

OREGON SENTINEL

JACKSONVILLE SATURDAY, June 26, 1886.

COMPLIMENTARY.—The Eugene City papers all compliment Prof. J. W. Merritt of this place very highly for his address at the commencement exercises and say that for composition, depth of thought and oratory it has never been excelled in the State.

LOST.—About three weeks ago somewhere near the Galls creek bridge a bundle containing a mattress, two comforters, a pair of boots and several other articles. The finder will please return the same to this office or to Wm. Bybee when a liberal reward will be paid.

A. O. U. W. ELECTION.—Banner Lodge No. 23, elected the following officers last evening: M. W., N. Fisher; G. F., W. H. Parker; Overseer, H. Kelley; Rec., J. A. Wilson; F., Max Muller; Receiver, K. Kubli; G., J. G. Birdsey; L. W., F. Luy; Trustee, T. B. Kent; Medical Examiner, G. H. Aiken.

AN ASSIGNMENT.—J. C. Whipp, our local dealer in marble work, this week made an assignment to A. H. Magley for the benefit of his creditors. His liabilities amount to something between \$2,000 and \$3,000 while his assets figure up near \$4,000. His inability to collect money due him for work is said to be the cause of his failure and he expects to come out all right before long.

AFFIRMED.—In the case of Colver and Dollarhide vs. P. W. Ollswell action for damages on account of the killing of Lewis Colver some time since by Mr. Ollswell the decision of lower court has been affirmed by the Supreme Court thus ending the matter in the Courts and no damages will have to be paid. The case of Dollarhide vs. O. & C. R. R. was also affirmed by the Supreme Court.

SUNDAY FISHING.—J. C. McCully and Henry Pape jr. together with a sufficient amount of feminine sweetness, went to Phil Gleaves' place on Applegate last Sunday on a fishing excursion and the crowd returned with 97 fine mountain trout. Returning home in the evening they landed the fish and young ladies safely at their residence and then drove the team around to Pymale's barn. The hostler there unhitched the team but when he tried to lead the horses away it was found that one tag was still fastened which scared the team and the next few minutes the horses played circus in the street regardless of what the expenses might be. The damages amount to one demolished wagon and three sections of Jerry Nunn's fence partially destroyed. No insurance.

ANOTHER MILL.—C. K. Baeumle yesterday bought the quartz machinery owned by Messrs. Beckman and Klippel and Mr. Klippel will go to San Francisco in a few days to get the balance of the machinery required to make it a first-class ten stamp mill to be placed in position and ready for work in three months. The site selected for the mill is where the old Bauen mill formerly stood. Mr. Baeumle having purchased the ground and water right of Messrs. Curtis and Pape yesterday. He has an excellent prospect from his mines close by and by the time the mill is running will have enough rock on the dump to run right along. Mr. B's father and brother will arrive in a few days and will assist in the management of the mill and mine. Charley says that he will either make this scheme work or bust the baker.

JOINED THE MAJORITY.—On last Wednesday evening shortly after seven o'clock Edward Wilkinson and Miss Flora Orh were joined in the holy bonds of wedlock at the residence of the bride's parents Rev. F. X. Bianchet tying the knot according to the Catholic ceremony. Only the relatives and a few of the most intimate friends of the contracting parties were present at the ceremony but when that was over a large number of their friends dropped in to extend congratulations. The Jacksonville Cornet Band was also on hand at once and tendered them a serenade when all were invited to partake of wedding cake and champagne. An hour or more was then spent in wishing the newly married couple the best of success in life and a safe journey to their new home in Eastern Oregon when they took carriage for Medford to catch the evening train accompanied by a number of their young friends from here. In company with their many friends we wish them a long life of prosperity and happiness.

The latest indications are that the next legislature will be republican in both branches, with about 12 majority on joint ballot if any such ballots are to be taken.

Wm. A. Owen, deputy internal revenue collector for this district, has been paying Lake and Klamath counties an official visit this week returning home last Thursday.

Quite a number from here will go rustivating at Cinnabar soon after the Fourth. If this place could be reached by wagon it would soon be the most popular summer resort in Oregon.

Last Monday was the longest day in '86 and the shortest night of '86 followed, there being only one hour of absolute darkness, from half after 11 o'clock p. m. to half after 12 o'clock a. m.

In the museum at Washington is a pike which belonged to old John Brown and a gun taken from Jeff Davis when he was captured. They are labeled "the beginning and the ending."

The residence of J. G. Birdsey was discovered on fire on Monday last originating from a defective fuse. A few buckets of water applied in time prevented a conflagration and no alarm was given.

John Van Dyke is very low and was not expected to live several days this week. A tumor caused by accidentally cutting himself in the groin with a knife is the original cause of his illness.

Miss Emma Montel, the queen of colored vocalists, is with McKanlass' jubilee company, and she will sing "Coming Thro' the Rye" Wednesday, June 30th, at the U. S. Hall. Don't fail to hear her.

The people of Benton county have by their vote decided that swine shall not run at large. The law takes effect in sixty days from the date of notice by clerk. The penalty of violating the law is five dollars, to be collected in a civil action in the name of the State before a Justice of the Peace. The penalty goes to the school fund.

We seen two fine gold bars the other day weighing a fraction less than \$500 this being the result of a clean up at L. D. Brown's mill from rock taken from the Swinden ledge below Willow Springs. About 50 tons of rock were crushed making the yield near \$10 per ton. The owners have a bonanza without a doubt.

Since the political excitement has died out several of our business men are again agitating the project for building a branch railroad from Jacksonville to Medford or Central Point. The estimated cost of building and equipping the road is from \$16,000 to \$17,000 and it is believed that the road will pay running expenses from the start. If such can be done the road should be pushed through at once.

J. C. Whipp of the Jacksonville Marble Works is kept busy manufacturing tombstones, monuments, etc., for different portions of the county, and is giving general satisfaction, as he turns out first class work at reasonable rates. His designs are the latest and material the best, so that those desiring to mark the last resting place of deceased relatives and friends should give him a call, for he will certainly please them.

The Christian Church at Portland gives the public a number one excursion from all points on the O. & C. R. R. to the sea by rail and the justly celebrated steel steamer, Olympian, and return home for only \$11 from all points south of Roseburg, a trip of 110 miles to the Cascades of the Columbia thrown in for only fifty cents extra while in Portland. Tickets are good for seven days. The excursion takes place in the Fourth at Portland.

Archbishop W. H. Gross and Rev. Father Fierns, of this city, left yesterday for Baltimore, Md., to be present at the conferring of the Cardinal's cap upon Archbishop Gibbons, which ceremony takes place on Wednesday next, the 30th inst. They will return in about a month and will probably be accompanied by Cardinal Gibbons, who will invest Archbishop Gross with the pallium, other dignitaries of the Catholic Church will be present. The Cardinal may be detained for some time, but will surely visit Portland this summer. Father Fierns came here twenty-six years ago from Belgium and has all this time labored incessantly in the interest of his denomination. This is the first visit East since he came to Oregon.—"News."

RAILROAD ITEMS.—A correspondent of the Anderson "Echo," of Shasta County, writing from Berryvale, says Chief Engineers Ho-d, Brown, Stroubridge, Sisson and Scobie have visited Berryville, and announced that the railroad will be completed to that place in December next. The "Echo" man is too previous.

The frequent heavy blasts at the railroad grading above Southern's, has been rather annoying to teamsters, whose teams become frightened, although the bosses endeavor to fire the blasts when teamsters are not in sight, or in the morning and evening. One of Vance & Walbridge's teams was badly scared last week, causing a smash up and loss of one horse, but the railroad company paid all damages.

The railroad force under Scobie, from what we can learn, expect to winter at the canyon about half way between Soda Springs and Sisson's where the tunnel men will also be employed. There will be at least three months work on the foundations for the bridge crossing at Sacramento river, near Soda Springs, where the crossing is made on a curve. The road between the county line and Strawberry Valley, extends back again a long distance in order to secure a good grade, over the rough section of country to be built through.

Some 40 or more railroad men, principally surveyors, are now at the canyon between Strawberry Valley and Soda Springs, surveying the location of road, so as to have it laid out for the tunnel men, stone masons and graders as they progress northward in this county after the 1st of August.—"Journal."

GOOD SHOWING.—Of the seven students that graduated at the State University last week three of them had from Jackson county. The Eugene City "Register" speaks of them as follows at the Commencement exercises: The first upon the list of graduates, Mr. Geo. W. Dunn, spoke from "Reform, our national safeguard," and each principle enunciated was endorsed by the audience as sound. Mr. W. H. Gore spoke with more than usual force and clearness upon "National aid to education," and while it is a subject upon which much may be truthfully said on each side, he seemed to carry the sympathy of the audience in favor of the proposition.

Mr. Frank A. Huffer spoke upon "Radicalism vs. Conservatism" and also pronounced the valedictory in a masterly and attractive manner. Indeed, while much praise was accorded to each of the graduates, Mr. Huffer was the special favorite. Flowers in great quantities were carried up and laid at the feet of the graduates by the juniors, from their many friends and admirers.

THE SURVEY OF CRATER LAKE.—The three boats intended for use in sounding Crater lake are finished. The sounding apparatus is being made at Smith Bros. & Watson's, and will be fitted to the boats. This done, they will be brought down to Ball's boat house, foot of Stark street, Monday morning where the public may inspect them. On Tuesday they will be shipped south. The road from Medford to the lake is blocked for miles by fallen trees; so a contract was made to carry the boats by wagon via Linkville and Fort Klamath. This will take about ten days. The boats have to be lowered from 1000 to 1500 feet to the surface of the water, and tackle for that purpose will be taken along. The party will be absent until September.—"Oregonian."

LONG TELEGRAPH CIRCUIT.—Last Sunday evening the Western Union telegraph company worked a direct wire between Portland and Washington, distance of over 3000 miles. Connection was made by the way of Helena, St. Paul, Chicago, Pittsburg and Baltimore. Five hundred wires were sent from here inside of forty minutes, which is fast work for such a long circuit. On Tuesday night the same circuit was worked successfully. The operators say they got Washington just as well as they usually do to Chicago. Repeaters were used at Helena, St. Paul, Chicago and Pittsburg.—"Oregonian."

RECOVERING.—Gen. John E. Ross, who was seized several days ago with a dangerous attack of palpitation of the heart, is fast recovering. He is strong enough to be driven out, and in a few days will leave for the coast. Gen. Ross was probably the greatest Indian fighter among the militia men of the Northwest coast. The savages could not kill him and though he is past three score and ten, he is still able to fight disease, though he had a very close call two weeks ago. May the brave pioneer see many more years of peace and comfort.—"Oregonian."

SNARE BITTEN.—On the 7th inst, the eldest son of D. P. Bikerback, aged 12 years, living on Deer creek Josephine county, was bitten on the finger by a rattlesnake. With rare presence of mind the boy wrapped his finger about the bite and walked home. Our informant, J. A. Wilson, says the boy was doing well at last accounts, and will doubtless come out of it all right. He was kept under the influence of liquor all night.—"Courier."

At the race-track near Yreka Jas. Sutherland is training the noted "Siphon," 6 years old, who had such a close contest with the Hambletonian mare, "Jane L." at Portland one year ago. Al. Peacock has charge of L. Swan's. Kate, 6 years old, McDonough's Sleepy Kate, 7 years old; Delia H., 3 years old, and the 2-year-old filly Susie H. and Adina.
