Notice to the Public.—In consequence of the prevailing hard times, and scarcity of money, among all classes of men in Oregon. I have thought proper to make a deduction, in a reasonable ratio, in the price of the Strettava; and do so, therefore, in just as liberal a manner as the nature of the business will admit :—On and after the 25th day of this month, (August, 1854.) I will furnish all straterty advance raying subscribers with the Britanava at FOUR DOLLARS per annum. If It should be carefully recollected that no one is expected to ask any delay at these terms. These with whom it is not convenient to pay, in the same week their subscription commagices will be charged only the assal rates of five dollars per annum._B I do this, parily, to effect, if possible, a more prompt system of advance payment, which would save much trouble, and feel assured that it will meet the hearty approval of the people of the Territory.—C. L. Geodrich. Notice to the Public. - In consequence
