PAINFUL ACCIDENT.—On last Wednesday afternoon, Mr. John Delany, late of Cornwall, Ontario, was suddenly killed near this city, where he was employed in getting out logs for the Portland mills. He was accompanied by a young man, son of Mr. P. M. Rineason, and was in the act of fastening a chain to the log when the log, in the purpose of rolling it from the truck, when the cable attached to the chain, started up, it is supposed catching the hand of Mr. Delany between the log and the chain, and before he could extricate his hand he was caught between two logs. The lad, seeing the position of affairs quickly started the log away, releasing Mr. Delany, but the injuries were fatal. Mr. Delany was sent for and arrived upon the ground perhaps within thirty minutes after the disaster, but all medical aid was unavailing, and the injuries were fatal in short time. The head and face were severely bruised, and the lower jaw was fractured in two places. Dr. Barclay found him comatose, and he soon died from ruptures of blood vessels of the lungs. Mr. Delany leaves an only brother here, but we understand has numerous relatives in Ontario. His age was about thirty-five years. He came to this country but recently, yet he leaves many friends who esteemed him for his energy and honorable course as a man. The remains were interred in Oregon City Cemetery on Thursday afternoon.

BAD BOYS.—Oregon City as we have before stated has numerous candidates growing up for the State Penitentiary. We caution the parents of these sons now, and by sparing the rod they are surely heaping grief upon their own heads. Our employees have suffered annoyance at the hands of these boys until a tolerance has ceased to be a virtue, and if the public authorities—or the parents of the boys—do not attend to them we shall see the matter into our very hands. We swear not to bear these insults any longer. If it has come to this pass in Oregon City that bad boys rule the public thoroughfares in day-time, what must be expected of these boys in a year or two.

CLOSED.—The iron works at Oswego "blowed out" on the 27th for repairs. These works have proven by the first run, that iron of the very best quality can be made in Clackamas county. We predict that Oregon iron, like Oregon flour, will soon command a premium in San Francisco. We should like very much to witness the erection of a half dozen furnaces by this one, at Oswego—but will say just here by way of parenthesis, that injunctions and law-suits will never build a city. Look at Oregon City for example.

SABBATH SCHOOL.—At the M. E. Sabbath School, on Sunday last prizes were awarded to the scholars who had, during the past quarter, recited the greatest number verses. Miss Mary Ann, recited 744 verses, the first prize, having recited 744 verses. Miss Georgia Pope was awarded the second prize, having recited 680 verses. Tomorrow afternoon, at 2 o'clock, a Missionary Concert will be held at the M. E. Church. Literary exercises will be had, and the public is invited.

SHADE TREES.—The spirit to plant shade-trees has started through this city, this Spring, like a contagion. In less than ten years the beauty of the movement will be more appreciated. Every man, woman and child, ought to be compelled by law to plant a tree somewhere during his lease of life, for ornament. Mr. S. B. Boyes is deservingly a voice of thanks for his energy in awakening the people of Oregon to this subject. The trees being planted are mostly maples—such as Californians should to Oregon for.

BROTHER BILL HAND. of the Mountaineers, who went to Salem last week as a delegate to the Union Convention, returned to this city yesterday en route home. He will leave to-morrow morning. Judging from the present appearance of the "Bill," he is a "candidate for"—etc., etc. He was insinuated the other day by Chief No. 2, that if he were Chief No. 1, he would say the "Bill" was a "candidate for"—etc., etc.

THE CONCERT.—A large audience responded to the notice for a concert to be given at the Congregational church in this city, last Wednesday evening. The class was under the instruction of Rev. J. W. Sellwood, and the several parts of the programme, which was composed mostly of new and rich music, were executed to the full satisfaction of the audience.

ON MONDAY EVENING. March 30th 1868. The boys of the Clackamas Base Ball Club held their first meeting. And elected the following officers for the year 1868: D. P. Thompson, President; John Myers, Vice President; P. T. Barclay, Secretary; Fred Charman, Treasurer. Geo. A. Pease, Geo. A. Harding, J. Ryan, Directors. S. D. Pope, Capt. of Nine; G. Bridges, Umpire; Col. W. L. White, Scorer.

OREGON CITY LITERARY SOCIETY.—On Monday evening, March 30th, the officers of the First Pattern Lyceum in this place were chosen and inaugurated as follows: President, Daniel B. Turner; Vice President, Isaac Collard; Secretary, H. Johnson; Sergeant-at-Arms, L. Hunsaker; Standing Committee, J. H. Hunsaker, Hiram Straight, E. Dement. Regular meeting on Friday evenings.

OTS TAKEN.—A sudden rise in the California markets, probably in consequence of speculation. Holders here are more firm, but offerings are about the same. The difficulty of shipping stands in the way of advances at home, and all prices are nominally the same as quoted last week.

CLOSING WEEK.—The present term at the City Seminary closes next Friday. We have been requested to say that the Principal desires all persons, interested in the cause of education, to call at the school any day during the week.

PERSONAL.—Our sanctum was visited by H. L. Hoyt, of Portland, on Tuesday last. Harry was the best Marshall the metropolis ever had, and if the people select him, will make a No. 1 Sheriff.

OVER \$10,000 has been expended by Frank N. West, in the improvement of the Williamson, under the direction of Col. Williamson, Corps Engineer U. S. A.

The Steamship "Albatross" will arrive at Portland on Tuesday next, and then will go on the trade between this State and Vancouver Island.

The O. S. N. Company are now running five boats about Celilo instead of three, as formerly, owing to the rush of freight.

The Oregon City steamers are filling Portland with freight, at the rate of three cargoes a day.

1. Resolved, That it is the highest duty of every American citizen to maintain against all their enemies the integrity of the Union and the paramount authority of the Constitution and laws of the United States, and to preserve at the ballot-box the fruits of the late war.

2. Resolved, That the work of reconstruction of the Southern States belongs to the legislative department of the government, and that we endorse the thirteenth and fourteenth amendments to the Constitution, and the acts of Congress commonly called, the reconstruction acts, as the best plan yet proposed for the restoration of the States lately in rebellion to their former relations to the Federal Government.

3. Resolved, That we are in favor of admitting the rebel States to representation in Congress at the earliest practicable moment which the public safety will permit. We trust they will give their early attention, and forward as the amounts immediately, and in full.

4. Resolved, That the national debt was necessarily contracted to save the national life and ought to be honestly paid, and the debt of the whole or any part of the population of the whole or any part of the debt as disgraceful to the Republic and unjust to its citizens, and that the proposition to pay in legal tender notes should be rejected in 1867, and the debt, is only a mild term for repudiation.

5. Resolved, That, under the Constitution, the Federal Government has no right to suppress the rights of the citizen, or to give allegiance to the Government, and where civil government is not overthrown by rebellion.

6. Resolved, That the right of expatriation is the natural and inherent right of all people and indispensable to the enjoyment of the rights of life, liberty and the pursuit of happiness. That the citizen owes allegiance to the Government, and that it is the duty of the Government of the United States to protect all its citizens, native born and naturalized, in the full enjoyment of their rights as citizens of the United States, wherever and under whatever color or pretence those rights may be invaded.

7. Resolved, That the foreign immigration, which in the past has added so much to the wealth, development of resources, and increase of power of this nation, the asylum of the oppressed of all nations, should be fostered and encouraged by a liberal and just policy; and that we sympathize with all people everywhere who are struggling for civil and religious liberty.

8. Resolved, That the thanks of the American people are due to the soldiers and sailors of the army and navy who have perilled their lives in defense of their country and in vindication of the honor of the nation, and that the nation owes them permanent recognition of their patriotism and their valor, and ample and permanent provision for those of their survivors who are disabled, and that the honorable wounds in the service of their country; and that the memories of those who have fallen in its defense shall be held in grateful and everlasting remembrance.

9. Resolved, That we are in favor of liberal appropriations of land and money, for the construction of railroads, and the construction of railroads.

The foregoing is a correct list of the cases on the docket at the commencement of the March term 1868 with the disposition made of them. The most important cases were not tried. It is now understood that there will be a special term of the Circuit Court held in this county in the early part of May to finish up the business.

WASHINGTON STREET. 506. MACK & HATCH, has our thanks for newspaper favors by last steamer.

—The twentieth anniversary of modern spiritualism was very generally celebrated throughout the country on the 31st.

—The telegraphic news is unimportant. No definite action has occurred in the proceedings of the Court to impeach Johnson.

—A private letter from Yamhill county states that the feeling there is victorious in favor of Logan for Congress. That he will poll more votes in that vicinity than any other man we could have nominated.

—The Union men at Oswego are active in this campaign. To-day they will have a good time—raise a flag-pole, and listen to speeches. They are composed of the right stuff some of them, at least one we know, did not go to Vicksburg with General Grant for nothing.

The John L. Stephens, is expected to arrive about 3 o'clock this afternoon, is advertised to leave for San Francisco, on or about next Thursday.

The Brewster, Capt. Crono, sailed yesterday loaded entirely with flour from one mill at Salem.

COUNTY COURT.—Judge W. T. Matlock presiding—convenes on Monday next at 9 o'clock A. M.

CITY COUNCIL.—The regular meeting of the City Council will be held on Monday evening next.

The best brands of Oregon flour yet commended round here in San Francisco.

If you wish the very best CABINET PHOTOGRAPHS, you must call on BRADLEY & RELONG, 425 Montgomery street, San Francisco.

DECEASED. At Belpassi, March 30th, AYA, infant daughter of JENSEN, (late deceased), and JONAS THOMSON, aged 4 months and 17 days.

This Enterprise will reach Portland on Saturday of each week, and should be delivered to subscribers by their carrier, the same evening.

We have met with great difficulty, and suffered losses, in getting the paper into the hands of Portland subscribers, but it is hoped that the present arrangement will give satisfaction. All will oblige us by reporting cases of neglect, change of residence, etc., direct to the office of our Agents.

104 Front st., opposite McCormick's. Those of our mail subscribers whose subscription still remains unpaid, will observe that the "marked in pencil," after the name upon the margin of their papers. We trust they will give their early attention, and forward as the amounts immediately, and in full.

A SUCCESSFUL ESTABLISHMENT.—Among the most successful establishments in the country is that of Howe & Stevens, manufacturers of Family Dye Colors. They employ a large number of persons, and their patrons are to be found in every part of the country. Their dyes are of the best quality, never fade, are sold cheap, are easily used, and give universal satisfaction.

NOVEL ADVERTISING.—It is said that a tradesman in Ohio appends to his advertisement, "Ministers of the Gospel supplied with goods at cost, if they agree to mention the fact to their congregations." Baran Bros. have no need of such an attachment. Any person buying of them will be so pleased that he cannot help announcing the fact.

THE FIRST GOVERNORS.—A paragraph from the ENTERPRISE, giving the name, date of inaugural and term of office, of the several governors of Oregon, says a correspondent of the *Advertiser*, needs correction in some of its data. The first governor, was elected in 1858 under the provisional government, for two years; re-elected in 1860, and served until about the first of March, 1861, when Gen. Joseph Lane, the first appointee of the general government, took office. It is said that he set the dates right now then it will be years hence. The many statements regarding the dates are known and corrected. A. C. Block, at Kohn & Fisher's 31 Front Street Portland, needs no correction.

PAIN is supposed to be the lot of our poor mortals as inevitable as death, and liable at any time to come upon us. Therefore it is important that remedial agents should be at hand to be used on any emergency, when we are made to feel the excruciating agonies of pain, or the depressing influence of disease. Such a remedial agent exists in the "Pain Killer," the fame of which has extended over all the earth. Amid the eternal fires of the Polar region, or beneath the burning sun of the tropics, its services are known and appreciated. The effect of the Pain Killer upon the patient, when taken internally in cases of colds, coughs, croup, whooping cough, diphtheria, and other affections of the system, has been truly wonderful, and has won for it a name among medical preparations that can never be forgotten. Its success in removing pain, as an external remedy, in cases of burns, bruises, sprains, cuts, stings of insects, and other causes of suffering, has secured for it the most prominent position among the medicines of the day. Beware of counterfeits and worthless imitations. Perry Davis' Vegetable "Pain Killer," and like none other. Sold by all druggists and grocers.

ALLEN'S LUNG BALSAM.—The best remedy for the cure of Consumption, and all Diseases of the Lungs. It causes the pleura and matter to rise without irritating the delicate organs (the Lungs) and without producing constipation of the bowels. It also gives strength to the system, stops night sweats, and changes the blood and secretions to a healthy state. It contains no opium in any form. It is perfectly harmless for the most delicate child. It is everywhere in good demand and gives good satisfaction. The result of its use is proof of its great value. Its extraordinary healing properties are experienced by all who use it. Their testimony will be found in a pamphlet, which can be had of the agents in all parts of the world. For sale, Perry Davis & Son, Providence, R. I. General Wholesale Agents for the Eastern States.

BUCHTEL'S PHOTOGRAPH GALLERY is the only establishment in Oregon that is thoroughly prepared to do all the different styles of work in the art. Photographs from card to life size. The new Cabinet Cards, &c., &c. Small pictures enlarged, retouched in India ink—painted in water colors or oil. By Mrs. S. B. Hunsaker. All negatives taken in this gallery will be carefully preserved, that additional copies may be had. Mr. B. has now on hand a very large collection of negatives, the names of which are recorded alphabetically in a book for that purpose, which may be seen in the reception room.

M.—Holds its regular communication on the First and Third Saturdays in each month, at 7 o'clock, from the 30th of September to the 30th of March, and 7 o'clock from the 30th of March to the 29th of September.
