LISSEED OIL MILLS .- The Oregonian How that alley came to be obstructed in says: Within a short time past, a company has filed articles of incorporation and organized with a capital stock of pretty old, we have not taken pains to in- be adjusted. \$800,000 ; Chas. M. Cartwright. President. | quire. That it ought not to have been al-The first assessment of ten per cent, has been paid in and the preliminary steps for building a mill at Salem, have been taken. "We learn that the company propose to build, after a while at Oregon City as well as at Salem. Last spring, Mr. Cartwright bought and furnished to several farmers of Marion, Clackamas and other adjoining counties, considerable quantities of flax

seed and experiments of growing flax seed for fibre and seed were made at several localities and on various soils. Several specimens of the growths obtained were exhibited at the State Fair, and while there was a great deal of difference in the stalks as regards fibre there was no failure anywhere to realize a handsome yield of seed. As regards fibre, the experiments produced very flattering gesults. The amount of fibre was, in every case abundant, and only the crops from the most unfavorable soils, were too coarse for wearing fabries. Some of the specimens showed fibra almost as fine as silk-a very superior article for any country. The yield of seed ranged from 13 to 30 Doushels per acre The whole amount raised by the partie has been again loaned to farmers in the same way and distributed over a much larger scope of country. While at Salem contemplation to put in machinery for the

80

manufacture of bagging and some finer company, has lately gone east to purchase the necessary machinery for the mills. He and some of the other parties have been interested in the oil business, heretofore in the Eastern States, and they know what they are about. The success of this enterprise, of which there can be no reasonable doubt, will open up for Oregon a new field of industry which cannot fail do be of vast benefit to all our people. Much of our land that is now useless for all remunerative crops, will be brought into fruitfulness, a sure crop with a home market will be offered to farm labor, and several expensive items be lopped off from our long list of imports.

THE CLIFF HOUSE .- The new hotel in this city, of Messrs. White & Rhoades, will be finally opened for business tomorrow. The Cliff House, although of landing a fire-cracker, thrown by some inness. Your friend, JOSEPH SPARROW. CONSUMPTION! An Interesting Letter. Very few persons, even among physicians, would have been willing upon any terms to have been in the condition of the writer of the following letter on the 14th of February last. I will anticipate somewhat his report of the facts by saying that on the lath of August he made me a visit, "the very pic-ture of good health." Time, which tries and proves all things, has sufficiently tested this case, and shown that neither relapse nor collapse have foilowed, the cure is perfect, and can be cited among the scores of similar cases the result of my improved mode of treating diseases without medicine. G. M. BOURNE, Water Cure Physician, No. 10, Masonic Temple, Post street. SACRAMENTO, April 30, 1865. DR. G. M. BOURNE-Dear Sir :- It is with pleasure and satisfaction that I new let you know of my good health. Looking back upon what I have passed through, it seems as if I had been lifted from the grave, and I think it my duty to acknowledge to you and the world the benefit I derived from water treatment as administered by you in your celebrated baths. It was in August 1864, when disease developed itself with a severe cough. I then took medicines, getting worse with chills, fevers, loss of strength, and was pronounced consumptive. This set me to thinking, and finally I determined to leave my business and go to the Sandwich Islands, having been informed that I could not be cured here. I went to San Francisco. and while waiting for a ship called upon Dr. Bourne, who stated that a trip to the Islands would probably result disastrously, was wholly unnecessary, as I could be speedily cured at his establishment. I placed myself nnder his freatment, and in one week was so much improved I thought I could risk returning home and do my duty as Engineer on the Central Pacific Railroad. The Doc-tor objected, but I thought I knew better, and returned to duty. In about two weeks my cough returned, and I kept getting worse, and contrary to Dr. Bourne's injunc-tion never to take medicine again, committed that folly, and soon was so completely run down that I could scarcely walk; so, as a last resort. I concluded once more to try the Water Cure. 1 went to San Francisco-few of my friends expecting me to return; in fact I thought my return doubtful. On ar-

to his care and treatment who (as they as suredly will) find relief, I will be paid for my trouble. JAMES CAMPBELL, Engineer Central Pacific Railroad. SAN FRANCISCO, Aug. 22, 1865. Advised by the understgned, Mr. James Campbell, of the Central Pacific Railroad.

(who was then in a most deplorable state of ill health) placed himself under the care of Dr. Bourne, the Water Cure Physician. Some six months afterward he visited the city, when I accidentally met him at Dr. Bourne's establishment, and am happy to say, restored to the enjoyment of good

health, and in fine spirits. JOHN SULLIVAN. Dr. Bourne treats all diseases of the throat, chest and lungs-which includes dip. theria, bronchitis, incipient consumption, pleurisy, croup, etc.,-with great success. Great relief is afforded in advanced stages of Housekeeping Goods, Curtains, Fixtures, Mats, Rugs, d.c., Notions and Fancy Goods. New Dress Trimmings and Buttons, ically. No medicine whatever.

Dr. Bourne takes the liberty to publish the above as many persons had prophesied his relapse into his former condition, on returna ing to his duties, of the writer of an "Inter esting Letter," whose statements concerning the cure of a well defined case of consumption have recently attracted so much attention to the Water Cure, as improved upon and practised by Dr. Bourne, This additional restimony must prove satisfactory to all reasonable minds. It should be remembered that Dr. Bourne uses no medicines whatever, and that his patients almost universally are those who failed to receive relief from the medical practitioners; yet they are cured with great rapidity, and in a pleas-ant and agreeable manner. No. 10, Masonig BLANKS OF EVERY DESCRIPTION, Neatly printed at the Enterprise office. | aut and agreeable manner. No Temple, Post street entrance. 329.
