three days, commencing on Nov. 8th; in Ashland, lecture on the evening of Nov. 12th; and at Eagle Point, mass and lecture at 10:30 a. m. on Sunday, Nov. 15th. The following are Elder M. Peterson's appointments for the present month: He will preach at McClendon's school house Sunday morning at 11 o'clock, and on the following Sabbath will hold services at Central Point in the morning and at the Lons Oak school house in the evening. He will be at the Phoenix school house on the evenings of the 18th and 19th, and at Medford on the 22nd, both morning and evening. On the 29th he will preach at Grant's Pass both morning and evening.

Call on G. A. Habbell of this place if you want a choice assortment of fruit trees. He is agent for the well known Oakland nursery of which J. Lusk & Son are the proprietors.

The grand jury of Josephine county has found a true bill against Thos. Bybee, for an attempt to kill; also one against a Chinaman for robbing slices. They were still in session at last account.

The County Court purchased the complete set of Township maps recently purchased by County Clerk Parker, from the Roseburg Land Office, and ordered them bound, to become part of county records.

The following is a list of the grand jurors for the November term of circuit court for Josephine county: H. Kelly, foreman, G. W. Wimer, Jr., A. J. Grimes, W. B. Bunch, S. G. Bingham, Joe. Pollock, Dan Hunt.

The new brick drug store of Dr. W. F. Kremer's at Grant's Pass is one of the finest in this end of the State and would be a credit to a much larger place. The Dr. also enjoys a large practice and seems to be thriving generally.

Hon. Thos. F. Ball starts for Salem to-morrow night and Senator Prim will join him at Grant's Pass providing the latter gets through with Court business at Kerbyville by that time. They go to represent Jackson county in the Legislature.

Mrs. J. M. Smith has moved her dressmaking establishment to rooms in Mr. Foudray's residence on California street where she will be prepared to take any number of orders. The satisfaction given heretofore ought to guarantee her all the work wanted. Prices reasonable.

The ball to be given in the warehouse building at Central Point on Wednesday night of next week promises to be a grand affair. The Jacksonville band will furnish music, and the supper will be provided by Gus Delpy at the Central Point hotel. A large crowd from here will be present.

The young man named Pickett, of the U. S. Geological Surveyors, who died at Fort Klamath last week, is the last male survivor of the noted Gen. Pickett family of revolutionary fame. The young man belonged to Rick-sacker's party, and was engaged in surveys throughout Southern Oregon, having lately finished similar work in Northern California, throughout Siskiyou, Modoc, Lassen and Shasta counties.—Journal.

The law of the State of Oregon explicitly says that no person who is divorced can marry again for the space of six months, or until the time for an appeal has expired; and any person violating this express statute is liable under the law.

Old "Billy Whiteock," the favorite saddle-maker owned by Col. John E. Ross, is no more, having passed in his checks on Thursday last after having reached the ripe old age of about thirty years. He was buried with military honors and the Col. was in town yesterday negotiating for a monument to mark his last resting place.

A special school meeting for school district No. 1 will be held at the district school house in this place on Tuesday, Nov. 17th. The object of the meeting is for the purpose of voting to levy a tax to support a school for one year; also to elect a director to fill the unexpired term of Gen. Brown, which expires on the first Monday in March, 1886.

A number of the young men organized a Foreverein last week by electing J. J. ... President, Ike Muller Secretary and James Crouse miller Treasurer. The boys have rented a room in Orth's brick and have already commenced operations. They propose fitting up a first class gymnasium and they say it will prove a good thing by keeping boys out of saloons and off the street.

After hearing all the arguments in the Josephine county injunction suit Judge Webster last Monday denied the motion to dissolve the same. The case will now come up on its merits, as to whether Abraham's addition is a part of Grant's Pass, but no date has yet been set for the argument. The friends of Jonathan Bourne, Jr., claim this decision a decided victory for their side.

We have been informed that a large and enthusiastic anti-Chinese meeting was held in Medford, the metropolis of Southern Oregon, on evening of this week at which a number of bristling sand-lot speeches were made, and the Chinese incitedly ordered to "go." Nothing like aping the pretensions of a city boom. By the way, we were not aware that Medford had arisen to the dignity or ability of supporting a Chinaman.

THE QUARTZ MILL.—Mr. F. G. Dyer, agent for L. D. Brown of Portland informs us that he has inspected a number of our quartz mines and finds a lot of them even much better than represented. While a certain bonus is asked from our citizens to secure a mill he thinks there is no longer any doubt but what the amount will be subscribed and a ten stamp stamp mill put in operation here in a short time. With a good wet season for placer mining and a start in working quartz Jacksonville would soon be heard from in towns that could not be understood and we hope all interested in the town will view it in the same light.

CHILD'S SNOW FLAKE.—Every lady, wishing a clear, delicate complexion, should use Child's Snow Flake. It nourishes and freshens the skin, removes tan and sunburn, and the natural appearance imparted, renders it impossible to detect its use. Warranted perfectly harmless. Sold by all druggists, or by the manufacturers, John A. Child & Co., Druggists, Portland, Oregon. Mail orders promptly attended to, Price 50 cents.

Relief in Migraine.—Mr. S. W. Benerman, of Philadelphia, Pa., for many years identified with the wholesale hardware business, had rheumatism in his arm, and could not dress or undress, but with the most execrating pain. He used St. Jacob's Oil, and the result, he says, was wonderful if not miraculous.

When Baby was sick, we gave her CASTORIA.

When she was a Child, she cried for CASTORIA.

When she became Miss, she clung to CASTORIA.

When she had Children, she gave them CASTORIA.

RAILROAD ITEMS.—Chief Engineer Hoos and his party of R. R. Surveyors, are well fixed for winter, with comfortable quarters, about two miles this side of Soda Springs. They are evidently preparing for a great amount of work in surveying the country from the vicinity of Castle Rock northward, and it is surmised that surveys may be made around the east side of Mount Shasta, and thence through Klamath Lake basin to Rogue River Valley, especially if the land grant is forfeited. If they gain the land grant, the conditions required the road to be built through Shasta Valley, and with out it, the company will build the cheapest and easiest way to make a through road to Portland.

Tunnel 7 will be finished in a few weeks, and work is being pushed along steadily in tunnel 8. Work has also been commenced on tunnels 10 and 11, the latter being the second longest tunnel, and next to No. 4, below Delta. The only opening between 9 and 10 is the bridge across the river, and the masonry wings at river are 32 feet long, said to be the most extensive walls of stone yet built on any road in the Union.

The road from Redding towards Mt. Shasta will be one of the most romantic routes in the country, with numerous tunnels and picturesque scenery to gratify tourists and lovers of mountain grandeur, which might well attract considerable travel; if trips through that section can be made by daylight. A splendid road, with easy grade has been established as far as built, but there seems to be much trouble about making either a zigzag or loop road from Bailey's to Sisson's, owing to the limited extent of low land between the high mountains along the head waters of the Sacramento.—Journal.

"The Best," planned by Horace Greeley, LL. D.

It has thirty-one departments, with an editor of the highest scholarly standing for each viz: Public Law, &c., by Pres. T. W. Drift; LL. D. American History, by Hon. Horace Greeley, LL. D. and Hon. Illustrated with maps, plans, and engravings of the finest kind. More condensed than the Britannica, and more accurate than the Appleton. Contains more type matter; is a later work; treats about 25,000 more subjects than Appleton's, and costs about half the price. It is truly the busy man's cyclopaedia.

Dr. J. C. AYER & Co.—Twenty years ago I was a poor man in the North Pacific, when five miles of this coast and myself were hid up with snow. One boiler was broken, gas exhausted and blowing, and the crew, being exhausted, were unable to work. I had to go out and get a new boiler, and I did so. My story is told in the Harpooner's Story. The Trooper's Experience.

Dr. J. C. AYER & Co.—I have much pleasure in testifying to the great value of your Sarsaparilla. We have been suffering here for over two years, during which time we had to live in tents. Being under canvas for such a time brought on what is called in this country "bad-sore." I had to go out and get a new boiler, and I did so. My story is told in the Harpooner's Story.

Ayer's Sarsaparilla is the only thoroughly effective blood purifier, the only medicine that eradicates the poisons of Scrofula, Mercury, and Contagious Diseases from the system.
