Of summer's fair robes, till each fold Is ablaze with the glorious dyes As she spreads her soft pinions and flies.

Purpling the fruit-laden vine, Deepening the blush of the apple, Tinting the beech and the maple, Browning the cones of the pine, Robing the hills with bright sheen. Shading the valleys between.

Dotting the berries with red; Brightening the hue of the dahlias, Out in their shining regalias; Saftening the rose's last bed; Tipping the tree tops with fire, Sommer's sad funeral pyre.

Berald of riches in store, Radient, golden September! Well, ah I too well we remember Glorious autumns of yoge, That gilded with magic feet, Sunny and short, but so sweet!

POTATOE CULTURE.

It is a deplorable fact that potatoes for a number of years have been dis- Clubs and planting the Concord eased. A disturbance seems brought | Grape about by mismanagement in its cultiintroduction to the present time, and | States. although this tuber is exceedingly te nacious of life, we still succeed in pro- cellar in April will have harms which will still do for human food; and flour at the mill. yet the whole race is affected, and if potatoe will eventually be lost to mankind. Nature allows a consider able margin for casualties and indistriffed with. A practical farmer in Jasper county, Iowas Jas. Warren, who has been familiar with potatoe culture about 48 years, in various countries and climates of both hemispheres, says :

which shows that the disturbance was progressing even then, but not far enough advanced to cause much of a damage. The later varieties raised less seed than the early kind, simply because the preceding generation had been prematurely cut down by frost in Autumn, and from that time there mies. has been a gradual decrease, until of late years a cluster of seed balls is a novelty. Now, the potatoe being in character hermaphrodite, it is the intention of nature that each blossom should fructify itself, and others near by it-that each plant should bear Either the seed or the tubers is then in a fit condition to propagate, and not otherwise-for there is a sympathetic action going on, between and perhaps cotton. in the seed, the tubers, and all other parts of the plants during the process ples will bring most money. Rightof elaboration and assimilation of the vital principle in their proper proportions, which is to insure to both seed and tuber the ability to transmit a perfect organism to the next generation. If this natural process is frustrated in a small degree, the organism must be imperfect, and although a tribe of tubers may carry on the work of reproduction for a length of time under these adverse circumstances, their vitality must at length be expended. Fungus now takes hold, and hasters decay, when dend! simply of exhaustion. It has gold jewelry. been the general practice of farmers to make two plantings a year, the first is done so early that the shoot is cut back by frost, and the last is so the seed matures. As soon as the are of equal importance, early tubers attain the size of hickory nuts the roots are laid bare, and the plant remorselessly robbed, Being the late crop, and if they have made paid for before the gate is opened. second or even third growths-or produced seed or not-the husband-But nature says: No! If you will not bought them. exercise reason, and act in concert

omes left for seed-which is wrong. For sale at all the woolesale and retail drug stores and groceries. (3) EMIL FRESE, Wholesale Druggist, Sole Agent, 410 Clay street, San Francisco.

WONDERFUL BUT TRUE, - Madame Remington, the world-renowned Astrologist and Somnambulistic Clairvoyant, while in a clairvoyant state, delineates the very features of the person you are to marry, and by the aid of an instrument of intense power, known as the Psychomotrope, guarantees to produce a perfect and life-like picture of the uture husband or wife of the applicant, with date of marriage, occupation, leading traits of character, &c. This is no imposition, as testimonials without number can assert. By stating place of birth, age, disposition, color of eyes and hair, and enclosing fifty cents, and stamped envelope addressed to yourself, you will receive the picture by return mail, together with desired information. Address in confidence, MADAME GERTRUDE REMINGron, P. O. Box 297, West Troy, N. Y. 26:1y

A Young LADY Returning to her country home, after a sojourn of a few months in the city, was hardly recognized by her friends. In place of a coarse, rustic, flushed face, she had a soft ruby complexion of almost marble smoothness, and instead of teen. Upon inquiry as to the cause of so great a change, she plainly told them that she used the Circassian Balm, and considered it an invaluable acquisition to any Lady's nation, as Nature herself is simple, yet unsurpassed in its efficacy in drawing impurities from, also healing, cleansing and beautifying the skin and complexion. By its direct action on the cuticle it draws from it all its impurities, kindly healing the same, and leaving the surface as Nature intended it should be, clear, soft, smooth and beautiful. Price \$1, sent by Mail or Express, on receipt of an order by W. L. CLARK & Co., Chemist, No. 3 West Fayette Street, Syracuse, N. Y. The only American Agents

CHASTELLAR'S HAIR EXTERMINATOR!

For Removing Soperfluour Hair. TO the ladies especially, this invulnable depilatory recommends itself as being an almost indispensable article to female beauty, is easily applied, does not burn or injure the skin, but acts directly on the roots. It is warranted to remove superfluous halo from low foreheads, or from any part of the body, completely, totally, and radically extirpating the same, leaving the skin soft smooth and natural. This is the unly article used by the Frence, and it is the only really effectual depilatory in existence. Price? cents per package, sent postpaid to any ag-
