Pissage of the mail and passenger trains or when the trees come mo tall bearing that | same Company, while he fires the most valuable so to for the right to after or amend this act, so as to

ADVANTAGES OF RELAXATION. -There are out of the mayigation of said fivers, growing out of the construction of said bridges, is hereby expressly reserved. o a few who do not take some pleasure in rec eation. "On the contrary," as some writer remarks : "Such has been the t e completion of the Dubuque and Sioux State of Oregon, at the April term thereof. Crea or's goodines that almost all our City rancoal physical, intellectual, and noral facu ties rie not only calculated to answer the pro hepresentatives of the United States of per end of our being, by sub-covency to America in Congress assembled. That the same purpose of solid usendness, but to be the instruments of adminis ering pleasure. Cur Maker also in his kindness has to constructed us that even mere vicissi tude is gra cinl and refreshing; a consideration which should prompt us often to reek, from a prudent variation of useful State," approved May infleenth, eighteen pursuits, that recreation, from which we hundred and fifty-six, be, and the same is, are upt to resort to what is altogether un extended until the first day of January. productive and useless. Rich and multi- cich een hundred and seventy two, subject plied are the springs of innocent relaxation. The Christian relaxes in the temperate use of all the gifts of Providence magination, and taste, and genius and the beauties of creation, and the works of art. licogen to him. He relaxes in the feast of relaxes, in the intercourses of so chery, in the sweets of triendship, in the last day of July, eighteen fundred and sixendearments of love, in the exercise of ty-nine, and thereafter at the rate of not less hope, of confidence, of joy, of gratitude, than tarty miles each year; and the said of universal good will, of all the benevolent and generous affections, which by the generous ordination of our Creator, while t ev disinferes edly intend only happiness or certified for said purposes more than for to others, are most surely productive to by miles in advance of the point to which ourselves of complacency and peace."

Profits of Souling .- Farmers do not suffic ently appreciate the value of cow manure. A cow will produce about 3 1 2 cords of solid manure is a year, and the Representatives of the United States of Ameri-liquid manure is equal to about three on an Congress assembled. That in the case of cords of the solid. If dry mack were such islands in the Great Miami river, in the the redemption of orders endorsed prior to used in the stables, this quantity would State of Ohio, as are undisposed of, or any be increased three-fold, making it about vacant public lands adjacent thereto, which 10 cords a year to each cow. From thes: figures, it would appear that the manure of a cow were as valuable as her milk. The farmers of this country bave not yet learned how much can be done on a lit. fifty cents per acre, on making proof of tle land. The laws of France divide the the facts to the satisfaction of the Commisfarms among the children, and it is estill sinner of the General Land Office, and paymated that there are in that coun'ry 250 - log for the land within twelve months from 000 farms less than five acres each. The farmers of this country should divide their farms with their sons, instead o' sending them abroad, and grow a large count of produce on a small breadth of find and great good would result to both old and young.

A Good Pickle for Buffer - A good Beit resolved by the Senate and House of Rep-bring smade for butter by dissolving a resentatives of the United States of America quart of fine salt, a pound of loaf sugar generals of the several States and Territo as true, and the said William A. Clark will and a teaspoonful of sultipetre in two ries be authorized to transmit through the be allowed to enter the said land. quarts of water, and then strain it on the mails, free of postage, any medals, certifibutter. Packed butter is mest perfectly cates of thanks, or other testimonials, awardpreserved sweet, by se ring the fickin in o good brine and covering it. Butter will keep a your thus. Enttermilk kept in po ter's war dissolves the glazing and b comes polsonous. Never scald strainers or milky vessels till thorough'y washed as the milk or cream will be injured by i . The best way to scald such vessels is to plungs them all over into scalding water. and then every spot is scaled. Butter will lowners under certain conditions. sometimes not come because the air is too Be it reserved by the Senate and House of Repmuch excluded from the churn.

A LESSON FOR FARMERS. -Mr. John troiler of the Carrency of addition of the Treas-Tucker, of Franklin, N. Y., twelve years uty, to revoke the order appointing a reago planted apple seeds, from which he ceiver for the Farmers and Civizen's Bank has raised an orehard of 72 trees. He was 62 years of age at the time he plant ed the seed. From these trees he last fall gathered one hundred bushels of fine ap- ing: Proceed, That said banking associapies, and his orchard has been bearing or then shall first present to the Comptroller the past five years. This fact should be satisfactory assurances that the public interan example to all young farmers to do like est will be promoted thereby, and small sewise. At the time he planted his orehard case, is such manner as the Comptroller therefre my at a time of men-would have the capital has been ampaired by losses. Appreved, March 2, 1869.
