# OREGON SENTINEL.

JACKSONVILLE: SATURDAY, MAY 22, 1886.

INSANE .- A young man named J. N. Barber, from William's creek, Josephine county, was examined before the county court this week and pro nounced inrane. He was taken below by Rev. Wm. Pullen.

ENTERTAINMENT .- An entertainment will be given by the pupils of St. Mary's Academy on Saturday, May 29th. The exercises, which are to take place at the Hall of the U.S. Hotel, will commence at 7:30 o'clock P. M. The programme will appear next week.

A CALL TO TEMPERANCE WORKERS. -Having been appointed by the State Temperance Alliance to organize county Alliances, auxiliary to the State Alliance. I hereby make a call for delegates to meet in Ashland in the Baptist church 1 P. M., Saturday 29th, mst., for the purpose of affecting such organization. Each temperance society of any kind, and each church and each Sabbath school in the county is entitled to send one delegate to said meeting. It is hoped that as many temperance workers as possible will be present and lend their aid to the work. A. M. Russell, Chairman.

Ashland, Ogn., May 19, 1886.

WILLOW SPRING'S MAIL SERVICE .-A few days ago orders were received at Willow Springs discontinuing the mail service between this place and Willow Springs. The announcement was a suprise to both places. Upon investigating the matter, it was learned that the service was discontinued upon the representation of a small petition en-dorsed by Tony Noltner and Mr. Rags dale. Southern Oregon has already suffered much in our mail facilities by the present administration, but when it is known that an old plaid out poli tion of Portland has been using his influence at Washington to again reduce our mail service, would seem as though it was adding insult to injury. We would respectfully say to Mr. Noltney that we are fully competent to attend to our own affairs without his assistance, and that the people of both as postmaster. It is called Tolo. places would be highly gratified if he would attend to his own business. We

service will be re established.

A CARD .- Having been informed by port is being circulated to the effect that if Capt. H. Kelley is elected to the office of District Attorney that the office would still belong to me as Kelley and I were partners in law and for that reason I would control the business of the office. I wish to say in answer to this that no law partnership ever at any time existed between Mr. Kelley and myself, while as a matter of fact, I have been associated with Mr. Kelley, as an attorney, in quite a number of civil cases which did not interfere with the duties of my office, other attorneys to-wit: Judge Hanna, wants the people of this district elect same as I have been associated with Judge Prim, James R. Neil, C. W. Kahler and in fact all the attorneys in this district. And I would further left for Oakland, Cal., this week. Ben say in regard to the assertion, or any collusion between Capt. Kelley Carrie will remain for a time. and myself as to the District Attorneys office is an utter unmitigated falsehood. Capt. Kelley is a gentleman, a lawyer and a Republican. I am a Democrat and propose to carry out the Jeffersonian principle of Democracy to the letter, when I go to the polls on the 7th day of next June and cast my vote. And thanking the voters of this first judicial district of Oregon for their support in electing me to the possition for three consecutive terms, I am truly a Democrat and simply make this explanation that justice may be T. B. KENT.

VERY SAD AFFAIR -On Monday afternoon of this week Eddie Mc-Mahon and Willie Grob went up to Gulch to take a swin. Ramsdell was at the dam when the boys arrived and as both were small he asked them if they could swim, they replied no, and he advised them to keep away from the "gate" as the water there would be over their head. Both promised and Johnny left to go to work. After this according to Willie Grob's story both boys undressed and went into the reservoir. After a short time Grob got out and dressed and the McMahon boy refusing to come out the former said he would leave him there, which son. he did. Willie came home at once and when the Grob boy stated that he trip. had left his companion in the reservoir a party of citizens started for the usene at once to make a search. Ar riving there they found the boy's clothing on the bank proving conclusively that the boy had been drowned. The gate of the reservoir was opened at once and when the water had run an inquest was held after which he He was the property of Doug Morgan "Monitor." was taken to the residence of his par- when he died. ents. The inquest was held by Justice Foudray Dr. DeBar acting as Cor oner, H. Klippel, Chas. Prim, J. H. Huffer, John Orth and George Beck as jurymen. Their verdict was in accordance with the above facts. Both Mr. and Mrs Pat McMahon were ab sent from town at the time and parents can imagine the shock they received when notified of the sad occurence. Edward Daniel McMahon was Fourth of July in the grove near deck of the steamer Twins and then 11 years and 21 days of age at the Jones & Otten's store. We would like to know, why our bridge should cost twice as much as the Grant's Pass bridge.

It appears that the notorious "exhibit" of the county finances, was free ly published at the tax payers expense, undoubtedly for electioneering purposes; then why not publish an itemized exhibit of the disbursements in building the Rogue river bridge. Only Half Alive. There are hosts of men and women who, to coin a phrase, are only half alive. That is to say, they have seldom if ever any appetite, are nervous, weak, fldgetty and troubled by numberless small pains and aches. In the numberless small pains and aches. In the presence of vigorous, exuberant vitality they seem mere pigmies. Such persons are usually fond of frequently dosing themselves, swallowing in the course of the year enough drugs to stock any apothecary 's shop of average dimensions. This, of course, defeats instead of furthering the end in view, viz., the recovery of health and vigor. Were they to seek if from an unfailing source of vitality, Hostetter's Stomach Butters, how different would be their case. Then vigor would return to their debilitated frames, the glow of health to their wan checks, their trembling uncertain gait would grow firm and classic, appetite, that grandest of all sauces, would give a relies for the daily food, were it ever so coarse, and refreshing sleep would crown the tasks of the day.
