STOCK POR CALIFORNIA .- The Bruns. eicker has the following:

CPCings.'s Wells & Williams' now lean eleamor, the "Bells of Oragen City," had stoam up a few days age, and was ran several times back and forth between the fells and the rapids. We were not present as the escasion, but we beamed from Bd. M. Ragan, formerly of this place, but now on his way to California, dated at Fort Kearney, flay 28, 1858, giving rather a gloomy picture of the sattle speculation, the owner of the sattle speculation. He says i "I have been told by me in who have crossed the plains every year since '48, that the grass is power to be a fast best. Her first effect effect was considered highly estimated to the constant of the loose stock was one hundred and fifty thousand head on this side of the Platte river. The emigration via Council Bluffs is said to be emigration via Council Bluffs is said to be rea considered highly enteractory. The owners emigration via Council Bluffs is said to be spect to have her entirely campleted by the latter much heavier than on this side. Every

expect to have her entirely campleted by the latter part of next week. When she will assesses here to fact week. When she will assesses here to fact to capable to expectation of her ewners in her fally met the expectation of her ewners in her fally met the expectation of her ewners in her fally met the expectation of her ewners in her fally met the expectation of her ewners in her get through a fall are rushing to get fall and the road is at rewed already with broken down cattle.

I think our company (Dick Sisk's) will get through safe. We have good teams and are taking our time. But cattle can be bought cheaper to-day out here, than they can in Missouri. Wilcoxsin, of Howard, told me a short time since, that evel of which examing he endeavered to force the f which opening he endeavered to force the he would be glad to get first cost for his by means of a rope that was tied around his drove. The fact is the business is over. The male, true to his nature, obstinately done, and atarvation is bound to be the

PERU AND BOLIVIA. - The difficulties be tween Peru and Bolivia bid fair to lead to actual war. It may be remembered that ing charged with interference in the poli-tics of the country to which he was ac-credited. President Belzu dismissed him 27 Two prisoners for the Positentiary (that is from the country under an escort; for this to be) passed through this city on Tunciny, on Paru demanded satisfaction for her Mina-their way to Pertland, the seaf for the Territoral ter, threatening invasion in case it was mort granted, in the mean time interdicting late term of the Court in Marion county, Sellers the introduction of Holivian coin, and made his coupe a few days before the meeting of lavying a transit duty of forty per cent,

President Belzu refuses to receive back the Peruvian Minister, and has said to his Government if it wants satisfaction it can come and take it.

KEEPING OF APPEARANCE.-A WOMEN IN there what the "acting Commissioner" will do with thom? A friend thinks they will have rather cold quarters in the Territorial building.

Troy, N. Y., who is under indictment for under, has her prison windows decerated with domask and lace curtains. This is keeping up a show of fashionable respections in Vocal tability under very disadvantageous cir. Instructions in Vocal

An American Quien .- It is a fact that the Queen of Spain, not long since, pro-posed to marry her daughter to one of the Bonaparte family, and thus induce France will be a credit to Oregon enterprise. She will be to obtain Mexico, as a gift, for the bride able to accommedate over 200 pass ages comfort, and bridegroom. Under Sam would for bid any such present.

Of the 53 species of four-legged animals known to exist in Australia, not one is to be found any where else; they are all residents of N. Holland exclusively, or of the adjacent islands. On the other The read to Canemah is receiving a cont of hand, the very commonest of old world.

This is an improvement that could have quadrupeds are not to be met with othermade for almost half the mency, if it had been wise than as colonists in Australia.
