BREAD AND BUTTER. The girl engaged in molding bread O Shall make some sweet heart flutter, With hope to get that dairy maid To make his bread and butter.

She may not play the game croquet, Or French and German statter, If well she knows the curd from whey And makes sweet bread and butter.

In meal and cream she's elbow deep, And cannot stoop to putter; But says if he will sow and reap, She'll make his bread and butter.

 The dairy maid, the farmer's wife, Shall be the toast we utter; Alone, man leads a crusty life, O Without good bread and butter.

NATURE. Nature never did betray The heart that loved her; 'tis her privilege, Through all the years of this our life, to

From joy to joy; for she can so inform The mind that is within us, so impress With quietness and beauty, and so feed With lofty thoughts, that neither evil

Rash judgments, nor the sneers of selfish Shall e'er prevail against us, or disturb Our cheerful faith that all which we be-Is full of blessings.

LITTLE PLAID SUN-BONNET. Little plaid sun-bennet, what do you hide, Down in the grass by the sunny wall-side Any short ringlets half out of curl? Any round forehead as pure as a pearl? Any blue eyes with a laugh bubbling over? down,

Or is it a fairy head under your crown? O, Earth is bright, by the glad Summer

Millions of roses might scarcely be missed : Acres of butter-cups, growing so gay, Cause not a sigh when their gold-drops away,

destroyed,

o Earth, should you lose from your beauty and pride Just what a little plaid bonnet can hide! half of the land. One man can ride

PATENT EXCAVATOR. - Mr. Daniel new and useful excavator for loading, o transporting, and unloading earth. This excavator consists of four wheels, are filled by right and left hand plows hung in stirrups to the bed piece of the box. These plows are so arranged as to be raised and lowered by chains and levers, operated by the driver on his seat. The elevators the box, at the rate of one hundred pounds per second. The ground is unloaded by means of valves in the bottom of the box, which are opened and shut with chain and lever, also operated by the driver. This excavator is drawn by horses, and the whole operation is performed without stopping the team. Mr. Close has also invented an arsheep, which consists of a double feed trough, and each combined and so arranged as to give all stock an equal chance, in feeding every kind of feed without waste.

of Maryland and Virginia have for a crop. long time enjoyed a high reputation.
