OREGON SENTINEL.

JACKSONVILLE:

SATURDAY, MAY 8, 1886.

AHEAD AGAIN.—Jackson county is in the lead once more Frank Huffer of Jacksonville having carried off the honors of the graduating class at the State University, standing head on the list. He will deliver the valedictory address in consequence, an honor conferred for that purpose.

PAYING MINE.—The test recently made at the mill here has proved conclusively that the quartz ledge in Willow Springs district owned by Swinden and Sons will pay to work. The five stamp mill formerly owned by N. DeLamatter has been purchased by L. D. Brown of this place and it will be in position and ready for work at this mine as soon as it can be set up.

RED MEN'S BALL.—The annual ball given by Oregonian Pocahontas Tribe No. 1 at their hall last Wednesday night proved a grand affair and was enjoyed by all those who were present. A large crowd attended, and with the fine music furnished by Messrs Schmitt, Hull and Berry, and the most excellent supper provided by George Beck it would have been strange if it could be called anything else but the event of the season.

GRAND JURY REPORT.—Just before adjourning the grand jury empaneled for the May term of the circuit court made their final report, of which the following is a copy. We have diligently enquired into all cases that have come before us and reported on the same. We have also examined the offices of the County Clerk, Sheriff and Treasurer, as well as the county hospital and jail, all of which we find correctly kept and in good condition, as far as we are able to determine.

D. PENINGER, Foreman.

EDITOR SENTINEL:—In the last edition of the SENTINEL I was surprised to see my name mentioned as an "aspirant" for the office of county school superintendent. I can not conceive by what agency I chanced to be mentioned in connection with that office, as I have never expressed, or even, felt a desire to secure the position and therefore the individual who took the liberty to make the announcement did so entirely without my knowledge or authority. I have never been a candidate for any office nor do I expect to be. HATTIE NEWBURY.

Jacksonville, Ogn., May 11, 1886

MASONIC RECEPTION.—Thos. G. Reames, Grand Master of the Masonic order in this State paid an official visit to his own lodge at this place last Wednesday night thereby finishing up a tour of the State. After the usual ceremonies of the order and the lodge had closed the Grand Master was escorted into the Club Room adjoining the hall where the lady members of the Eastern Stars had spread a supper fit for royalty, when all sat down and partook with a relish. All understood the situation except the Grand Master and as he says he enjoyed the meal they can fool him that way just as often as they want to.

UNEXPECTED STRIKE. — Messrs. Rieves & Hatch have been at work for some time past cleaning out the old tunnel in what was formerly known as the Davenport mine and when they got through the cave at the mouth of the tunnel this week they found a complete outfit for carrying out tunnel work. Picks and shovels, a wheelbarrow, drills and gads, and even candlestick and candles were found at the end of the tunnel. With this outfit to start on they feel couraged and prosecute the work of digging further on with vigor. They have also struck an excellent prospect in the quartz as we have been shown several pieces of rock in which free gold could be seen.

RELIGIOUS ITEMS.—Rev. W. P. Williams will hold services at Woodville Sunday morning.. .Rev. F. X Blanchet will hold services at the Catholic church at the usual time.... Elder M. Petersen will preach at Central Point, both morning and evening ....Rev. M. A. Williams will hold divine services at Eagle Point next Sunday morning....Elder H. C. M., and at the Antelope school house in the afternoon at 3 o'clock. On the following Sunday he will preach at Antioch in the morning and at the Ganiard school house in the afternoon.

C. OF H. PICNIC.—An anniversary picnic will be held at Eagle Point, on Tuesday, May 18, under the auspices of the C. of H. of Jacksonville. The following exercises will be observed at the grove near Eagle Point in the forenoon. Programme: Music by the Jacksonville Silver Cornet Band; Song by the choir; Music by the band; Address; Music by the band; Song by the choir; basket dinner. During the afternoon there will be amusements for all, and members of the Jacksonville Turnverein will give a first-class entertainment at Eagle Point. In the evening there will be a grand musical and dramatic entertainment at Purdin & Grossman's hall in Eagle Point, consisting of music, singing, etc., as also the beautiful three act drama, entitled, Comrades. After the performance there will be a social party, for which the best of music has been provided and all necessary arrangements made to make it an enjoyable affair. Everybody is invited to attend.

Local Items.

Circuit Court is still in session but the docket is nearly cleared.

Thos. Mee of Applegate called on us this week.

A new hitching rack has been built on 4th street by Cronemiller and Birdsey.

A desirable residence for rent. For further particulars enquire at this office.

The delinquent tax list of Jackson county this year is something over $6,000.

Fred Klippel is now employed at Maegly & Co's hardware store learning the tinners trade.

"Pig Albums" is the latest. Your lady friends will call on you ere long for your autograph.

Ed. Caton of Central Point came to town this week to show his high heeled boots because it's a girl.

A neat picket fence has been built around the Catholic Church yard, the work of John Herberger.

Evan R. Reames and family and Miss Aba Ross have returned from Linnsville and are visiting friends here.

The Riddle House at Medford is now open and ready for business. Give it a trial when traveling that way.

Henry Mensor has gone to Woodville to open a store there. Tallen & Hopkins have moved to Ashland.

Reports says that one of the saloon keepers at Medford has left for parts unknown leaving numerous creditors behind.

The Democrats of this precinct have placed G. A Hubbell up for Justice of the Peace and Frank Kaeshafer for Constable.

County Treasurer Fisher has money on hand to redeem more warrants. Consult our advertisements and see the numbers.

A contract for running a tunnel to tap the Johnson ledge will soon be let by C. C. Beekman, the owner, so we are informed.

A test made from Mooney & Co's rock from the Sterling district at the quartz mill here shows that it will pay over $10 per ton.

Philip Simpkins, Clark Savage and J. Watteman were appointed precinct committeemen at the primaries held at Woodville on Saturday last.

W. H. Parker is the Democratic candidate for County Clerk in Benton county. Bill is evidently trying to monopolize that business throughout the State.

Peru has withdrawn her Minister from the United States, recalled the Legation and locked the door. The Peruvian bark is therefore on the sea, as it were.

The friends of William Briscoe will present a petition to the Governor and board of pardon about the first of June to have his sentence commuted to three years.

The "Times" does not or will not explain that bridge question we referred to last week. Send word to "F," Charles, and he will no doubt straighten it out.

N. L. Butler and S. Pennoyer, Democratic candidates for Representative and Governor, will open the campaign here to-day, speaking to commence at 1 P. M.

The postal department has ruled that postoffices shall have but a single name. Petitioning for new postoffices should remember and have the name of their postoffice one name only.

J. J. Murphy, late Postal Inspector, has been removed by President Cleveland and an offensive foreign partisan, to the Democracy of Oregon, has been appointed to fill his place.

There will be some Republican snipes in the Prohibition sack after the June election, and once in a while a Democratic sucker, but the snipes will outnumber the suckers ten to one.—Albany "Bulletin."

Nominate a ticket of good substantial citizens and we are with you is what our country neighbors have been telling us for a week past. We think the request will be granted to-day.

John B. Waldo Republican candidate for Supreme Judge, is a graduate of Willamette University, at Salem, in the class of 1863; N. L. Buttler, (Democrat,) for Congress, class 1866.

Newt Shook came in from Klamath county alone this week but as the trip proved a hard and dangerous one he took company along on his return. A notice in another column will explain.

On Wednesday of last week, Mr. D. C. Herrin and Miss Maggid Howell were married at the residence of the bride's mother (Mrs. Kate Howell,) in Ashland, Rev. W. G. Simpson officiating.

Compare the nominations by the Democrats and those of the Republicans for Circuit Judge and District Attorney and if you regard for fitness, honesty and capability we have no doubt as to the result.

The Yreka "Union" says: The C. & O. railroad company has issued orders to clear the right of way as far north as Fish Rock, fifty-six miles south of Yreka. Col. Scobie and his force of masons have left Portugeese Flat and are now quartered at Southern's.

Col. John L. Burns, the well known traveler for the liquor house of E. Martin & Co., will be here on Monday next to interview his many customers. His present trip has been a grand ovation, citizens of each town he visits meeting him both on horseback and on foot, all desirous of dealing with him.

A petition pledging the signers to support E. D. Foudray as an independent candidate for Justice of the Peace for Jacksonville precinct is in circulation here. Rather a peculiar way of getting a nomination.

Newman Fisher, our present county Treasurer, and candidate for re election has gone to Klamath county. Chewaucan is no longer in this county so we suppose he went there on other business besides politics.

K. Kubli started northward on Tuesday's train to buy more goods for his store here and to represent Jacksonville Lodge No. 10, I. O. O. F., in the Grand Lodge to meet at The Dalles on Monday next.

Wm. L. Bilger and family are with us again on a visit. Willie is still traveling for Thompson, DeHart & Co. of Portland and will continue on his travels in a few days leaving his wife here for a short stay.

The prize fight back of Little's store the other day was declared a draw but one of the principals and his second got knocked out in one round all the same. Outside bets were declared off and no money changed hands.

If the would-be State Printer will furnish us the original copy furnished by a prominent Democrat and unavoidablycrowded out of his issue last week" we will publish it free of charge together with necessary comments.

The Republican convention to nominate a county ticket meets here to day when a strong ticket will no doubt be placed in the field. They have splendid material to select from and the strongest men should be put forward.

We had numerous visitors from Ashland this week as witnesses in the prize fight trial of George Edwards. Logan's picture of the fight assisted the District Attorney to some extent in sending out subpoenas for witnesses.

Hermann is the man for Congress. Just notice what he has done for the State of Oregon in securing appropriation for our rivers and harbors The expenditure of $600,000 will give employment to many of our workingmen

A general meeting of the stockholders in the Timber Gulch Mining Co. was called for last evening to consider further operations. The letting of a contract to carry on the work was to be the main object of the meeting.

Mr. Flood, of the "Prohibition Star," thinks the "prohi" ticket will poll 4,500 votes next month. This estimate is based upon reports of active prohibitionists throughout the State to the central management of the party.

Samuel Daniels, the California horse buyer, left Ashland April 30 with eleven head of mules and about the same number of horses for the California market. He sold his fine Norman stallion to David Horn of Henley, Cal., for $1750.

Roberts and O'Neil saved the fruit in their orchard near Medford by keeping up a fire during the cold night—bonfires of oak wood and half-dry barnyard manure on the windward side of the orchard. They will have abundance of peaches.

Mr. J. E. Housten of Ashland has been suffering from being poisoned from eating canned blackberries.—Eugene Correspondent. Pennoyer says he didn't do it and Cornelius has no reason to resort to such base methods to get the governorship.

After a jury trial in the case of the State vs. George Edwards, indicted for prize fighting, a verdict of acquittal was rendered on the first ballot, and Stover and the others indicted were in consequence also discharged. Nine indictments were found on this case.

The Willow Springs postoffice has been closed by order of Postmaster General Vilas—another movement in the way of retrenchment and reform. Taxpayers can look for quite a reduction in taxes—five mills on the dollar at least—on account of this change.

Billy Rice, freight and passenger agent for the O. P. R. R., was in town again the other day interviewing our merchants. He expresses himself well pleased with the patronage received from Southern Oregon and says all merchants will soon be convinced that this is the cheapest route to ship by.

In speaking of the Democratic ticket our cotem says that all the candidates can stand the Jeffersonian test. We asked for some of that brand at McKenzie & Chale's this week and found it to be the poorest whiskey they had in the house, and we hereby extend our sympathies to the aforesaid candidates.

The nomination of Wm. Priest for School Superintendent is very favorably received and he will distance his competitor, whoever he may be, for there is no Republican teacher in Jackson county whose qualifications will compare with his.—"Times."

What think ye, you Republican pedagogues?

The fact that Nickell makes the county clerk's office the headquarters of his script operations—a kind of broker shop with the county books under his thumb for reference—under the present administration, will not help the chances of the present incumbent of the office in the coming election.—"Tidings."

Grant's Pass is to have a brewery. Mr. Fred Grob, of Jacksonville, is one the parties interested and has been engaged this week in digging the cellar. The building is to be 18x36 feet and will be located on the banks of Gilbert creek. It is to be hoped the proprietors of this institution will manufacture a better quality of malt liquors than the rest of the brewers in Oregon.—"Courier."

At the annual meeting of the stockholders of the Ashland bank, held last week, the following officers were elected for the ensuing year: President, W. H. Atkinson; vice president, F. H Carter; cashier, E. V. Carter; board of directors. W. H. Atkinson, Thomas Smith, F. H. Carter, Henry Ammerman and E. V. Carter.

C. R. Shaw, agent for O. J. Salisbury the well known mail contractor, was here yesterday trying to sub-let the mail route from Grant's Pass to Crescent City for which they were the successful bidders. Efforts were being made to get Pat McMahan to take it but no satisfactory arrangements have yet been arrived at.

H. T. Bragdon and John Roach have a ledge in the Wagner creek district which yields better prospects in free gold than any other ledge of any size in the county. They have uncovered it for a long distance and have sunk a shaft twenty five feet deep. The rock is a dark discolored quartz, and yields fine gold which seems to be carried throughout the rock with great uniformity.

An immense crowd of people were in town on Saturday last—Jews together to attend the Republican primaries and the Democratic county convention. The Republicans had no trouble at their meeting but the feeling in the Democratic camp was not quite so harmonious altogether no blood was shed and low mutterings of these dissatisfied was all that could be heard. Taken altogether it was a very orderly and gentlemanly crowd and we ask them all to call again.

Wm. Carll and family were in town this week taking a farewell of their numerous friends and neighbors, prior to their departure for Lakeview, Lake county, where Mr. Carll has mail contracts to occupy his attention for the next four years. We regret their loss and congratulate Lakeview on Mr. and Mrs. Carll's accession to its society. We wish "Billy" success and prosperity in his new enterprise. Travelers can rely upon being expedited over his routes, if good teams and careful drivers can accomplish it.—"Roseburg Plaindealer.

General Manager Towne, according to the S. F. "Call," gives assurance that the railroad company expect to carry passengers to Bailey's, or Lower Soda Springs, by the end of July next, bringing the terminous to within 51 miles of Yreka, instead of 71 miles to Slate creek, as at present. It is the intention to keep right on with the work, as the immense force now indicates. Scobie's force may be expected in this county within a month or so, as their work must be prosecuted in advance of the road building, in the way of culverts and bridge foundations.—"Journal."

A juvenile hanging bee occurred in town on Friday last. Several little "kids," assembled to lynch little Charley Springler, hung him to a beam and were gyrating gleefully around their victim as he swung, black in the face and about ready to climb the shining steps, when Mr. I. Hansen, who fortunately had business there at the moment, frustrated the tragedy. It seemed impossible for the lynching spirit to disgrace itself, but it did catch an extra shade of infamy that time! When children begin lynching it is time for men to stop. The boys, however, had no intention to kill their companion, being too young to see the serious nature of the thing.—Adams, Or., "Times"

It was expected that when Manager R. Koehler returned from New York we should have some railroad news, but thus far no newspaper reporter has been able to gain from him any information concerning the probability of a resumption of construction work on the O. & C. extension. Whether or not the proposed transfer of the Oregon & California road into the hands of the Central Pacific has been consummated is not stated, but it is believed the matter is still pending There is no intimation of any immediate preparation for work, and the probabilities are that we shall learn nothing important till Congress adjourns and the status of the O. and C. land grant is determined for another year.

A correspondent of the Redding Free Press visited Ashland recently, and thus gives his impression of the town: "Ashland is certainly a neat, clean little city. It contains many elegant buildings, public and private. The churches and schools are models of excellence. A sort of religious air pervades the place; with only two saloons the thirsty soul has a tough time. The people impress one with a sleepy, lazy, you must wait till I'm ready feeling that is quite rasping to the nerves of a Californian who wants to be off at 5:30 o'clock in the morning. The place is beautifully located on the northern slope of the Siskyous, and from Nob Hill (It has a Nob Hill, too) one can see the Cascade mountains away to the east."

Only Half Alive.

There are hosts of men and women who, to coin a phrase, are only half alive. That is to say, they have seldom if ever any appetite, are nervous, weak, fidgetty and troubled by numberless small pains and aches. In the presence of vigorous, exuberant vitality they seem mere pigmies. Such persons are usually fond of frequently dosing themselves, swallowing in the course of the year enough drugs to stock any apothecary's shop of average dimensions. This, of course, defeats instead of furthering the end in view, viz., the recovery of health and vigor. Were they to seek it from an unfailing source of vitality, Hostetter's Stomach Bitters, how different would be their case. Then vigor would return to their debilitated frames, the glow of health to their wan cheeks, their trembling uncertain gait would grow firm and elastic, appetite, that grandest of all sauces, would give a relish for the daily food, were it ever so coarse, and refreshing sleep would crown the tasks of the day.
