The Man Who Duns Himself.

You've probably met somitime, somewhere, the man who duns himself. He owes you a little amount and never lets you forget it. You would gladly give him a receipt in full if he would let up, but he wont. Some folks have to be dunned and asked and asked. He doesn't. He lays for his crediter and makes life burdensome to him You see him coming and dodge him. No such luck. He halts you, "Say, I'm owing you a little bill, havn't forgotten it, I'll hand it to you when I'm passing." In vain you tell him it is "all right." He's just got his sugar in. He gets in front of you and if you try to slip by him he gets in front of you again and tells you about the state of his bowels and how his liver is, and what kind of a night he has spent, and wants to make a speech on the Chinese question and wants to know if you ever had the fever and ague, and knows a sure cure for a sour stomach, and reminds you between whiles of that little bill he owes you, and has no more idea of the value of time than an amorous tom cat.

The only refuge is to steer two of them together and start them swapping experience. Then they'll let go of you and you are saved till one of the genius runs you down somewhere else.

The sub committee of the house foreign affairs committee has agreed to report favorably the Morrow Chinese bill. The report was by Cox, of North Carolina, and will be presented to the full committee at the meeting to day. Rice, of Massachusetts, is understood to be opposed to any legislation restricting the immigration of Chinese into this country, and will not sign the report. The sub-committee decline to report favorably upon the Henley or Felton bills, providing for the abrogation of the Burlingame or other treaties, because, in the first place, they do not consider that the house has the power to abrogate treaties in the manner proposed; and, secondly, they did not think that the house would consent to the passage of any measure so radical as either of the bills mentioned.

Commenting on Senator Mitchell's bill the San Francisco "Post" says: "Senator Mitchell's speech in behalf of his Chinese exclusion bill will receive the approbation of the vast majority of the people of this Coast. All that he said in it is true. Whatever opposition to the bill has arisen on this Coast comes from the fear of losing much in the effort to secure all. The power of Congress to supersede a treaty by the mere passage of an act to that effect is undoubted, and the expediency of setting aside the Burlingame treaty on general grounds of lack of reciprocity is quite as much beyond doubt. We should give to the Chinese no more privileges in this country than are granted to Americans in China and availed of by them."

BETTER TIMES.—All signs point to a large holiday trade than this city has known for years. The "Sun" says: "The retail trade, which has been very active during the last few months, is steadily increasing in volume, and is sure to be greater than ever before by the end of the year. The coming holidays find the people far more hopeful as to the future than at this season last year. A great deal of money has been made since July, when Wall street showed signs of recovering from its depression, and if men are not actually any richer than they were six months ago, they are feeling and are more disposed to spend money. The manufacturing interest in this city has received a decided impulse. Labor is better employed, building is active, and mechanics are getting work at good wages."

Senator Miller, of California, died yesterday in Washington between 1 and 2 o'clock p. m. The Senator's illness has been of long duration, and his friends have dispaired of his recovery some time since. He has been unable to take his seat during the present session, and his death has been daily expected. His place in the Senate will probably be supplied by a Democrat, who will be appointed by Governor Stoneman to hold until the next session of Legislature. The Republican supremecy in the Senate is thus narrowing dawn.

Nine railroads want right of way through the Indian Territory. It is a good country and is on the highways of commerce, and sooner or later the red men down there will have to organize himself into an American citizen and cultivate the earth and ride on the cars and blossom out, when the nine roads give him plenty of wealth and time to devote to politics, into an anti-monopolist statesman. Thus moves the world.

A delegation of Seminole, Osage, Creek and Chickasaw Indians visited Congressman Curtin and asked his help to defend their treaty right to land in Indian Territory. They told him they came to him because he was from the state of William Penn. The memory of the old Quaker is known and cherished by all the tribes on the continent.

TAKE SIMMONS LIVER REGULATOR

For all Diseases of the

Liver, Kidneys, Stomach and Spleen.

This **purely vegetable** preparation, now so celebrated as a Family Medicine, originated in the South in **1828.** It acts **gently** on the **Bowels** and **Kidneys** and **corrects** the action of the Liver, and is, therefore, the **best preparatory medicine,** whatever the sickness may prove to be. In all common diseases it will, **unassisted** by any other medicine, **effect a speedy cure.**

The **Regulator** is safe to administer in any condition of the system, and **under no circumstances can it do harm.** It will invigorate like a glass of wine, but is no intoxicating beverage to lead to intemperance; will **promote digestion, dissipate headache, and generally tone up the system.** The dose is small, **not unpleasant,** and its virtues undoubted.

No loss of time, no interruption or stoppage of business while taking the Regulator.

Children complaining of **Colic, Headache,** or **Sick Stomach,** a teaspoonful or more will give relief.

If taken occasionally by patients exposed to MALARIA, will expel the poison and protect them from attack.

A PHYSICIAN'S OPINION.

I have been practicing medicine for twenty years, and have never been able to put up a vegetable compound that would, like Simmons Liver Regulator, promptly and effectively move the Liver to action, and at the same time aid (instead of weakening) the digestive and assimilative powers of the system.
