

OREGON SENTINEL

ENTERTAINMENT.—An electionary entertainment will be given in the M. E. Church next Monday night by Miss Bennie D. Forest, teacher of elocution in the Willamette University, for the benefit of the M. E. Sunday School in this place. The reputation of the lady, together with the object for which the entertainment is given, should insure her a large audience and we hope every one will attend. The following is the programme: 1. Music; 2. "The Little Hatched Story"; 3. "Little Sister and I"; 4. Music; 5. "The Little Hatched Story"; 6. "Winning in Heaven"; 7. Music; 8. "How Miss Edith Butevant her Big Sister's Beau"; 9. "The Baldheaded Man." Admission, 25 cents.

REPORT.—The long protracted reform when the democrat got into power has come at last. It consists chiefly of curtailing small mail routes, thereby saving the government a few dollars a year, but causes more crossing than any other measure of reform we ever heard of. Among the routes ordered changed in this section we have heard of the following: The service from here to Willow Springs is to be changed from a daily to a tri-weekly. The route from here to Wrights is ordered shortened so that Uniontown will be the other terminus. The Ashland Linkville route is changed from a daily to a tri-weekly, and the old Crescent City route is shortened so as to make Jack townville and Murphy terminal points.

RAILROAD ITEMS.—From W. H. Morgan, who arrived here on Monday morning from the railroad tunnels above Delta, we learn that tunnel 8 has been completed, and that the machinery for tunneling is to be removed to tunnel 9, to complete that tunnel as soon as possible. He says no workers have been discharged on account of the strikes, but reinforcements are gradually added. On account of the bad condition of the roads, it will take some time to remove the machinery from tunnel 8 to tunnel 9. The grading force is kept at work just the same as before the strikes.

The S. F. "Chronicle" says a party of San Francisco surveyors have been looking out a new route for the C. & O. R. R. over the Siskiyou mountain, and that the bridge builders and the tunnel men above Delta, are laying off for the present, waiting for machinery to be moved to new tunnel, and completion of track, to haul the iron bridges for points farther north.

The Oregon railroad has made a reduction of 50 per cent on freight rate of bacon, ham, shoulder and lard, from all points south of Roseburg to Portland, which makes the rate 65 cents per hundred, and to hold good until Dec. 31st, 1885.

FUNERAL OF WM. LINN.—The funeral of Wm. Linn took place last Saturday and was very largely attended. At the church Rev. A. R. Bickelbach preached a very interesting and impressive sermon from the words to Hezekiah "Thou shalt die and not live," he impressed on each hearer the personality of the article of death, and the immutability of the Divine command that all must "surely die," while the Saviors death and resurrection had made it possible for all to live again who obeyed the Divine commands.

There is said to have been discovered a kind of tobacco which if smoked or chewed will make a man forget that he owes a dollar in the world. We have several friends who smoke it.

The mail from the south has been very irregular this week—several days no connection having been made. We have failed to learn the cause but suppose it was bad roads on the stage line.

The Rogue River Distillery will soon be in running order again to continue for a long run. Caton and Garrett, the local agents, seem to be doing a large business handling their goods.

The hog crop of Jackson county is said to be the largest in the State and as there is always a demand for them at Happy Camp, Cal., Wm. Bybee of this place continues sending droves there.

Having been assured of a quartz mill, and having let the contract for hauling 300 tons of quartz to this place for crushing, Charles Kearns taking the contract, besides being made the father of a bouncing baby boy, is enough to make anybody feel happier than anybody else. George Schumpf indulged in all the above happy sensations this week.

Jackson county's representatives have all returned from Salem, where they went to represent us at the special session, and while they had no special measures of their own to urge, they think they have fulfilled a public duty in the election of John H. Mitchell to the U. S. Senate, which is an action approved of by the citizens of Jackson county irrespective of party.

A Washington dispatch says: "A considerable number of Senators, Representatives and public officials, as well as many distinguished citizens of Washington have called on the President to-day to urge him to reconsider his determination to attend the funeral of the Vice President. Their argument was not that there would be more than ordinary danger involved in the proposed journey, but that the emergency is such that it is his duty to the country to avoid every possible risk of accident to his life and health until Congress meets and the Presidential succession is provided for."

One of James McDougough's teams ran away in Willow Springs precinct last Sunday. Misses Hattie McDougough and Katie Plymale received some severe bruises by jumping from the wagon while the horses were running but the driver, Geo. Rideninger, escaped unhurt. The wagon was considerably damaged but the horses were not hurt.

Hereafter all persons who desire to vote must register themselves during the month of April, preceding the June election. A registration board will sit three days in each precinct during that month, and unless the voters register they cannot vote. In case of sickness or absence from the precinct further time is given in which to register.

A new restaurant, bakery and saloon has been started here by Beck, Schlep & Co., and they are starting out with the liberal patronage deserved. An excellent lunch can be had there at any time, day or night, for twenty-five cents, and they are now perfecting arrangements whereby they can also furnish fresh oysters in any shape desired and at reasonable cost. Try them.

We this week received a private letter from a gentleman of Portland, a former resident of this place, from which we hope he will pardon us for publishing the following beautiful extract: "You will perhaps be surprised to receive a letter from me. An ordinary notice in a late number of the Oregon SENTINEL is the immediate impelling cause. Please say to the parents of Wm. Linn, deceased, that I feel a deep sympathy for them in their hour of bereavement. During our sojourn in Jacksonville I had the pleasure of becoming acquainted with him, especially at Sabbath school. My heart was drawn toward him on account of his fidelity to his duties as a Sunday school scholar. I had frequent cause to admire him for his unflinching diligence in taking care of the books of the Sunday school library. Many times when at the close of the school, other boys would hasten to the library to remain with me and carefully gather up the books and place them in the library. And the conversations which often took place between us at the old church, convinced me that there was material in him, under proper development, for becoming a useful man in the church, and in the world. I regret that I did not hear soon enough of Mrs. Linn and her son's presence in Portland to have enabled me to call on them at their stopping place, and to speak soothing words to the young sufferer. But he has gone to join his sainted grandfather. May it be one aim to meet our loved friends in the Land where there are no tears, and no sufferings."

CHILD'S SNOW FLAKE.—Every lady, wishing a clear, delicate complexion, should use Child's Snow Flake. It nourishes and freshens the skin, removes Tan and Sunburn, and the natural appearance imparted, renders it impossible to detect its use. Warranted perfectly harmless. In Memoriam. HALL OF SILVER CORNET BAND, Jacksonville, Nov. 30, 1885.

WHEREAS, It has pleased the Supreme Ruler of the Universe to take from our number our well-beloved brother, Wm. Linn, therefore be it Resolved, That in the death of our brother the Silver Cornet Band has lost an energetic and faithful member and our brotherhood a kind companion and friend.

Resolved, That a tender chord in each heart is touched, that one voice is forever stilled, and one heart no longer responds to the thrilling inspirations of earthly harmonies; but we are still in the assurance that beyond this life our brother lives, and the inborn music of his soul shall roll on in undisturbed measure, and swell the "Gloria in Excelsis" of the eternal world.

Resolved, That out of the depths of earthly sorrow are born the grandest purposes of the human heart, and by the death of our brother we pledge ourselves to nobler aims in practical life and consecrate anew our musical altar with the offering of our tears.

Resolved, That to the bereaved parents and friends we tender our sincere sympathy in their affliction, while we humbly bow to the mandate of "Him who doeth all things well."

Resolved, That a copy of the resolutions be furnished the newspapers and spread upon the records of the band; also that a copy be furnished the family of our deceased brother.

HALL'S HAIR RENEWER. Vegetable Stilian. The great popularity of this preparation, after its test of many years, should be an assurance, even to the most skeptical, that it is really meritorious. Those who have used HALL'S HAIR RENEWER know that it does all that is claimed.

It causes new growth of hair on bald heads—provided the hair follicles are not dead, which is seldom the case; restores natural color to gray or faded hair; preserves the scalp beautiful and clear of dandruff; prevents the hair falling out or changing color; keeps it soft, pliant, lustrous, and causes it to grow long and thick.

HALL'S HAIR RENEWER produces its effects by the beneficial influence of its vegetable ingredients, which invigorate and rejuvenate. It is not a dye, and is a delicate article for toilet use. Containing no alcohol, it does not evaporate quickly and dry up the natural oil, leaving the hair harsh and brittle, as do other preparations.

Buckingham's Dye FOR THE WHISKERS. Colors them brown or black, as desired, and is the best dye, because it is harmless; produces a permanent natural color; and, being a single preparation, is more convenient of application than any other.
