OREGON SENTINEL.

JACKSONVILLE

SATURDAY, August 28, 1886.

TELEGRAPH CHANGE.—On Sept. 1st the telegrapgh office will again be moved to the SENTINEL office with Frank Krause as manager. Chas War of Ashland will run the lines to make the change.

GOOD SHOWING.—R. S. Dunlap, our local freighter informs us that Jacksonville merchants have 86,000 pounds of freight on the next train requiring over $900 in freight money. This completes Mr Dunlap's first year of hauling and he has promised to give us the sum total for our next issue.

SAD ACCIDENT.—One day this week while Oliver Vincent of Sam's valley was hauling wood near his place the rope attached to his brake bar broke, the sudden jar throwing him to the ground and striking on his head, his neck was broken. One of the hind wheels of the wagon also passed over his body but the first fall was no doubt the cause of his death. Deceased was over 50 years of age and leaves a family

Following is the penalty clause of the Oleomargarine Bill: Every person who knowingly sells or offers for sale, or delivers, or offers to deliver, any oleomargarine in any other form than in new wooden or paper packages as above described, or who packs in any package any oleomargarine in any manner contrary to law or who falsely brands any package denoting a less amount of tax than that required by law, shall be fined for each offense not more than $1,000 and be imprisoned not more than two years.

LECTURE APPOINTMENTS.—Prof. Crowhurst, grand lecturer of the I. O. G. T. and one of the most succesful lecturers ever employed in the temperance field in this State, is now in Josephine county, and will be in Jackson soon. His appointment in this county are as follows: Medford, Saturday, Aug. 28th; Ashland, Sunday and Monday, Aug. 29th and 30th; Talent, Aug. 31st: Rock Point, Sept 1st; Sam's Valley, Sept. 4th and 5th; Jacksonville, Sept, 6th and 7th; Phoenix, Sept. 8th. After that time he will lecture in Klamath county.

ACCIDENTLY BURNED.—Last Monday morning Mr. J. D. Whitman fired some straw and rubbish near the old house where the late William Justus was killed, and after wetting down the grass and putting out the fire around the house, left, supposing all was safe. About noon, however, the wind kindeled the fire in the grass, which conducted the fire to the building. When first discovered it was too late to save anything, and the house which has stood for so many years as a land mark is now in ashes.—[Monitor.

RELIGIOUS ITEMS.—Rev. J. R. Roberts preaches at the Neil creek school house on Sunday at the usual time.... Liberal Sunday school and Bible class meets every Sunday at 11 o'clock A. M. at the U. M. L. Hall, Talent.... Rev. F. X. Blanchet will hold services at the Catholic church in this place on Sunday at the usual time.... Rev. F. X. Blanchet will hold services at the Catholic church in Eagle Point on the first Sunday in September.... Rev. J. A. Slover will hold a protracted meeting at the Grange hall on Williams creek, commencing on Friday, Sept. 3d. Everybody is invited to attend.

A JUSTICE'S FIRST CHARGE.—"Gentlemen of the jury, charging a jury is a new business to me, as this is my first case. You have heard all the evidence, as well as myself; you have also heard what the learned counsel have said. If you believe what the counsel for the plaintiff has told you, your verdict will be for the plaintiff; but if, on the other hand, you believe what the defendent's counsel has told you, then you will give a verdict for the defendant. But if you are like me, and don't believe what either of them has said, then I'll be d—d if I know what you will do. Constable, take charge of the jury."—Exchange.

COMING WEST.—Discouraged farmers preparing to leave Illinois, A special from Centralia Illinois. says: "The drought and the failure of the wheat crop, which have occurred for several years in succession, and the unprecedented ravages of the chinch bugs have induced the farmers to form themselves into a colony for the purpose of removing in body to Oregon. Forty families have an organization, at Walnut Hill, with a president and secretary, and are corresponding with railroad for cheap rates." This party is now on its way out here, and is being headed toward this country by H. H Ragan, formerly with Caldwell Becker & Licke, and Johnson Lunn & Co., of Salem.

THE INDIAN SCARE.—Jack Adams who was down from Sican valley this week, says that the Indian scare up there might have been a great deal worse if the Klamath agent and police had not arrived just as they did. The Indians claim the whole valley is on their reservation, whereas, but about one-half of it belongs to them. A few bucks came over from Yanix with their war paint on and ordered the men who were building fence and haying, to quit work. The hands and vaqueros in the valley, all came together and stood guard for four nights, or until Agent Emery and the police arrived. They killed five head for the West Bros., and the police arrested an Indian named George, and old Plush they took from here, but they were both soon discharged, as there was no evidence to convict them. West Bros. have laid there claim, for payment of the five cattle, before the goverment.—[Lakeview Examiner.

Prof. John B. Farley has been engaged to teach at the Drake school house on Applegate. Mr. Farley's services as teacher are always in demand and the district that gets him is to be congratulated.

One of the rumors of the day is that the terminus of the O. P will be placed between Yaquina City and Newport on railroad land. The lay of the land is much more favorable for building a good sized city.

Being short-handed in the office this week, occasioned by sickness and other causes, is the only excuse we can give for the appearance and delay in getting out this issue of the SENTINEL. We will make amends hereafter.

E. B. Colwell, Collector of Statistics for Bancroft's History of the Pacific States, is here and will remain in Jacksonville for some time gathering statistics for Bancroft's works. His headquarters are at the U. S. Hotel.

Cutting has geen released from his imprisonment in Mexico, and that war cloud vanishes; but now comes the news that Prince Alexander, of Bulgaria, has been deposed and his Kingdom begs Russian help. Europe is intensely excited and the war cloud is now transferred from this continent to that.

"Mamma," said Johnny, still smarting from a shingle application, "is the roof of anything on top of it?" "Of course it is," she said shortly. "And don't shingles always go on the roof?" "Certainly, they do." Then Johnny was silent quite a while. Finally he said, in a quivering voice: "Mamma, ain't my roof upside down?"

Secretary Endicott promised Congressman Hermann that he would not take any action looking toward the abandonment of Fort Klamath during the recess of Congress, and would await the return of the Oregon delegation for consultation before deciding. But one company will remain at the post the coming winter, it is understood.

Wm. J. Kendall has made himself notorious by successfully swimming the whirlpool in Niagara river in a cork jacket at the place where Capt. Webb lost his life about three years ago. Kendall gets $1000 of a $10,000 bet by some Boston parties. Kendall says he does not want to make another trip through those mad waters

Several hoodlums from the outside "made Rome howl" one night this week. Besides riding through the streets at a furious pace they tore off a number of pickets from the fence in the southern end of town and wound up in Merritt Belliger's water-melon patch where they tried themselves in seeing how much damage they could do. Warrants are out for their arrest and they will learn a lesson when they are called on to settle up.

Gen. J. G. Wall and daughter, of Crescent City, were the guests of B. F. Dorris a few days, leaving for Astoria yesterday to visit Capt. Flavell. About twenty years ago the ship "Warren" was wrecked at the mouth of the Columbia river, and of 80 persons on board but nine were saved. The nine agreed to meet as often as once every three years for a reunion until they should all have passed away. Gen. Wall and Capt. Flavell are now the only survivors, and we can but partially realize what a mingling of joy and sadness will characterize this meeting.—[Eugene Register.

Every year, says the late Hon. David Davis in a letter to an eastern literary paper, "every local paper gives from $100 to $500 in free line, for the sole benefit of the vicinity in which it is located. No other agency will or can do this. The editor, in proportion to his means, does more for his town than any other ten men, and in all fairness, man with man, he ought to be supported, not because you may happen to like him or admire his writing, but because a local paper is the best investment a community can make. It may not be brilliant with great thoughts, but financially it is more of a benefit to a community than preacher or teacher. Understand me now, I do not mean morally, or intellectully, but financially, and yet on the moral question you will find the majority of the local papers on the right side of the moral question. To day the editors of the local papers do the most work for the least money of any men on earth. Subscribe for and advertise in your local paper, not as charity, but as an investment.

ROCHESTER, Aug. 17.—William Camp, of Lockport, has been in this city arranging for building a passenger steamer to run the Niagara rapids. The boat will be built of oak, iron and copper; will be 90 feet in length by 21 feet in width, with the ends built after the style of a ferry boat. It will be a double propellor, with seperate engines fore and aft. Gas will be used and there will be no smokestacks, masts and rigging to make the boat heavy. On either side of the boat there will be a large copper air chamber. A company has been formed with $100,000 and the boat will be ready to begin running early in the summer of 1887.

PIONEER REUNION.—The following programme has been arranged for the ensuing reunion of the Pioneer Society of southern Oregon, which takes place Thursday, Sept. 9th, at Jacksonville: The procession will form at the town hall at 10 o'clock A. M., under the direction of Gen. John E. Ross, marshal of the day, and proceed to the courthouse, where the exercises will take place, and while en-route the procession will be reverseed and a general hand-shaking indulged in. Program me....1. Music by the Jacksonville Silver Cornet Band....2. Song by the choir....3. Prayer by the chaplain, Rev. M. A. Williams....4. Song by the choir....5. Reading of memorial resolutions on death of members of the society....6. Dirge by the band....7. Oration by B. B. Beekman....8. Pioneer song written by Mrs. Jane McCully, will be sung by the audience....9. Dinner....10. Occasional address by members of the society, etc. Everybody is invited to attend.

RAILROAD ITEMS.—Owing to the bridges above Bailey's not being completed sufficiently to be safe last Thursday, as expected, the time for moving up to the new station at Cedar Flat, was postponed to Monday of this week, on which date the agent, Conroy, was ordered to move up, and establish the new terminus. Unless this order is countermanded, trains will hereafter run up to that point, shortening the stage travel about 11½ mile, and give us our mail a little earlier than heretofore. As soon as the terminus is extended to strawberry Valley, the staging will be reduced to about 12 or 14 hours.

Scott & Co. have started up their extensive saw mill above Uncle Dick's and will soon make a clearing in the sugar pine, cedar, Oregon fir and black oak forests in that vicinity in furnishing bridge timbers, lumber and ties for the railroad company. A man named Stewart, with a large force, also has a contract for 1,000,000 of square timbers for bridging and trestle work to keep them busy all winter.

Five more carloads of Chinamen were hauled up to the railroad front from below last week, and more hands are being set at work all the time, which indicates that the railroad managers mean business in crowding the road to a finish as fast as possible. —[Yreka Journal.
