APRENTICE WANTED.—J. C. Whipp wants a young man as an apprentice in his marble works that will stay until he learns the trade. A boy from the country preferred.

DESIRE.—The Citizens of Medford and vicinity made application to the County Commissioners last term for a bridge across Bear creek near that place but the petition was denied. Our heavy indebtedness at present time is the cause of the denial.

PRIVATE SALE.—Mrs. N. Fisher of this place is offering her entire household and kitchen furniture for sale, consisting of parlor and bed room sets, a first-class piano, carpets, etc. The above will be sold very low, and those desiring anything in this line should call at once.

GRAND JURY.—The following grand jurors were empaneled for the September term of the circuit court for Klamath county: J. F. Kerteborn, foreman, W. H. Menhennett, Isaac Wilton, J. Owen, Sr., Henry Vincent, J. W. Doten, S. G. Ogle. No indictments had been found up to Tuesday.

ANOTHER REDUCTION.—Merritt is selling Boys School Suits 5 to 11 years at \$2.00. Boys School Suits 11 to 17 at \$2.00. Youth's Suits Breast 33 to 37 inches at \$8.00. Mens' Suits \$10.00 and \$12.00. Four Button Cutaway Suits, Fine Goods, at \$25.00. These goods were bought in the East and cannot be excelled in quality and price. Golden C Sugar in barrels at 6 cents. At Merritt's Cash Store.

TAKE NOTICE.—The 3d annual meeting of the Sunday School Convention for Jackson, Josephine and Klamath counties will be held at Jacksonville, October 6th and 7th. Workers from abroad will be present. All persons interested in S. S. work are most cordially invited to be present and assist in the work of the convention. Programme will be issued soon—free entertainment free for all delegates. G. F. BILLINGS, Pres.

RELIGIOUS ITEMS.—Rev. F. H. Post will hold services in this place on Sunday next. Elder M. Peterson will hold divine services at Central point on Sunday, at the usual time. Rev. F. X. Blanchet will hold services at the Catholic church in this place on Sunday at the usual time. Liberal Sunday-school and Bible class meets every Sunday at 10 o'clock a. m. at the U. M. L. Hall. Rev. A. R. Bickenbach will hold services at the Presbyterian church in this place next Sunday, both morning and evening.

JURY LIST.—The following is the list drawn for the October term of the circuit court, which convenes on the first Monday in said month: Alonzo Long, W. B. Finney, Wm. Addison, O. Ganiard, Franklin Cox, Jas. Buchanan, C. Mingo, G. W. Hamlin, J. T. Bailey, A. Betz, B. A. Knott, Keller Fields, A. H. Masey, Ira Kime, J. W. Hays, T. J. Kenney, R. E. Drum, Levi Gartman, Wallace Bishop, J. W. Merritt, Fred. Barneburg, Chas. Hoff, Polk Hull, T. J. Husser, Percy Foster, J. W. Baker, J. C. Barke, G. G. Eubanks, W. H. Newton, A. Inyart, W. U. Baltimore.

SHIPMENT OF MINING MACHINERY.—Portland is beginning to feel the good effects of the mining development in the Northwest, and the iron workers here are receiving numerous orders for mills and machinery. Yesterday L. D. Brown shipped a five stamp mill, engine and boiler to his Southern Oregon mines. When this is in operation he will have altogether ten stamps running on the Swinden ledge. The stamps weigh 800 pounds each. The mill and engine were manufactured by the Smith & Watson Iron Works. Prof. Clayton's process of amalgamating will be employed, and silver plates be used instead of copper.

RAILROAD ISSUES.—The Preliminary surveys have reached Preston's about two miles from Ridge wood, and the head party of the right of way forces, is at Keyser's just this side of Strawberry Valley. It is now stated that the terminus will be at Battleville for the winter, and that the winter quarters of the railroad company will be established there. It is reported that no surveying will be made through Yreka, the surveyors claiming that Yreka is seven miles out of the way. This means that Yreka is off the line running to mouth of Willow Creek, but is on a better and shorter route via the Anderson grade, which may be too expensive to suit.—Journal.

MECHANICS' FAIR PREMIUMS.—The Mechanics' association have just issued pamphlets containing the rules and regulations, and the premium list for this year's fair. Heretofore, exhibitors have been unable to tell what sort of a premium they would receive in case they were successful, and at the end of every fair, there has always been a little dissatisfaction. Now an exhibitor knows what he is to compete for: a diploma, a silver medal, a grand silver medal, a gold medal, or a grand gold medal. More than 100 exhibitors have already engaged space, and there is no doubt that every inch of room will be taken. The railroads will make more than customary reduction in fares, and a feature for interior points will be special fair days.

The Yreka "Journal" says: The railroad company intend putting up a fine hotel at Berryvale, which will be conducted by Sisson, but it will not be finished before next spring. Town lots will also be laid out in same vicinity, and offered for sale.

It is said on our streets that J. B. Dessell and James Connell have ousted the bigoted China doctor from their claim and sold the same to George Simmons, Chas. Decker, Peter P. Payne, and Thos. T. Gilmore for \$16,000. This is a good claim.—(Courier).

It was currently rumored on the streets yesterday that Joseph N. Fox, President of the Oregon Improvement Company, had been appointed Collector of Customs for this district. As President Cleveland is off in the woods fishing, the rumor was generally set down as a sort of a campaign fish story.

[News.] A late device for swindling farmers, we learn from an exchange, is a powder sold by paramulating agents as "pulsomum," which is warranted to keep fruit or grain stuff fresh for any length of time. The farmer who purchases it, however, loses a portion of his greenness with great forthwithness.

John B. Rohrer, one of the pioneers of Siskiyou county, died at the hospital in Yreka last Friday afternoon, in consequence of repeated amputations of one of his limbs, made necessary by the progress of mortification. He was a native of France, and about 56 years of age. He leaves a widow and five children, and a valuable estate.

Did you look for the "black pea" under a nest shell, during the Cole's circus performance? It only cost \$5. We know of several who thought they could find it, but lost their five.—[Plainsdealer. Albany can beat that Mr. "Plainsdealer." One fellow here who had more money than common sense lost \$80 through the "black pea" racket in a few minutes.—[Albany Bulletin.]

Ben Simpson, formerly of Eugene, now postal inspector at Atlanta, Georgia, last week successfully "fired" a Republican postmaster who refused to turn over his office to a Democrat that had been appointed to the place. This is queer work for Ben, but his old friends must remember that the "old coin" can change his politics quicker than the administration can change.

[Ex.] The Board of Equalization consisting of Judge DeFrat, County Clerk Pater and Assessor Ashpole, were in session several days this week and listened to the grovels of several who thought they were treated unfairly in the matter of Assessments. The Board was still in session yesterday although very few changes were made. Report of their proceedings will be given next week.

The late ruling of the secretary of the interior in regard to the swamp lands here in this district has had the effect of discouraging to some extent many who have settled on lands of this character claimed by the state. The feeling in regard to the matter will be overbalanced, however, by road land settlers, when they learn of the steps being taken by the department in regard to this road land here—especially that part of it which is known as Indian country.—[Harney Items.]

Miss Annie Short was thrown from a buggy at Fred Schroeder's place and badly injured. She was in the buggy with Geo. Flanagan and was holding the horse while he opened the gate. A horseman came riding up at a rapid pace and scared the horse which ran away. Miss Short was thrown out, but the lines were fouled about her feet and she was dragged about 40 feet. At last accounts she was getting along nicely, but has many cuts and bruises that will require time to heal.—[Quillville City Herald.]

This is the season of the year when the newspaper man roams up and down the streets from morning until night in search of items that never happen, and on the morning of publication day the subscribers pick up the paper and utter bad words about the editor because there is not more news in it. So it is, and we can't help it. Farmers are busy with harvest. Merchants are nearly melted with heat. Mechanics are busy. Laborers are employed in the country. Doctors and lawyers go fishing. Loafers seek a quiet and shady spot and go to sleep, while the editor racks his brain to pick up items of local interest, which are few and far between.

Mr. J. McDonough, Jr., of the commission house of McDonough & Johnson, of San Francisco, was in the valley last week, looking after the crop of winter apples here, and it was he who bought Mr. Anderson's apples. He says the apples sent from one or two orchards in this valley are the best ever received in San Francisco, and thinks farmers should make a business of growing winter apples for exportation. The difficulty with most of the bearing orchards here now is that the trees are in to great variety, and the apples cannot be marketed to advantage. Orchards set out for profit should contain only a few kinds of apples, such as a body by itself. The Yellow Newton pippin, Spitzenberg and one or two other late keepers are the kinds to plant for the shipping trade.—[Tidings.]

MOSE FIRE.—Thursday morning shortly after three o'clock the citizens of Jacksonville were again called out to fight fire the place selected being the old Franco American Hotel now owned by Adam Rahl. The firemen and populace were out in good time in response to the fire bell not withstanding the late hour and good hand work was done by all hands. Three who discovered the fire first say it started where the old range stood in the rear and about the center of the building but as that had not been in use for a long time its starting was no doubt the work of incendiary origin. The flames spread rapidly and it only took a few minutes till the whole building was in flames. The efforts of the firemen were then directed to saving adjoining property which they succeeded in doing after several hours' faithful work. The Old Fellows brick on one side and the Arkansas livery stable on the other were saved by the firemen while John Orth's well and hose saved his building on the south of the fire. The old structure made even a hotter fire than was generally expected and great credit is due for the heroic work done in containing the fire in the limits mentioned a number of our ladies joining and taking the place of men in the hard work. Total loss about \$1,500. No insurance.

MARRIED.—Fred Furry and Miss Belle Cato were joined in the holy bonds of wedlock at the residence of the bride's parents last Wednesday night with only relations present, Rev. A. R. Bickenbach officiating. Fred and Belle, while not old in years are old timers in Jacksonville society nevertheless and leave many friends here who wish them long life and prosperity in their new relations. They will make their home in Eden precinct where they will settle down as farmer and farmer's wife.

THAT BRIDGES MATTER.—At the last meeting of the County Court David Linn, W. C. Duley and Thos. Mee were appointed a committee to examine and report on advisabilities of purchasing one or both of the Rogue River bridges and thus make them free. They are so close together that it seems to us one would be enough till our finances improve. The gentleman named will report at the regular term.

REWARD OFFERED.—On Sept. 6th a small book containing an Odd Fellow's withdrawal from Shiloh lodge No. 50 of Shiloh Arkansas, and belonging to T. Shattuck, was lost somewhere between here and Medford. Both the book and contents are useless to anyone else and the finder can secure a liberal reward by returning to this office.

WARNING.—Having been annoyed till further appearance ceases to be a virtue, I hereby give notice to the boys who are in the habit of breaking, stealing grapes and destroying property in general, that I will prosecute by law each and every one guilty of such acts after this date.
