CARD OF THANKS.—To the officers and members of Jacksonville Fire Co., No. 1: Allow me, gentlemen, to extend my sincere thanks for the commendable manner in which your company so faithfully performed their duty as guards at the execution of Lewis O'Neil.

CHILD'S SNOW FLAKE.—Every lady, wishing a clear, delicate complexion, should use Child's Snow Flake. It nourishes and freshens the skin, removes tan and sunburn, and the natural appearance imparted, renders it impossible to detect its use.

CABIN BURNED.—On Tuesday last James Aden, who is working his place claim twelve miles below Grant's Pass on Rogue river, reported to us that while he was up at the head of his ditch doing some work, a party of parties fired his cabin and before he could do anything towards saving it the fire destroyed everything he possessed in the way of clothes, provision and tools.

A SHOOTING AFFRAY.—Yesterday evening about half past six D. W. Crosby and Louis Bunsow ate supper together in George Beck's restaurant where they got into a quarrel over some trivial subject, got to calling each other bad names and the wind up was that Crosby pulled his pistol and shot Bunsow in the groin inflicting a painful but not necessarily a dangerous wound.

HERMANN'S BILLS.—Washington, March 9.—Mr. Hermann yesterday introduced into the House bills for the relief of the estate of Richard Booby, deceased, and also Kate Hatton, of Lane and Lake counties, in settlement of claims for depredations by the Modoc Indians in 1872; also for Abial Morrison, of Union county, for payment to him of \$4,492 out of the annuity funds due the Yaquina and Klickitat tribes of Indians; also to establish an additional land district in Oregon counties approved by the General Land Department.

RELIGIOUS ITEMS.—Rev. A. H. Sanderman will be at Medford Sunday evening. Rev. W. F. Williams preaches at Central Point on Sunday next. Elder M. Peterson will hold services at Grant's Pass next Sunday.

PLACES WHERE CHURCH SERVICES WILL BE HELD.—Regular services will be held at the Catholic church in this place, Rev. F. X. Bannoch officiating. Liberal Sunday-school and Bible Class meets every Sunday at 11 o'clock A. M., at the U. M. L. Hall, Talent.

PLACES WHERE CHURCH SERVICES WILL BE HELD.—The third quarterly meeting of the M. E. church will be held at Central Point on the 20th and 21st of March. Rev. I. D. Driver will attend. On Sabbath, the 14th day of March, Elder James Hamner will deliver a doctrinal sermon at the Antelope Baptist church at 11 o'clock A. M. Subject: Commission. The Lord's supper will be administered in connection with the evening service of that date.

PISTOLS BUT NO COFFER.—It is quite distasteful to be obliged to chronicle such an event as occurred Tuesday morning. Monday night there were words passed between L. G. Ross and W. B. Parker, growing out of an old difficulty, which words would tend to make a person think that the above parties were not on friendly terms.

There are no more spooks at the county jail now as there is no one to receive them when they come. O'Neil will help that Chinaman out when the next seizure takes place. Messrs. Leeds of Ashland and Stone of Grant's Pass were here yesterday. Both said they had other business here but a fall report of the execution can be looked for in each of the papers.

Six new lodges of the A. O. U. W. were instituted in Oregon and Washington during the month of February with an aggregate membership of 83. There will be two assessments for the month of March. Tommy Singletary died of diphtheria last Saturday. Marion Taylor died this afternoon from the effects of paralysis, brought on by over work and excitement over the late quaris discoveries.

A new term of school commences on Monday next. The new town officers were sworn in yesterday. J. Nunaa is in San Francisco buying new goods. Quartz is all the go. If you have no ledge butter get one. Miss Kate Plymale has returned from an extended visit north. The coffin for O'Neil was made by George Reives, our wagon maker. Sowing Spring grain is the work our farmers are now employed in. James Herd is now employed as one of the engineers at the quartz mill. Attend the Turner's show to-night. A good entertainment can be looked for. U. S. Paymaster Peole was at Fort Klamath this week paying off the boys in blue. The Red Men will give a grand ball here on May 12th—their anniversary. Full particulars hereafter.

T. T. McKenzie has formed a partnership with A. Chale and they have petitioned the Board for new licenses. Prof. D. Van Horn, the well-known piano tuner, has been in town several days attending to business of his profession. Squire Hersherberger got lost in the Siskiyou mountains this week but finally found the road near Cottonwood. If you want office make your particular wants known through the columns of the SENTINEL. Charges very reasonable. Karewski's team took a little spin on their own account this week and succeeded quite well in demolishing the wagon. Contrary to general expectations O'Neil failed to make a confession on the scaffold—in fact made no statement of any kind. 200 people, hailing from all portions of the county, witnessed the hanging of O'Neil. Several women were also among the spectators. An entertainment will be given at Byers' hall in Medford by local talent on the evening of March 17th. Admission only 25 cents.

Satisfactory arrangements have been made with the Chinese company and they are now the owners of the Grand Applegate mines. Sent. White of Grants Pass paid Jacksonville a visit this week. He is one of the numerous candidates for the office of District Attorney. The quartz mill runs night and day and is now crushing for Grob & Co. The New Eldorado is also delivering rock at the mill and will come in next. W. G. Kenney of Medford was on hand yesterday as an active freeman to act as guard during the execution of O'Neil. Frances Plymale of Medford called on us yesterday and reports the mercantile business over average in his section.

Our neighbor says that W. B. A. Tommie of Yankee creek wants to be Sheriff. He surely ought to reach the throne. Tickets for admittance to see the hanging of O'Neil were in demand yesterday and as high as \$5 was paid for a piece of postboard granting that privilege. The time for registering is on April 5th, 6th and 7th. Don't fail to remember the dates. No voter will be allowed to vote who is not registered. All the members of the Fire Company were sworn in as Deputy Sheriffs on the day of hanging and did guard duty at the jail while it was going on. Placer miners are cleaning up the water supply having about failed. Most of them have had a better run than usual this year and will make a good clean up. B. F. Dowell will leave Portland for Washington soon in the interest of James Tobin, of Klamath county, who has a land contest pending with Gen. John F. Miller. Miss Narcissa White, National lecturer of the W. C. T. U. delivered an interesting lecture at the Court House Thursday evening to a large and appreciative audience. Four steam whistles can now be heard in Jacksonville; the distillery, the flouring mill, the quartz mill and David Lyons furniture factory. No grass in the streets yet.

There are no more spooks at the county jail now as there is no one to receive them when they come. O'Neil will help that Chinaman out when the next seizure takes place. Messrs. Leeds of Ashland and Stone of Grant's Pass were here yesterday. Both said they had other business here but a fall report of the execution can be looked for in each of the papers. Tommy Singletary died of diphtheria last Saturday. Marion Taylor died this afternoon from the effects of paralysis, brought on by over work and excitement over the late quaris discoveries.

We claim to speak the truth when we say that every precinct in the county was represented in Jacksonville yesterday. None of them come in to see the hanging but other business of importance called them to town.

A couple of traveling dorkies, playing banjo and bones and singing nigger songs in the saloons, visited Jacksonville this week. Some of our boys bought the trepspe for a while but sold them again shortly afterwards at a loss.

The Albany grand jury has found a true bill against W. W. Saunders for the murder of Charley Campbell. Not a true bill was returned in the case of Miss Mattie Allison, his alleged accomplice. Saunders was arraigned and pleaded not guilty yesterday.

John A. Hurlbut, who was en ginner in charge of the Siskiyou division of the O. & C. R. R. during the construction era, came up from Portland last Friday and has been engaged in surveying the Walsh & Bragdon mining claims on Wagner creek.

Wm. L. Bilger, who got his start in Jacksonville and who is still well and favorably known here, is in town now as traveling agent for the hardware house of Thompson DeHart & Co. of Portland. Billy looks quite fatly now since he is the papa of a bouncing baby girl.

Richard Breckenridge, a 12-year old Roseburg boy, was arrested recently for opening the pesto-box belonging to J. R. N. Bell and taking out some papers and a package. He was sent to Portland under the U. S. laws, and will be taken in charge by the Boys' and Girls' Aid Society.

On the docket of the Oregon Supreme Court for the March term, only two cases appear as appealed from this judicial district. They are as follows: Judicima Colver and Jesse Vallachide, administrators of the estate of Lewellen Colver, appvs vs James Tobin, resp; appeal from Klamath county.

The Josephine county court advertises for plans, specifications and bids for the construction of the new bridge across Rogue river near Grant's Pass; also for a new bridge across Applegate river below the mouth of State creek. Bids will be opened April 8th next. For particulars apply to the county clerk at Grant's Pass.

The people of Jackson county think the "official immunity" ought to state in plain figures just what the amount of the county debt is at present, even if it requires a "special, double edition" to make room for it. As an expert in scrip, its editor ought to be able to figure up the interest without difficulty.

A stranger who came here not long since and one of the original locators of the silver mine now owned by Messrs. Brown, Kuppel, Moore and himself, disappeared from the mine some twelve days ago since which time nothing has been heard of him. Foul play is suspected and a searching party will go out to day to see if he can be found.

The corps of survivors on the Oregon Pacific are now running preliminary lines from Corvallis to a point on the river about two miles this side of that place with a view of locating the Bridge there. No right of way, however has been procured, and the definite location of the bridge will probably not be made for several days.

A correspondent of the Grant's Pass "Courier" has the following: The petitions being circulated throughout Southern Oregon asking Congress to extend the land grant of the O. & C. R. R. for a period of two years, is being signed by a majority of the people wherever it is circulated. A large number of names have been secured in Jacksonville.

The residence of Mr. E. Dimack says the "Courier" was invaded by ye young folks of Grants Pass last Saturday night. The party was a very pleasant affair, indeed—more so than were the efforts of six of them to get there. This thing of running into ditches and fences in the dark, with a pig in a buggy, is quite romantic, especially where the ladies are largely in the majority.

During February 653 passengers arrived in Portland by steamers from San Francisco, 360 in the cabin and 293 in the steerage. In the same time 206 first-class passengers and 479 immigrants passed Heron, on the Northern Pacific, bound for that city, and 177 first-class passengers and 358 immigrants passed Huntington, on the Oregon Short Line, on route to Portland. The total number of arrivals was 1,873 as compared with 1,797 for January.

Two well known physicians of Astoria gave notice through the press a short time ago that they had discovered trichina spiralis in the pork fattened in that vicinity. One of the gentlemen repeats the warning, and says it is best to avoid eating pork or bacon, unless thoroughly cooked, no matter whether it comes from Astoria or Chicago. These gentlemen are thoroughly qualified to speak understandingly on the subject and their advice should be heeded.

It is reported that the contract for carrying the mail between Ashland and Linville six times a week each way has been let to an Illinois man for \$3,500. The new schedule requires the mail to be put through in twelve hours summer time and fourteen hours in the winter, only about two-thirds the time allowed during the past few years. This Illinois man will find himself loser at the rate of from \$5,000 to \$10,000 per year if he tries the service on that contract.

Gov. Meedy has recently made the following executive appointments: V. L. Ameyton, Civil Bend; L. W. Gilliland, Elmer Mallory and L. E. Boynton, Portland, and G. W. Dolan, North Powder, Notaries Public. Samuel E. May, of 122 Randolph street, Chicago, Ill., and Daniel Germain, of Detroit, Mich., as Commissioners of Deeds for Oregon, to reside in their respective localities.

But few persons were aware of the occurrence of an eclipse of the sun last Friday afternoon. It was visible in the United States from west of the Susquehanna to the Pacific ocean. It was caused by the moon being in conjunction at the nodes. It began 2:45 o'clock P. M., when it was first seen in the southwest portion of the great orb, of the day, and it gradually spread until 4:10, when it was the greatest. A very good view could not be obtained, owing to the cloudy condition of the atmosphere.

If the railroad company continue keeping their present immense force employed during the coming summer, it will be a good indication of going on with the road to Oregon. The grading to Bailey's can be finished before a great while, and then the force will either be discharged or put at work in this county, leaving the tunnel work below Bailey's to be slowly finished afterwards. Pot helling blasts are made on a larger scale than ever, several hundred pounds of giant powder being exploded in single blasts, making the ground tremble for miles around like struck by an earthquake.

Pursuant to an act made by the miners of Gold Hill and vicinity a meeting was held at the town hall, for the purpose of organizing a mining district. Wm. Stuart was chosen chairman, and J. H. Griffin secretary. A committee of five, consisting of Wm. H. Swindon, Jake Johnson, L. D. Hitch, Dan Fisher and John Owens, were appointed to establish boundaries and draw up rules for the regulation of the district; said committee to report at the next meeting. On motion the meeting adjourned until Saturday, March 13th, 1886, at one o'clock P. M. Miners are earnestly requested to attend.

Lecture.

Miss Narcissa E. White of Pennsylvania National Lecturer of the Wm. W. Christian Temperance Union, delivered a lecture in Jacksonville in the Court House on Thursday evening under the auspices of the local W. C. T. U. The devotional exercises were conducted by Rev. A. R. Bickensbach, and excellent music was furnished for the occasion by the Presbyterian church choir, with Miss Carrie Beckman as organist. A large and appreciative audience was present, and the most perfect order was maintained during the evening. Miss White presented the Temperance question from scientific standpoints, giving the proportion of alcohol contained in distilled, malt, and vinous liquors, with its effect on the human system from its first use, and showing that alcohol was not found under the Heavens or in the earth, produced by the decomposition of organic matter, leaving the substance producing it entirely unfit for further use. The scientific part of her address evinced the most painstaking and exhaustive research, and was delivered with the language and address of a lady—scholar that made the most favorable impression on her audience. At the conclusion, however, her sensational appeal to the emotional nature was utterly incompatible with her logical and comprehensive argument, and would have been a suitable ending of a humorous address, where the audience expect to vacillate between laughter and tears, without retaining any permanent or lasting impressions. The great and important truths that Miss White so capably and earnestly presents, needs no other force to bring them to a glorious fruition in the great harvest of Temperance Reform, that the womanly grace and dignity with which she presents her gleanings from the scientific world, and which shone with additional lustre as they came from a heart full of the love of "God and Home and Nature land."

It was "ONE OR TWOER."—An incident which illustrates one of the curious features of the "swamp" land operations in Oregon was related the other day by a gentleman from across the Cascades. A tract of land in Lake county which had been taken up under the swamp land laws was about to be located by settlers under the United States homestead laws. The "swamp" land claimant, finding that the settlers were likely to make good their claims should they bring the matter to a contest, concluded that the safest plan for him to pursue was to enter the tract as "desert" land, which he did. It was either "swamp" by reason of being under water, or the "desert" because there was not sufficient moisture upon it to sustain vegetation. "One or twoer" being his thought would catch it.
