TOWN AND COUNTY.

THE WHEAT CROP.—A large yield per acre, of wheat, is shown by a return of Mr. E. B. Lewelling, of Spring Water precinct, in this county. Mr. Lewelling this year raised from one and a half acres of ground, ninety-one and a half measured bushels of white winter wheat, which weighed 6,222 pounds—or sixty-eight pounds to the bushel. This is from ground in Clackamas county, and we rather strongly incline to the belief that it cannot be beat. We hope it may never be said that this is not an agricultural county. While speaking of wheat, we may as well mention the fact to our readers, that notwithstanding the efforts made by speculators early in the season, to "bear" the San Francisco wheat market, prices have recently appreciated very fast, and a choice article now commands \$2 per 100 lbs., with a firm market. Purchasers of both wheat and flour, are now in Oregon, buying for the export demand of California. What have those papers to say to this, which raised the cry that prices must remain nominal, for the want of tonnage?

OREGON LEATHER BELTING.—Mr. John Scram of this city is employed upon a piece of leather belting for the Woolen factory, which would be a credit to the largest belting manufactory in the Union. The length is about 90 feet, width 11 inches. It is made from Oregon leather, produced at the tannery of Mr. Thomas Armstrong. This belt furnishes another evidence of the fact that our State is able to produce all that she requires for her own home wants, and that the raw materials may as well be manufactured here as they are sent to other States.

GOOD TEMPLARS.—F. G. Evans, W. S. Williams Lodge No. 15, I. O. G. T., informs us that the following officers have been installed for the current quarter: J. A. Smith W. C. T.; Mrs. Mary Diller W. V. T.; F. G. Evans W. S.; Miss H. Dillman W. T.; H. T. Daily W. I. S.; A. Rhodes W. M.; Mrs. A. Newman W. F. G.; P. Shannon W. O. G.; Miss H. Francis W. R. H. S.; Miss Mary Hancock W. L. H. S.; D. C. Hatch W. A. S.; Miss Addie Good W. D. M.; D. K. Clifton W. C.; C. T. Lacey P. W. C. T.

KILLED.—A few days since a small Indian child, while straying about in the vicinity of High street, fell from the bluff, and was almost instantly killed by dashing against the rocks in his fall. Several accidents of this nature have occurred since the foundation of Oregon City, and now that the "upper story" is becoming rather densely populated the time is approaching near when it will be necessary to erect a substantial fence along the rim of the bluff, for the protection of life and limb.

CHANGE OF PROPRIETORS.—As will be seen by a card elsewhere, Mr. E. Payne, long and favorably known as a driver on the overland mail line, has purchased the Gea in this city and now offers a good assortment of stimulants for the inner man. Mr. J. C. Mann has also become sole proprietor of the Fashion Billiard Saloon, and Mr. George Haas, at the "Shades," deals largely in the No. 1 article. After a personal inspection of the stock of these gentlemanly proprietors we recommend them all.

ACCIDENTALLY SHOT.—We have to record another painful accident which occurred on Sunday last near this city. As a well known Indian named Claycock was preparing to start out deer shooting his rifle was discharged by accident, and the ball took effect in the left shoulder of a Mr. Wm. Stone, proving nearly fatal. The Indian, sadly grieved at the misfortune, generously proffered his horse in payment of the physician's charges.

JAIL DELIVERY.—On last Wednesday John Lee and a half breed named LaMar broke jail in this city and escaped. One other inmate of the same cell, remained untrapped of the departure of his mess mates, until morning. The fleeing parties have not been re-taken. It is no very hard matter to break out of the Clackamas county jail—a fact which our County Commissioners will no doubt soon be required to regard with an appropriation.

DISCHARGED.—In the matter of the State of Oregon vs. W. H. Black, accused of assault and battery, defendant was tried before Justice Moore, on Thursday, by jury. The jury could not agree, being five for acquittal and one for conviction. Yesterday, after a second hearing, defendant was discharged, and costs assessed to plaintiff.

WINTER WEATHER.—On Saturday last of this region were visited with a regular down East thunder and lightning storm. It came up very suddenly, at the close of a beautiful fall day. Since then we have alternate showers and sunshine. The roads must be very bad, and yet, we are getting our mails overland from San Francisco in six and seven days.

A GALA DAY.—The Clackamas Base Ball Club leave for Portland this morning at 8 o'clock, to play the return match in that city with the Pioneers. We trust that everything may pass off as pleasantly as was the case when the Pioneer Club visited our city, and the Clackamas "boys" may come out victoriously.

COMPANY "E."—Capt. F. O. McCown, late of Company "E," First Oregon Infantry, informs us that members of that Company, who were enlisted for three years—and were honorably discharged—are entitled to \$100 dollars bounty, under the late act of Congress, B. Kiffin, Esq., of this city, will attend to their applications.

COMMON COUNCIL.—The regular monthly meeting of the City Council for November, Dr. F. Barclay, Mayor, presiding, was held on last Monday evening. An ordinance imposing a tax of \$50 for keeping a wharf in the city, was repealed. Other matters were of minor importance.

Flax Cotton. On the first page of to-day's issue we give place to a very able and lengthy paper by Hon. Chas. Jackson, of Providence, Rhode Island, regarding the adaptation of flax-cotton to cotton machinery. We publish this document for a double purpose. We wish to show to the agriculturist that there is really more value to be derived from a crop of flax than they may be aware of; and we wish to invite the attention of our manufacturers to the fact that the article is well adapted to cotton machinery. In case the new factory now being "talked up" is built here the ensuing year, it may possibly be erected under a general incorporation for manufacturing purposes, which would benefit not only the working of wool, but cotton and flax. To this new incorporation the paper may be of some value.

Mr. Jackson is a prominent gentleman, and he is one of those who have labored indefatigably with the Society for the Encouragement of Domestic Industry, in Rhode Island, and to his efforts in this respect the country is greatly indebted, for the accomplishment of cottonizing flax in the United States. The statistical portion of the article to which we allude is important. There being power sufficient in this place to drive all the machinery spoken of as being in operation in Great Britain, we hope at no distant day to see some of it converted to such uses.

Aside from the pecuniary inducements to engage in the business of manufacturing linen fabrics, especially when it can be done with a set of machinery adapted to the purpose of making cotton goods, there is another aspect in which it should be viewed, and that is, the relation which the consumption of flax would bear to the prosperity of the State. It should be the aim and effort of every individual to develop and bring into successful operation all those industrial pursuits which tend to people our State, and make it prosperous, and independent of other, and more especially of foreign nations.

THE OREGON CITY POST OFFICE.—We are pleased to state that the Post Office in this city is about to be made a first class office. The money order system will be introduced here soon. The amount of labor to be performed at this post office is nearly as large as that of any other office in the State, while the pay, or emoluments, are much less. This is the "distributing" point for various sections, and the daily mail, from the north and south, requires that the Postmaster be constant in his attentions. We believe that Mr. Kelly has given general satisfaction to the public in the capacity of Postmaster, and we shall certainly rejoice to see him better paid for his services.

ANOTHER METEORIC SHOWER.—Every body has read or heard of the great meteoric shower of November 13, 1833. On that occasion the whole heavens were illuminated with celestial fire-works from about two o'clock until daylight. Professor Newton, of Yale College, announces that a similar display of meteors will probably occur on the morning of the 13th or 14th of November 1856, sometime during next week. Such a rare phenomenon awakens a deep interest among all classes of persons. Preparations to observe this sublime spectacle, for scientific purposes, have already commenced in Europe. And all, who in any country are fortunate enough to be witnesses of such an extraordinary sight, may well congratulate themselves.

RESUMED.—As will be seen by reference to the card of Prof. Rufus, in another column, that gentleman has finally determined to remain in Oregon City, and has resumed his class here. This decision cannot but be highly satisfactory to those of our citizens who prefer his abilities in the instruction of their youth upon the piano, and of course his pupils will be greatly pleased.

BARLOW. CONSUMPTION! An Interesting Letter. Very few persons, even among physicians, would have been willing upon any terms to have been in the condition of looking back on the following letter, written on the 14th of February last. I will anticipate somewhat his report of the facts by saying that on the 15th of August he made a visit, in the city of Portland, Maine, to the residence of Dr. Bourne, and proved all things, has sufficiently tested this case, and shows that neither relapse nor collapse have followed, the cure is perfect, and can be repeated in any case of similar cases the result of my improved mode of treating diseases without medicine. G. M. BOURNE, No. 10, Masonic Temple, Post Street, SACRAMENTO, April 30, 1856.

Dr. G. M. BOURNE—Dear Sir:—It is with pleasure and satisfaction that I now let you know of my good recovery from that terrible disease which has passed through, it seems as if I had been lifted from the grave, and I think it my duty to acknowledge to you and the world the benefit I derive from your water treatment as administered by you in your celebrated baths. It was in August 1854, when disease developed itself with a severe cough. I then took medicines, getting worse with each successive dose of strength, and was pronounced consumptive. This set me to thinking, and finally I determined to leave my business and go to the Sandwich Islands, having been informed that I might not be cured here. I went to San Francisco, and while waiting for a ship called upon Dr. Bourne, who stated that a trip to the Islands upon which I could not go, would be wholly unnecessary, as I could be speedily cured at his establishment. I placed myself under his treatment, and in one week was able to suit patrons. In addition to the above pattern including the BUCK, HENRY CLAY, HEARTHSTONE, WESTERN EMPIRE, GREAT REPUBLIC, BLACK KNIGHT, &c. Roofing and Jobbing of every description done to order, in a manner that cannot fail to suit patrons. In addition to the above may be found a good assortment of Hardware, Woodware, &c. C. W. POPE & CO. Oregon City, Oct. 1856.

C. W. POPE & Co. DEALERS IN STOVES, Pumps, Lead Pipe, Hose, &c. AND MANUFACTURERS OF Tin, Copper, and Sheet Iron Ware! Main Street, Oregon City. Our assortment in this line is large, and will be found to embrace almost any desired pattern including the BUCK, HENRY CLAY, HEARTHSTONE, WESTERN EMPIRE, GREAT REPUBLIC, BLACK KNIGHT, &c. Roofing and Jobbing of every description done to order, in a manner that cannot fail to suit patrons. In addition to the above may be found a good assortment of Hardware, Woodware, &c. C. W. POPE & CO. Oregon City, Oct. 1856.

C. M. KESTER, Engineer Central Pacific Railroad. Advised by the undersigned, Mr. James Campbell, of the Central Pacific Railroad, (who was then in a most deplorable state of ill health) placed himself under the care of Dr. Bourne, the Water Cure Physician. Some six months afterward he visited the city when I accidentally met him at Dr. Bourne's establishment, and am happy to say, restored to the enjoyment of good health, and in fine spirits. JOHN SULLIVAN. Dr. Bourne treats all diseases of the throat, chest and lungs,—which includes Asthma, Bronchitis, Whooping Cough, Consumption, pleurisy, croup, &c.,—with great success. Great relief is afforded in advanced stages of consumption. Rheumatism, paralysis, neuralgia, fever, ague, dropsy, &c. &c., are also cured quickly, pleasantly and economically. No medicine whatever. Dr. Bourne takes the liberty to publish the above as many persons had prophesied his relapse into his former condition, on returning to his duties, of the writer of an "Interesting Letter," whose statements concerning the cure of a well defined case of consumption have recently attracted so much attention to the Water Cure, as improved upon and practised by Dr. Bourne. This additional testimony must prove a satisfaction to all reasonable minds. It should be remembered that Dr. Bourne uses no medicines whatever, and that his patients almost universally are those who failed to receive relief from the medical practitioners; yet they are cured with great rapidity, and in a pleasant and agreeable manner. No. 10, Masonic Temple, Post street entrance.

C. M. KESTER, In the line of READY MADE CLOTHING! WHICH WILL be furnished in Lots, at Wholesale or Retail, to suit customers. Having facilities to keep employed from Thirty to Forty Operatives! All orders can be filled on short notice. C. M. KESTER. Oregon City, October, 1856.

Send or call for a circular of recommendations, references, certificates of cures, &c. which are not bogus, but given by well known and responsible individuals. No. 10 MASONIC TEMPLE, Corner of Montgomery and Post Streets SAN FRANCISCO. Entrance on Post street, adjoining the Grand Portal. RHEUMATISM! Throughout this Coast a great deal of suffering is experienced from Rheumatism: Weeks and even months of protracted and aggravated misery is endured by the victims of medical inefficiency and ignorance, which could be cured just as speedily as was Mr. SPARROW, whose testimony is given below, and is only the echo of hundreds of other cases, which accounts for his extraordinary success. No. 10, Masonic Temple, Post street entrance. Dr. BOURNE:—Last Winter I was nearly dead, by an attack of inflammatory rheumatism. I suffered the most excruciating pains for about five weeks, without any relief, when a friend hearing of my illness, called to see me, and assured me that if I would stop "drugging and dosing" and go to you, that you would have me well and about the streets in three or four days. I largely assisted myself, doing much towards dressing, and, without assistance, walked from the bath to the carriage. On the fourth day, I mounted my carriage, and walked, with a friend's aid, the entire distance to your house (nearly a mile) and home again, and so on until cured. I felt myself a well man, and now I am happy to do you this little service, of publicly certifying to the simple truth, leaving it to do its work among my friends and acquaintances as may chance to see this. Your friend, JOSEPH SPARROW.
