Am Kurnel Paradox Johnson in de half dis eavening blandly inquired Brother Gardner, as the regular weekly meeting opened on the forty seventh degree in due and regular shape.

The "kurnel" arose. He was there. Some time ago he invented the theory. that Canada thistles could be culti vated to bear mustard plasters, and his countenance now betrayed the fact that he expected to be patted on the back and ordered to take the stool of horor under the Bear Traps.

LIVER REGULATOR

Wor all Diseases of the Liver, Kidneys, Stomach and Spleen.

Ridneys, but This purely vegetable pro-

peragion, now so colabrated as a Family Neciciane, organized in the South in 1828. It acts gently on the Bowels and Kidneys and corrects the action of the Liver, and is, therefore, the best pre-parastory medicline, whatever the sickness may prove to be. In all common diseases it will, unassisted by any other medicine, effect a speedy cure.

The Regulator is safe to administer in any condition of the system, and under no circumstances can it do harm. It will invigorate like a glass of wine, but is no intoxicating beerage to lead to intemperance; will promote digestion, dissipate headache, and generally tone up the system. The dose is small, not unpleasant, and its virtues undoubted.

No loss of time, no inter-ruption or stoppage of business while taking the Regulator.

Children complaining of Colic, Hendache, or Sick Stomach, a teaspoonful or more will give relief.

If taken occasionally by pa-tients exposed to MALARIA, will expel the poison and protect them from attack.

A PHYSICIAN'S OPINION.

Thave been practicing medicine for twenty years, and have never been able to put up a vegetable compound that would, like Simmons Liver Regulator, premptly and effectively move the Liver to action, and at the same time aid (instead of weak-

ening) the digestive and assimilative powers of the system. L. M. Histon, M. D. Wishington, Ark.
