CHRISTMAS FESTIVITIES.—Christmas was almost universally observed in this city, Church was exceedingly fine, we are in-formed, the church being so crowded that numbers could not gain admittance. It notice the wishful and bright countenances of the little boys and girls, as with anxithat number, yet we can imagine the exsong:

"Come, come, come-oh, do be quick & Minutes are hours, you know, The children are waiting, good St. Nick; Then why art thou so slow? Oh come, Kris Kringle,

With a jingle, jingle, While the moon shines bright and clear With a tingle, tingle, tingle, And a dingle, dingle, dingle, To join in our festal cheer."

applied to the Record, to be found at the County Clerk's office. We went there befogged, and we came away as deeply involved on the subject. Some things appear upon the records which need explanation, and as no comment of ours can possibly infringe upon the rights of any one, we shall make public the results of our research. On page 86 of the record book of 1851 appears nineteen red wafers. Page 87 is a blank. The index shows that upon those two pages was recorded January 7th, 1851, the plat of Oregon City. Before and after the blank pages 86 and 87 .ar@ properly recorded transfers of real property, bearing date January 7th, and Anuary 17th, F. S. Holland, Recorder, but the plat of Oregon City is gone. The plat which is "on file" in the Clerk's office bears no indication of ever having been attached to the nineteen wafers on page 86, but it bears an endorsement on the back of having been filed January 7th, 1851. Any person who can make a truer observation upon this foggy question, is invited to set his compass.

Your friend, JOSEPH SPARROW.

CONSUMPTION! An Interesting Letter. Very few persons, even among physicians, would have been willing upon any terms to have been in the condition of the writer of the following letter on the 14th of February last. I will anticipate somewhat his report of the facts by saying that on the 15th of August he made me a visit, "the very pic-ture of good health." Time, which tries and proves all things, has sufficiently tested this case, and shown that neither relapse nor collapse have followed, the cure is perfect, and can be cited among the scores of similar cases the result of my improved mode of treating diseases without medicine.

G. M. BOURNE, Water Cure Physician, No. 10, Masonic Temple, Post street.

DR. G. M. BOURNE-Dear Sir :- It is with pleasure and satisfaction that I now let you know of my good health. Looking back upon what I have passed through, it seems as if I had been lifted from the grave, and I think it my duty to acknowledge to you and the world the benefit I derived from water treatment as administered by you in your celebrated baths. It was in August 1864, when disease developed itself with a severe cough? I then took medicines, getting worse with chills, fevers, loss of strength, and was pronounced consumptive. This set me to thinking, and finally I determined to leave my business and go to the Sandwich Islands, having been informed that I could not be cured here. I went to San Francisco, and while waiting for a ship called upon Dr. Bourne, who stated that a trip to the Islands would probably result disastrously, was wholly unnecessary, as I could be speedily cured at his establishment. I placed myself under his treatment, and in one week was so much improved I thought I could risk reriving at Dr. Bourne's establishment (Feb. 14, 1865) I was not able to get into the bath without assistance, but in a few days I began to recover myself again. I remained with him only six weeks, when I felt a "wiser and better man," without the aid of medicine. I have sow been at work several

ically. No medicine whatever. Dr. Bourne takes the liberty to publish the above as many persons had prophesied his relapse into his former condition, on returning to his duties, of the writer of an "Inter esting Letter," whose statements concerning the cure of a well defined case of consumption have recently attracted so much attention to the Water Cure, as improved upon and practised by Dr. Bourne. This additional testimony must prove satisfactory to all reasonable minds. It should be remenibered that Dr. Bourne uses no medicines whatever, and that his patients almost upiversally are those who failed to receive relief from the medical practitioners; yet they are cured with great rapidity, and in a pleas-ant and agreeable manner. turning home and do my duty as Engineer on the Central Pacific Railroad. The Doctor objected, but I thought I knew better, and returned to duty. In about two weeks my cough returned, and I kept getting worse, and contrary to Dr. Bourne's injunction never to take medicine again, committed that folly, and soon was so completely run down that I could scarcely walk; so, as a last resort, I concluded once riore to try the Water Cure. I went to San Francisco-few of my friends expecting me to return; in fact I thought my return doubtful. On ar-
