REDINGTON & CO.'S o Essence of Jamaica Ginger.

"HIS Valuable preparation, containing in a highly concentrated form all the prop-erties of the Jamaica Ginger, has become one of the most popular domestic remedies for all diseases of the stomach and digestive organs. As a tonic it will be found invaluable to all persons recevering from debility, whether produced by tever or otherwise, for whilst it imparts to the system all the glow and vigor that can be produced by wine or brandy, it is entirely free from the reactionary effects that follow the use of spirits of any kind.

It is also an excellent remedy for females who suffer from difficult menstruation, giving almost immediate relief to the spasms that so frequently accompany that period. It gives immediate relief to rausea, caused by sea-sickness, etc. It is also valuable as an external application for Gont, Rhenmatism, REDINGTON & CO. Sole Agents for the Pacific Coast.
