Epiropian Sociable .- On Saturday eve ning last the editorial corps of the Oregonian establishment, with one of the trimmest teams in Portland, took McPherson of the Unionist, and self of this concern of the out for a pleasant drive over the McAdamized road. Such enjoyments, we can assure our friends, were truly beneficial to us. McPherson lives in a region of country where it pays the livery-man to keep good stock. So does Scott and Crandall, but mercy bless us ! we have no such ies at hand, not because our livery stable keepers are not as liberal as those of Salem and Portland, but because there is not a fit route about Oregon City upon which to exercise the limbs of such animals as a fast team before a stylish carririage is to us no small matter. The people of a Parish like to see their Pastor appear well, and so ought the people of a own to like to see their editor easy in most places. We felt@hat it was a reflection upon the citizens by whom we are say rounded, when asked to get into the carrings on that memorable evening, we venmed to clamber over the back seat. We shall never forget how it amused Scott, Crandall, and Mel'herson. We felt that the sporting season had suddenly Like a sailor on shore we were like a fish out of water. Our actions at once beirayed the truth of the remark that while we understood walking first rate, riding in a cherale, no barouche, was not at all natural to us. When can we raye a public thoroughtare upon which to the mattle of Partlow's or Cram's ma: This is a question we submit to our friends.

SINULAR FLIGHT .- On Monday of last week one of the junio brothers of E. P. purpose of hunting one of his own sence gave alarm, but it was shortly enformed that there was a method in his manney. He took the treasure from the insure? sie (supposed) ind hid the keys. Crossed the Cascade range on horsebuck, arriving in this city in the almost incredibly short family name. On Sunday his brother | piete line of cooperage. A few days since Good him here, and ascertaining the date we examined samples of their work which d of the telegraph had hun arrested the facts we have been able to collect, you. that commy Fitzgerald had no intention of wronging his brother, but that his purpose ers to obtain another stock for the brother a business at idaho City, who was burned at. This much is known : that there were varia exchanged upon the subject, beween bin and the senior partner, the later holding that it was of no use to try to disc the losses that had been sustained by we descriptive fires at Idaho City, by gain investing there his palicy would e to change base, but Frank wanted to the adept. ht @ out on the old line. who is well and favorably known to most citizens of Clackamas county. has kindly offered his services to aid us in increasing the circulation of the ENTERPRISE in this part of Oregon, and while we would urge upon all citizens the importance of sustaining their county press, we wish to recommend Mr. Garrett to them, and trust that none may be found who will feel constrained to omit complying with his requests, which, taken in the proper sense, is to their own direct benefit. Clackamas county, one of the wealthiest on the coast, either in Oregon or California, has claims upon the generosity of the Government. upon the State, and upon the world at large. To properly represent these claims is our purpose and in this work we ask only such assistance from the residents of the county as will be readily accorded by all as our just dues. The ENTERPRISE bas been established but a short time, yet, age, consequently-we do not understand, within that time it has won a favorable horseback riding anyhow-riding in a car- standing in the community. We shall make no further pledges than this : That we shall continue to advocate measures calculated to be of advantage to the persons whose interests we represent. INSURANCE .- We would invite the atten-

tion of our readers to the advertisement of Johnson & McCown, Insurance Agents. They are local agents for one of the best Companies in the country. The Pacfic Fire Insurance of San Francisco, pay all losses to holders of its policies promptly. The Idaho Fire destroyed property to the amount of thousands for Mr. E. P. Fitzgerald & Co., but he had a policy in this Company for \$10,000, and as soon as it was shown that the loss had been sustained by him, he drew the funds from Ladd & Tilton. He had been insured but about ten days prior to the fire, and within twenty days from the date of his policy was paid in gold coin as before stated. On Saturday last we met Mr. H. Boyd, returning from Salem, whither he had been to pay the losses sustained by policy holders, Filzgerald, E-q., of Dalles City, hired a at the fire but a day or two previous. arse at a livery stable as he stated for Such promptness is commendable, and this company deserves the patronage of rhich had gone astray.
