YOUR MISSION.

If you cannot on the ocean Sail among the swiftest fleet, Rocking on highest billows.

Laughing at the storms you meet. You can stand among the sailors Anchored yet within the bay. You can lend a hand to help them As they launch their boats away.

If you are too weak to journey Up the mountains steep and high You can stand within the valley While the multitude go by :

You can chant in happy measure

As they slowly pass along-

Though they may forget the singer. They will not forget the song. If you have not gold or silver Ever ready to command. If you cannot toward the needy Reach an ever open hand.

You can visit the afflicted.

O'er the erring you can weep, You can be a true disciple, Sitting at the Savior's feet. If you cannot in the conflict Prove yourself a soldier true,

If where smoke and fire are thicke There's no work for you to do, When the battle field is silent, You can go with silent tread. You can bear away the wounded, You can cover up the dead.

Do not, then, stand idly waiting For some greater work to do-Fortune is a lazy goddess, She will never come to you: Go and toil in any vineyard, Do not fear to do or care ;

You can find it anywhere. Appointments for the Campaign.

If you want a field of labor,

S. SMITH, the Union and Democratic can- dom.

POISONOUS VISITING CARDS. The sale or manufacture in the city of Munich of the much admired crystal ized or "mother of pearl" isiting cards has been forbidden by law. For a short time subsequent to their introduction into that city these cards had great popularity, the demand far exceeding the supply, but falling under the notice of the medi cal director of the sinitary depart ment of Munch, he caused an investi gation to be made concerning the composition of the crystallized sur face, and consequent upon the report of Professor Wittstein, to whom the examination was committed, the tabooing order was issued. Th rystallizing material, the professor found on applying the necessary tests is a soluble salt of lead, a poison the more dangerous, especially to childen, from its pleasant sweet taste,

CARBOLATE OF IODINE. The external use of iodine and its preparations, remedies whose ther pentic efficacy in certain cases can not be questioned, has hitherto been ting rid of this drawback has lately the medical profession. The remedy consists in adding to the iodine solu may be employed with impunity but the compound is rendered in trinsically a more efficacious agent than iedine alone. In sore throat, abscess in the ear, etc., this preparation is said to be a sovereign remedy, causing all local sensibility to disappear, and caring the patient much were employed separately.
