how it came in possession of the officers, is none of our business; but it has, we doubt Hearing that you had embarked in a not, had the effect before now to get the "Read centre" again into durance vile. The count. I thought a line from our mountain proceedings in the case promise to be interesting, and it is hoped the whole gang will be secured. The prisoners' appearance in active since the latter part of summer. court yesterday was as much as to say, "O, yes, we are caught, but no jury will convict us; and if we escape hanging by an outraged public, will bid the law defiance." It appears that the arrest was not made too soon, as Murphy advised his correspondents to "kick the furnace to h-ll." A day or two

latar and they might have destroyed much Two days after the above appeared we were informed that Murphy had been admitted to bail by a Justice of the Peace at lator, gambler, and man of no occupation | Idaho City, in the sum of \$1,000, to answer some charge connected with the bogus nings the different saloons and public business, commenting upon which the Statesman again says :

That order of the justice certainly was not well considered. It would seem that his the rattle of faro, monte, and poker checks. bonds should have been more or nothing at -all combined requiring one fresh from all. "If there is probable cause to Delieve the land of Web-foot to keep his wits the defendant guilty," a thousand dollars around or be lost in the confusion of talk | will hardly secure his attendance upon court; and if there is not probable cause, he should not have been field at all. If Murphy will commence the "practice of his profession" in Boise City we will warrant him a higher figure. In view of the past history of crime in this Territory, and of recent disclosures in the bogus dust business, it becomes a question of serious importance whether adulterating and counterfeiting dust shall be suppressed and punished as a crime against the laws, or whether it shall be winked at by the community and considered a legitimate business and sharp practice. The business is carried on to an extent much greater than, is generally supposed, and we believe is increasing. It is a well known fact that the dust in general circulation at the present time will not coin as much on an average as it did two years ago, by from two to four dollars per ounce. Every merchant knows that to be the case; no matter how well he cleans his dust it falls several dollars below what he could realize for the same class of vegetables of every kind produced. From dust when the mines was first opened. This; personal observation, standing by the we believe, is attributable for the most part thresher when working, I saw sixty-five to the greater or less quantity of bogas that is mixed with it. It is, in fact, difficult to find half a dozen ounces in circulation that does not lose in weight upon application of acids But worse than that, the art of counterfeiting has reached that perfection by which silver dust may be so effectually coated with gold as to avoid detection by the common tests of acid. The boldness and inhabited by Indians; cayotes, and-big | defiant manner of the "operators" are fur rabbits. To-day I find it filled with farms ther proof of their strength.
