## HEAVENWARD BOUND.

me is rushing in his chariot;  
Rapidly his wheels go round;  
Though they leave no dust behind them,  
Silently they leave no rumbling sound;  
Soon our journey will be o'er—  
Soon the friends with whom we mingle  
We shall see and hear no more;  
Soon our feet shall press the meadows  
Of the vast eternal shore.

Flying months and years remind us  
Of the world we're passing to;  
Let us leave good deeds behind us,  
In the world we're passing through,  
Which shall be the seeds of kindness  
Watered by celestial dew.

And shall bear good fruits for others,  
Fruits of joy and peace and love,  
Years long after we are singing  
In the immortal land above.

Men are born, and men are dying;  
Thousands come—not one can stay;  
Time is swift, his wheels are flying,  
Never ceasing, night nor day,  
For the laughter, nor the crying,  
Of the stricken or the gay;  
Gushing down the God-defying,  
They who lag at Death's delay—  
And from sorrow, sin and sighing,  
Bearing grief's soul-awful weight.

Plans and schemes of men and nations,  
Hearts and homes and homestead trees,  
Granite walls and Art's creations,  
All the eye delights to see,  
All the ear delights in hearing,  
Crumble, tumble, fall and fade;  
Oh! we need a world more cheering,  
Free from graves and cypress shade;  
Thanks to God! that world we're nearing,  
In eternal sapphire laid.

Maine promises to give Grant and  
Cox 20,000 majority or more.

—The Democratic papers object  
to General Grant because he used  
to chop wood for his living. In fact  
they don't like wood choppers, any-  
how. They have not yet forgotten  
that the Illinois rail-splitter split up  
the Democratic party in 1860 so  
effectually that they have never yet  
been able to pick up all the chips.

—New York has had Presidential  
candidates at five of the elections  
during the past 60 years, and in only  
one instance has the candidate been  
elected—Mr. Van Buren, in 1836.  
De Witt Clinton had 80 electoral  
votes in 1813, Rufus King 34 in 1817,  
Van Buren 60 in 1841, and none in  
1849.

—The printers of Chicago have  
organized a Coflex Club, with affili-  
ated societies in every town in the  
country in which half a dozen printers  
can be found. Stand by your crafts-  
man, says the *Sacramento Record*,  
he is the type of a patriot, and just-  
ifies our support. Stick to him, and  
when presiding over the Senate he  
will so rule as to chase our enemies  
from the land. We have a good  
impression of his devotion to coun-  
try, no man having given a clearer  
proof of faithfulness. With Grant,  
he will lead the great column of the  
Union boys to victory, and press the  
enemy from power.

—The adoption of the repudiation  
platform by the Democratic Con-  
vention, says the *N. Y. Post*, was im-  
mediately followed by a fall in Govern-  
ment bonds of about one per cent.  
Every holder of the National debt  
had his property reduced in value;  
losing, in fact, two months' interest  
on his money by this one rash vote  
of three hundred irresponsible poli-  
ticians. The total immediate loss in  
value was nearly twenty million of  
dollars. If the mere threat of a dis-  
united and powerless faction costs  
the country so much, how much would  
the triumph of such a party cost?  
Nor is there any compensating  
advantage to any person whatever;  
the loss of National credit benef-  
its no one, but is pure loss to the  
bondholder, the Nation, and the world.

—We have never had the weevil  
in Oregon, but the following bit of  
advice may be of service to our read-  
ers. We quote from the California  
*Farmer*:

FUMIGATE YOUR GRAINERIES.—As  
there has been more or less weevil in  
various parts of the State at different  
times for the last two years, and as  
there has been considerable loss on  
this account, we would suggest to  
warehousemen and grain growers the  
great importance of a thorough clean-  
ing and fumigation of all their places  
of deposit for grain, now that they  
are empty or nearly so, and thus  
prepare them for a greater safety be-  
fore the new grain is deposited. This  
we will ensure them from any possible  
loss arising from weevil, or their  
progeny, deposited in former  
years. Smoking, with sulphur and  
to tobacco will do the work effectually  
if the house is closed tight.
