

OREGON SENTINEL

JACKSONVILLE, OREGON

SATURDAY, July 10, 1886.

LOST—About three weeks ago somewhere near the Galls creek bridge a bundle containing a mattress, two comforters, a pair of boots and several other articles. The finder will please return the same to this office or to Wm. Bybee when a liberal reward will be paid.

DISCHARGED—O. Weaver of Forest Creek was this week arrested on complaint of Richard Cook on a charge of assault with a deadly weapon. The case was tried before Justice Hubbel on Thursday last when the complaining witness failed to make out a case and on motion of District Attorney Kent the defendant was discharged and the costs taxed up to the informant.

PROMPT PAYMENT—The Pacific Mutual Life and Accident Co. of California, through Mr. Donald Ross, gen. agt. Portland Ogn. forwarded to Mr. E. E. Gore agent for Jackson Co. a check valued at \$1573, to cancel the policy which the late Mr. Thos. F. Beall held in said company. The claim is not due till the 28th inst. but the company made it a rule, years ago, that prompt payment, was the true success to business and have kept this rule in force, and will continue to.

A CONTEST—The docket and other books belonging to the office of Justice of the Peace for this precinct are still in the hands of E. D. Foudray no demand for them having yet been made by J. P. elect Hubbell. The eligibility of the latter is the point in question and Foudray says he is going to be Justice of the Peace until he finds out why he is not. A case will no doubt soon be made when we will be informed as to which of the boys they are.

ASHLAND BUSINESS CHANGES—Tallent & Hopkins & Coburn have entered into a copartnership, to carry on the mercantile business in Roseburg block. Robert Hatfield and D. D. Harris have gone into partnership in the boot and shoe business, and will shortly open a complete stock of goods in that line in the store in Old Field house building recently vacated by H. Blount. Mr. Hatfield will go to San Francisco to purchase the new stock.

OUR NATAL DAY—The Fourth of July was duly celebrated on the 3d at Ashland Phoenix and Eagle Print, and on Monday the 5th Phoenix Print, Gold Hill and Grants Pass did honor to the occasion in the same way. At Ashland the rain interfered somewhat but everything passed off well nevertheless. All the celebrations were well attended. Jacksonville did not celebrate this time but next year a celebration will be held when everybody is invited to come and make it the greatest success of all.

DISTRICT VOTE—The following is the vote of this judicial district, as canvassed by the Secretary of State: Circuit Judge, Webster—Jackson, 1,041; Josephine, 489; Klamath, 427; Lake, 311; Neil—Jackson, 1,057; Josephine, 410; Klamath, 158; Lake, 168. Total for Webster, 2,318. Total for Neil, 1,793. Prosecuting Attorney, Colvig—Jackson, 1,235; Josephine, 474; Klamath, 310; Lake, 230. Total 2,249. Kelley—Jackson, 908; Josephine, 474; Klamath, 277; Lake, 249. Total 1,863. Webster's majority over Neil, 525. Colvig over Kelley, 386.

A SUCCESS—Our new quarter mill is now an assured fact and will be in working order just as soon as it can be placed in position. Messrs. Baumale-Klippel & Co. are widening the old mill race, and as they ask no bonus from any one building it entirely on their own capital, some of the old croakers around town may just as well cut expressing their opinion that it will not be built because they will only be out the same amount in either case. The mill is built especially to work the Johnson and New Eldorado ledges, but may do custom work if their time will allow.

BONDS FILED—The new county officials filed their bonds at short time, which were approved at the adjourned term of the County Commissioners' court, held on the 30th ult. to wit: W. H. Parker, County Clerk, bonds \$10,000. K. Kubli, John Orth, J. Hanley, J. Nunan, and A. H. Magley surties. B. W. Dean, Sheriff, bonds \$10,000. John Orth, Dr. DeBar, K. Kubli, J. Nunan, and A. G. Several days since the owners of Telegraph, the Eugene horse, put up \$125 as a forfeit for a race for \$250 a side with Quebec, the California racer. The event was to be a dash of a quarter of a mile. The Eugene folks continued to hear such wonderful reports concerning the abilities of Quebec that their courage commenced to waver. Saturday was the day named for putting up the other \$125 and the backers of the horse with the electric name failed to come to time and so Quebec won \$125 without the formality of running for it.—Portland "News."

A LEGAL PROBLEM—The case of Ol Weaver was called in Judge Hubbell's court on Thursday last. District Attorney elect Colvig was present and appeared and prosecuted the case. Colvig appeared on time at the trial but informed the Court that he would not prosecute the case as he had not yet received his certificate of election and in consequence had not been sworn in. Mr. Kent then appeared and found out that he was prosecuting Attorney still and appeared in the case as such with the result as elsewhere stated. Telegraphic correspondence began at once, when it was found that Mr. Colvig's certificate had been mailed at the same time the Judge Webster's had been sent and that the one to Colvig was directed to him at Grant's Pass. Mr. Colvig's failure to find out what was the matter with his certificate of election, in time to qualify for the office, is a matter that he will now be called on to explain if he wants the place as we learn that T. S. Kent our present Prosecuting Attorney has filed a protest against his taking office or holding the office until having complied with the law. We copy from the general laws of Oregon the following which reads plain enough for any one to understand. Sec. 1. There shall be a district attorney for each of the several judicial districts of this state, a district attorney from each of such districts, who shall hold his office for the term of two years, and until his successor is elected and qualified. Sec. 2. The term of office of district attorney shall commence on the first Monday of July, next following the election of such attorney, and before entering upon such office the person elected thereto must qualify himself, by filing with the secretary of state, his certificate of election, with an oath of office endorsed thereon, and subscribed by him, to the effect that he will support the constitution of the United States, of this State, and faithfully and honestly demean himself in office.

In the matter of the petition of R. Koehler, receiver of the O. & C. railroad, concerning a contract for cartage, Judge Deady made an order in chambers, authorizing the receiver to contract with the Oregon Transfer company on the terms of its bid for the cartage needed by the railway company during the coming year. The terms of the contract are that the Transfer company is to haul all freight coming in on the O. & C. for 40 cents per ton and all going south, which has to be picked up around town, for 60 cents per ton. Special rates are provided for lumber, hay, machinery, etc., and there where desire can send their freight. So there is no longer any monopoly in this freight handling for the O. & C.

He is straight forward in all his dealings, and his guests and patrons can rely on fair and honest treatment in every particular.—"Monitor."

The Democracy in the banner county of Jackson seem to be trying to make the offices fill the wants of the people and in consequence we have two District Attorneys and two Justices of the Peace. The "Jeffersonian" test—not the cold water cure—will probably have to be called on to decide who is entitled to the fees.

A squad of ten men from H. company, 14th U. S. Infantry, under command of Capt. Geo. M. Davis, passed south a few days since, en route to Crater Lake. Capt. A Wise Reform. The habit of administering medicine in powerful doses, as an antidote to malarial diseases, was once dangerous and common. Happily this practice has undergone a wise reform. Not only the public, but professional men have adopted, not wholly, of course, but largely, Hostetter's Stomachic. As a safe and reliable substitute for the pernicious alkalioid. The consequences of change are most important. Now fever and ague sufferers are cured—formerly their complaints were only for the time relieved. If cured—the remedy eventually failing—produce any appreciable effect, except to make the patient feel worse. The wise reform, persistently followed, breaks up the malarial poison in its stronghold, and the whole household medicine is of no ambiguous nature, but positive and satisfactory, and its source whence it proceeds are very pure.
