

TOWN AND COUNTY.

Me. Koney begins to feel himself quite at home amongst the "speculators." His threats to use brute force upon us, in reply to our saying that Calista deserves a cowhide for her treachery...

Another sad and painful occurrence took place in this city on Tuesday evening last. The body of Mr. Charles Logan was found in the water...

MAKING HISTORY.—The Oregon made Shore presented by Mr. Smith at the breaking of ground in East Portland, and so happily described in the address of Mr. Mitchell...

In consequence of business engagements at Portland this week, we were unable to attend the lecture of Rev. Dr. Wright on Tuesday evening last.

A course of lectures will be given at Oswego, for the benefit of the M. E. Church at that place. Rev. C. C. Stratton will deliver the opening lecture on Tuesday evening next.

Oregon Lodge No. 3, I. O. of O. F., elected the following delegates to the next Grand Lodge: J. T. Apperson, W. P. Burns, A. J. Marshall, J. M. Bacon.

The Officers of the Good Templars Lodge at Matlock School House, will be publicly installed on the afternoon of May 2nd.

Work on both lines of the Railroad is progressing. As soon as a wharf suitable to land materials at, for the East side, can be constructed, iron and rolling stock will be received at Portland.

Gov. Woods passed through yesterday en route to Salem, after an extended tour of the Eastern States.

KEEP EGGS.—Pack them in salt or charcoal with the small end downward, and keep them well fresh one or two years.

TAKING CARE OF SILK.—Apply a little magnesia to the wrong side, and the eggs will disappear.

The bark of the Live Yucca loaded with flour almost exclusively—the former taking on a lot of Walla Walla brands.

The Albany Democrat publishes a choice production on the subject of the Willamette, which we republish on the first page.

ADVICE ABOUT SETTING OUT PLANTS.—Flowers from the greenhouse should not be set out until all danger from frost is over.

PARTS AS IS PASTE.—Dissolve an ounce of alum in a quart of warm water; when cold, add as much flour as will make it as thick as cream.

GLUES ON LINES.—To restore the gloss consumed on newly purchased rollers, take a pint of water, add a quart of starch, and mix well.

TO DESTROY CATERPILLARS.—Boil together a quantity of rice, wornwood and any cheap tobacco, (equal parts) in common water—the liquid should be very strong.

WHITENESS THAT WILL NOT RUN OFF.—Mix up half a pound of lime and water, ready to put it on the wall, then take one quart of flour and mix it with the water; then pour on it boiling water sufficient to thicken it; pour it while hot into the white-wash.

GOOD FOR HOUSES.—Those keeping horses should, once a week give them a handful of salt and ashes. Mix them by putting in three parts of salt to one of ashes. Horses relish this, and it will keep them soft and fine. It will prevent bots, colic, &c.

TO CLEAN MARBLE.—Marble may be cleaned by mixing up a quantity of the strongest soap, with a little lime, and washing it with a brush and laying it on the marble for twenty-four hours; clean it afterwards with soap and water.

POOR LOOKING GLASSES.—First wash the glass all over with luke-warm soap and a sponge. When dry, rub it with a buckskin and a little prepared chalk, finely powdered.

TO REMOVE RUST FROM KNIVES, &c.—Cover the knives with sweet oil, well rubbed on, and after two days take a lump of fresh lime, and rub it on the rust disappears.

TO KEEP CIDER SWEET.—To every barrel add one and a half galls of mustard seed, which will keep it sweet for one year.

PREVENT THE SMOKING OF A LAMP.—Soak the wick in strong vinegar, and well dry it before you use it.

Weekly Commercial Review.

ENTERPRISE OFFICE, 1 Oregon City, April 25, 1865. Private advices inform us that Imperial and Standard Brands, Oregon flour, is firm at \$7.00 per 25 lbs. bbl.

The supplies received from Oregon of flour have been unusually large, and the market is well supplied. The following is a list of the flour received in the San Francisco dispatch of Thursday:

The man who wrote that paragraph is fit for the lowest black mail operations—and we will bet on it. Low priced flour does not find its way there from Oregon.
