The testimony on this point is conclusive, and from both sexes. As a Genuine Tonic, HOSTETTER'S BIT TERS produce effects which must be experienced or witnessed before they can be fully appreciated. In cases of Constitutional Weakness, Premature Decay, and Debiit; and Decrepitude arising from old age, it exercises the electric influence. In the convalescent stages of all diseases it operates as a delightful invigorant. When the powers of nature are relaxed, it operates to re-enforce and re-establish them. Last, but not least, it is the only safe stimplant, being manufactured from sound and inocuous materials, and entirely free from the acrid elements present more or less in all the ordinary tonics and stomachies of the day.
